Williams,2021-05-06 This volume brings together scholars students and writers as well as artists from around the world By choosing a thematic focus on transition in women s lives we present research on women who have crossed biological geopolitical and political borders as well as emotional sexual cultural and linguistic boundaries The international approach brings together different cultures and genres in order to emphasize the links and connections that bind women together rather than those which separate them The chapters consider the ways in which the changes and transitions women undergo influence the world we live in We are particularly interested in the idea of crossing borders and how this influences identity and belonging and the theme of crossing boundaries in the context of motherhood as well as sexual orientation The topic is timely given the waves of migration all around the world in recent times The contributors deal with issues central to contemporary life such as gender equality and women s empowerment as well as understanding women s identities and being sensitive to fluid concepts of gender and sexuality Crossing Borders and Shifting Boundaries Mirjana Morokvasic,Kyoko Shinozaki,Umut Erel,2014-01-15 **Christianity Across Borders** Gemma Tulud Cruz,2021-07-29 This book offers a comprehensive exploration of key issues in contemporary global migration and considers the theological implications for Christianity in general and for Christian faith and practice in various parts of the world in particular Migrant Christians who make up the majority of believers on the move and in diaspora play an increasingly vital role in world Christianity today Drawing on cases from across the globe Gemma Tulud Cruz considers how Christians are faced with immense gifts and tremendous challenges brought by the ever increasing presence of migrants in their midst and the conditions that characterize contemporary global migration Migrant Christians themselves face multiple challenges which have been made more stark by the coronavirus pandemic The volume will be relevant to scholars of religion and of migration who are interested in a closer examination of what happens to Christians and Christianity faith communities and nation states in the age of migration **Toward a New Art of Border Crossing** Ananta Kumar Giri,Arnab Roy Chowdhury,David Blake Willis,2024-11-05 Boundaries borders and margins are related concepts and realities and each of these can be conceptualized and organized in closed or open ways with degrees of closure or openness The logics of stasis and closure as well as cults of exclusivist and exclusionary sovereignty are reflected and embodied in the closed xenophobic conceptualization and organization of boundaries borders and margins But an open conceptualization of the borderlands where mixing and hybridity take place at a rapid even dizzying pace gives rise to Creolization at the threshold of sovereignties which can also be imagined At present our border zones are spaces of anxiety ridden security arrangements violence and death The existing politics of boundary maintenance is wedded to a cult of sovereignty at various levels which produces bare lives bodies and lands We need the new art of border crossing to be defined by the notion of camaraderie and shared sovereignties and non sovereignties Border zones can also be zones of meetings communication transcendence and festive celebration of the limits of our identities Thus we need a new art and politics of boundary transmutation

**Constructing Borders/Crossing Boundaries**, Crossing Borders, 2006 **Gay Men Pursuing Parenthood through Surrogacy** Dean A. Murphy, 2015-07-01 Dean Murphy analyses how relatedness is enacted in the context of gay men pursuing parenthood and a child of one's own through both domestic and transnational surrogacy arrangements Drawing on data collected from in depth interviews with gay men living in Australia and the United States and news media the book explores how gay men enact parenthood and family life in ways that both challenge and reinforce dominant notions of kinship and masculinity These men represent an important first generation to access assisted reproductive technologies for this purpose and are part of an increasing proportion of gay men becoming parents outside a previous heterosexual relationship The findings demonstrate that men come to experience parenthood desire largely because of the new narratives and opportunities being made available to them today **Crossing Borders and Shifting Boundaries** M.
