**Crossing Boundaries for Collaboration** Stephen G. Perz, 2016-08-30 Many societal challenges defy simple solutions within the grasp of one academic discipline a single type of organization or a country acting alone Such wicked problems require collaboration that crosses social political or geographic boundaries Collaboration across boundaries is increasingly seen as a necessary way forward whether for the cases of education health care community policing or international trade At the same time collaboration poses its own challenges and what is more so too does crossing boundaries Regardless of the skill set required to achieve a particular goal collaboration and crossing boundaries make their own demands Crossing Boundaries for Collaboration brings together multiple bodies of work on collaboration across different kinds of boundaries It highlights the promise of collaborative advantage while featuring detailed discussions of the challenges involved It provides a framework for thinking about collaboration in terms of a suite of issues each with particular tasks and challenges that can be addressed via strategic practices This book also features an extensive discussion of the importance of boundaries for collaboration which recognizes that while crossing boundaries complicates collaboration spanning divides can also magnify collaborative advantage To illustrate the joys and travails of collaboration across boundaries this book takes up the case of conservation and development in the Amazon Well known for its biological resources the basin is changing rapidly and Amazonian societies increasingly demand inclusive approaches to conservation and development This book draws on firsthand experiences from direct participation in several complicated conservation and development projects that spanned disciplinary organizational and national boundaries While the projects permitted achievement of goals beyond the reach of individual partners the challenges along the way were daunting This book focuses on issues of particular salience when collaborating across

boundaries politics and inequality uncertainty and surprise and collaboration and the self It also underscores the strategic importance of investing in collaborative practice and the experience of crossing boundaries even if an initial effort fails In light of growing need to address complex problems this book provides a clarion call to collaborate across boundaries recognizing the difficulties in order to achieve the advantages Crossing Boundaries Julie Thompson Klein,1996 An interdisciplinary approach to knowledge Crossing Boundaries David W. Scott,2019-03 Mission is the practice of cultivating relationships across boundaries for the sake of fostering conversations in word and deed about the nature of God s Good News To understand the boundaries that need to be crossed the book draws on the concept of context Women Crossing Boundaries Oliva Espin,2013-08-21 First published in 1999 This book looks at the consequences of border crossings and immigration on women and their culture and sexual orientations Espin demonstrates how deeply sexuality language and gender affected by this large life change with the aid of 43 biographies of adolescent and adult women **The Third Chapter** Sara Lawrence-Lightfoot,2009-01-06 In the twenty first century a developmental phase of life is emerging as significant and distinct capturing our interest engaging our curiosity and expanding our understanding of human potential and development Demographers talk about this new chapter in life as characterized by people between fifty and seventy five who are considered neither young nor old In our third chapters we are beginning to redefine our views about the casualties and opportunities of aging we are challenging cultural definitions of strength maturity power and sexiness This is a chapter in life when the traditional norms rules and rituals of our careers seem less encompassing and restrictive when many women and men seem to be embracing new challenges and searching for greater meaning in life In The Third Chapter the renowned sociologist Dr Sara Lawrence Lightfoot offers a strong counterpoint to the murky ambivalence that shrouds our clear view of people in their third chapters She challenges the still prevailing and anachronistic images of aging by documenting and revealing the ways in which the years between fifty and seventy five may in fact be the most transformative and generative time in our lives tracing the ways in which wisdom experience and new learning inspire individual growth and cultural transformation The women and men whose voices fill the pages of The Third Chapter tell passionate and poignant stories of risk and vulnerability failure and resilience challenge and mastery experimentation and improvisation and insight and new learning *Crossing Borders/Crossing Boundaries* Michelle Simmons,Kenneth Denton,Regina Chanel Rodriguez,Yvette Castillo,Eddie Henderson,Christopher Macaulay,Elsa Diego-Medrano,Malvika Behl,Alexa Obregon,Bethanie Pletcher,Adriana Dyurich,Marvarene Oliver,Yanira Oliveras-Ortiz,Wesley Hickey,Joanna Neel,Marilyn Keller-Nicol,Lydia Andrade,Scott Dittloff,Lopita Nath,Alejandra Yanez-Vega,Hilda Cecilia Contreras Aguirre,Rosa Banda,Gyanu Gautam Luintel,Gerri Maria Maxwell,Stephanie Medina,Faye Bruun,Nancy Smith,Hitomi Kambara,Frank Lucido,2019-11 *Reimagining the Future Public Service Workforce* Helen Dickinson,Catherine Needham,Catherine Mangan,Helen Sullivan,2018-09-03 This book investigates the professional needs and training requirements of an ever changing public service workforce in Australia and

**In The Name of Love** Aaron Ben-Ze'ev, Ruhama Goussinsky, 2008-02-21 We yearn to experience the idealized love depicted in so many novels movies poems and popular songs Ironically it is the idealization of love that arms it with its destructive power Popular media consistently remind us that love is all we need but statistics concerning the rate of depression and suicides after divorce or romantic break up remind us what might have happened if all that we need is taken away This book is about our ideals of love our experiences of love the actual disparity between the two and the manners of coping with this disparity A major study case of the book concerns men who have murdered their wives or partners allegedly out of love It is estimated that over 30% of all female murder victims in the United States die at the hands of a former or present spouse or boyfriend How can murdering a loved one be associated with the assumed moral and altruistic love Not only is love intrinsically ambivalent but it can also give rise to dangerous consequences Some of the worst evils have been committed in the name of love as in the name of God A unique collaboration between a leading philosopher in the field of emotions and a social scientist In the Name of Love presents fascinating insights into romantic love and its future in modern society

**Sex, Love, Race** Martha Hodes, 1999 Since the colonial era North America has been defined and continually redefined by the intersections of sex violence and love across racial boundaries Motivated by conquest economics desire and romance such crossings have profoundly affected American society by disturbing dominant ideas about race and sexuality Sex Love Race provides a historical foundation for contemporary discussions of sex across racial lines which despite the numbers of interracial marriages and multi racial children remains a controversial issue today The first historical anthology to focus solely and widely on the subject Sex Love Race gathers new essays by both younger and well known scholars which probe why and how sex across racial boundaries has so threatened Americans of all colors and classes Traversing the whole of American history from liaisons among Indians Europeans and Africans to twentieth century social
