## **How To Youtube Shorts Ideas Guide For Introverts:**

*Overthinking: A Thousand Thoughts Per Second* Dhiraj Wadhwa, 2018-11-27 This book mentions my complete journey of how I overcame the control that my thoughts had on me and my life. It simply tells the story of how and why I started overthinking and what helped me in getting back to the normal train of thoughts. When you're an overthinker, the number of things to think about can run out fairly quickly. However, your thoughts still do not stop. And so you start overthinking about every single aspect of life, even those that didn't matter to you before, and they still don't. It's just you need something to think about. And this need of excessive and redundant thinking is exactly what I overcame and pulled myself out of the rut of thoughts. The freedom that I have now is indescribable and is worth being grateful for every single moment of my life. The freedom that I have now is what I want to help you achieve.

**Taking the Work Out of Networking** Karen Wickre, 2018-11-27 For introverts who panic at the idea of networking, Wickre's book is a deep calming breath. Sophia Dembling, author of *The Introvert's Way*, former Google executive, editorial director of Twitter, self-described introvert, and the best connected Silicon Valley figure you've never heard of, Walt Mossberg, Wall Street Journal, offers networking advice for anyone who has ever canceled a coffee date due to social anxiety. Learn to nurture a vibrant circle of reliable contacts without leaving your comfort zone. Networking has garnered a reputation as a sort of necessary evil. Some people relish the opportunity to boldly work the room, introduce themselves to strangers, and find common career ground, but for many others, the experience is awkward or even terrifying. The common networking advice for introverts are variations on the theme of overcoming or fixing their quiet tendencies. But Karen Wickre is a self-described introvert who has worked in Silicon Valley for thirty years. She shows you how to embrace your quiet nature and make genuine connections that last, that we can nurture across the world for all kinds of purposes. Chris Anderson, head of TED, Karen's embrace your quiet side approach is for anyone who finds themselves shying away from traditional networking activities or for those who would rather be curled up with a good book on a Friday night than out at a party. With compelling arguments and creative strategies, this practical, easy-to-use Sree Sreenivasan, former chief digital officer of Columbia University, book is a perfect guide.
