Interactive Visual Ideas for Musical Classroom Activities Catherine Dwinal,2020 The digital interactive projection system is a staple of nearly every music classroom in the United States By allowing teachers to show students methods and outcomes from a computer these systems have become a necessity for reaching students who grew up as digital natives But as author and distinguished music educator Catie Dwinal demonstrates such systems can be much more meaningful pedagogical tools than simple replacements for chalk boards In this book she offers practical tips tricks resources and 50 activities ideal to use alongside classroom projection systems She focuses especially on tips and activities for beginning teachers giving them the confidence to take a step out of their comfort zone and learn new ways of engaging students with technology More than this she provides reference materials that will serve as a trusted reference resource for years to come

How Children Learn (New Edition) Linda Pound,2019-10-08 An ideal introduction to the pioneers of educational theory for anyone studying childcare child development or education whether at further or higher education level The first edition of this book has been a best seller for almost a decade identified as one of the top ten books for students of child development or early childhood care and education In this new edition there is an increased emphasis on both what practice based on particular theories of learning looks like and on criticisms of each theory A glossary is included in sections highlighting words and concepts particular to the theorist in question Full colour photographs are used to illustrate some aspects of each theory or approach How Children Learn looks at a wide range of theorists and practitioners who have influenced current understandings of how children learn and what this means for work with young children The book

summarises the findings and ideas of famous giants such as Montessori and Piaget as well as the more recent ideas of writers and thinkers such as Howard Gardner and Margaret Donaldson It begins by looking at the work and life of Comenius who is widely described as the father of modern education and looks at the theory behind different approaches to early childhood care and education such as Steiner Waldorf education HighScope and Te Whariki You will find this book invaluable in giving you a clearer picture of how ideas about children s learning have developed over the past four centuries STEM Years 2-3 Miranda Mason,2018-03-01 This book is ideal for teachers looking to optimise STEM in the classroom In recent times there has been a strong call to increase the focus on STEM activities in Australian schools By offering STEM in primary schools it is hoped that students will operate more effectively in the science and technology based society in which they live This resource is jam packed with practical fun and engaging activities which encourage students to problem solve work in groups inquire reflect and think critically and flexibly The activities are connected to key curriculum areas such as Maths Science and Design and Technologies Mathematics Teaching in the Middle School ,2008-08 *Creating a Better World* Anna Clarke,2009 *Campus Technology* ,2007 **10 Profitable Ideas for YouTube Shorts** , empreender,2023-02-13 In this powerful report we will provide you with 10 profitable ideas for the creation of YouTube Shorts YouTube Shorts is gaining popularity and now receives billions of views every day You can take advantage of this by creating YouTube Shorts that promote your business Once you start creating YouTube Shorts you need to be consistent YouTube users like the short videos and they will want to see more from you regularly Coming up with ideas for your YouTube Shorts can be a challenge Use the ideas in this report so that you can plan for YouTube Shorts creation well into the future **10 Ideas Rentables Para YouTube Shorts** empreender ES,2023-04-27 En este poderoso informe te brindaremos 10 ideas rentables para la creaci n de YouTube Shorts YouTube Shorts est ganando popularidad y ahora recibe miles de millones de vistas todos los d as Puedes aprovechar esto creando YouTube Shorts que promuevan tu negocio Una vez que comiences a crear YouTube Shorts debes ser constante A los usuarios de YouTube les gustan los videos cortos y querr n ver m s de ti regularmente Generar ideas para tus YouTube Shorts puede ser un desaf o Usa las ideas de este informe para que puedas planificar la creaci n de YouTube Shorts a largo plazo **Meaningful Learning with Technology** David H. Jonassen,2008 This edition describes how various technologies can be used to engage and support different learning activities By using these processes teachers also encourage their students to take on more responsibility and become active participants in their own learning book cover **Effects of Providing a Rationale for Learning a Lesson on Students' Motivation and Learning in Online Learning Environments** Tae Seob Shin,2010 This study examined whether providing a rationale for learning a particular lesson influences students motivation and learning in online learning environments A mixed method design was used to investigate the effects of two types of rationales former student vs Instructor rationales presented in an online introductory educational psychology course Fifty nine participants were randomly assigned to one of the three conditions 1 a student

rationale condition where students listened to a brief testimonial of a former student about the value of the presented lesson 2 an instructor rationale condition where students listened to an audio statement by the instructors about the value of the presented lesson and 3 a control condition where students were not provided with any rationale The treatment was given at the beginning of six two week modules each of which covered one specific topic in educational psychology Pre and post tests which included self report questionnaires measuring students perceptions about the value of the course interest in the course self determination autonomous regulation and their essay responses to a movie montage depicting various educational phenomena were administered at the beginning and end of the semester At the end of semester students grades and perceptions of learning were also collected Results suggest that providing a rationale for learning had positive effects on students motivation and learning and its effects were affected by the source of rationale In terms of motivation students sense of autonomy increased over time whether they listened to student or instructor rationales Students who listened to instructor rationales reported an increase in their sense of relatedness to instructors while those who listened to student rationales reported a decrease in their relatedness to instructors In terms of learning both the quantitative and qualitative results indicate that listening to rationales provided by former students had the most positive effect on students final grades and their ability to apply major ideas covered in the course to real life problems Findings suggest that student rationales can be effective in promoting students motivation and learning in an online learning context This study adds to the existing body of literature by examining whether the source of rationale matters in promoting students learning and motivation The current study also focuses on the learning aspects of provisions of rationales By triangulating different learning outcome measures a better understanding of the effects of providing a rationale has on students learning has been achieved In addition the design of this study demonstrates how research grounded in theory can be conducted with strong ecological validity when implemented in regular online courses Unlike other studies where inauthentic tasks were given this project was done in a natural academic setting Finally the kinds of treatments that were developed for this study can easily be implemented in teaching practices in face to face or online environments The dissertation citations contained here are published with the permission of ProQuest llc Further reproduction is prohibited without permission Copies of dissertations may be obtained by Telephone 800 1 800 521 0600 Web page <http://www.proquest.com/en-US/products/dissertations-individuals.shtml>
