*Prom* Jill S. Zimmerman Rutledge,2017-01-01 Prom is about more than corsages and boutonnieres promposals and after parties It s an event that teens are claiming as a way not only to have fun with friends but to also express their creativity and their identities Learn about the first gay and lesbian teen couples to insist on the legal right to bring their dates to prom Discover how modern prom fashions are pushing the boundaries of what guys and girls can wear to the big night out You ll also get tips from high school graduates about dealing with prom pressures and how to protect your physical and emotional health while you celebrate Media/Society David Croteau,William Hoynes,Stefania Milan,2011-05-24 In a society saturated by mass media from newspapers and magazines television and radio to digital video projects and the Internet iPods and TiVo most students possess a great deal of media knowledge and experience before they ever enter the classroom What they often lack however is a broader framework for understanding the relationship between media and society Media Society Industries Images and Audiences provides that context and helps students develop skills for critically evaluating both conventional wisdom and onee tm s own assumptions about the social role of the media Previous editions of Media Society introduced thousands of students to a sociologically informed analysis of the media process The Fourth Edition builds on this success

with new material on students as producers e.g. YouTube revised Internet resources the latest data on the media industry new examples from the independent media sector and updated discussions of media policy online media and independent media Media Society is unique among media texts in that it offers e A sociological approach that examines overarching relationships between the various components of the media process the industry its products audiences technology and the broader social world e An integrated study of mass media that looks at media technologies collective influences and connections between mass media issues that are often treated as separate e An examination of how economic and political constraints affect the media and how audiences actively construct their own interpretations of media messages *The Slightly Awesome Teacher* Dominic Salles, 2016-08-15 Most books on teaching ask teachers to be inspirational to operate at 100 miles an hour with creativity oozing out of every pore Dominic Salles says that's unsustainable But you can get brilliant results using some simple practices taken from the myriad of educational research on classroom practices It isn't a guide to all the extra stuff you should do to become cool and awesome It is a book that will get you to forget about teaching and think about learning another way of saying it will help you to stop stressing about what you do and get the students to work harder and smarter at what they do Dominic Salles believes that every teacher can be slightly awesome And here he shows you how

*The Really Useful Physical Education Book* Gary Stidder, Sid Hayes, 2016-11-10 The Really Useful Physical Education Book offers support guidance and practical ideas for effective innovative and imaginative physical education lessons Underpinned by easy to understand theory this second edition is fully updated in line with the National Curriculum for Physical Education at Key Stages 3 and 4 and provides a wide range of high quality lessons alongside engaging teaching examples and methodologies With an emphasis on inclusive physical education it highlights the ways in which schools can redesign the curriculum to ensure maximum enjoyment for all pupils Key topics covered include Planning progression and assessment Health and safety issues Inclusive track and field athletics Adapting activities to support SEND Swimming and water based activities Alternative activities including street surfing and combat sports Introducing dance into the curriculum Enjoyable gymnastics for physical literacy On site adventurous activities Values based teaching Teaching accredited awards Using new and emerging technologies The Really Useful Physical Education Book offers essential advice and inspiration for both trainee and practising teachers responsible for the 11-16 age range It is a must read for all those who want to make their lesson inclusive and fun whilst promoting a healthy lifestyle and enthusiasm for lifelong activity Medical Education, Politics and Social Justice Alan Bleakley, 2020-12-30 This book critically analyses how politics and power affect the ways that medicine is taught and learned Challenging society's historic reluctance to connect the realm of politics to the realm of medicine Medical Education Politics and Social Justice The Contradiction Cure emphasizes the need for medical students to engage with social justice issues including global health crises resulting from the climate emergency and the health implications of widening social inequality Arguing for an increased focus on community based learning rather than acute

care this innovative text maps the territory of medicine's contradictory engagement with politics as a springboard for creative curriculum design. It demonstrates why the socially disempowered such as political and climate refugees, the homeless or those without health insurance should be primary subjects of attention for medical students while exploring how political engagement can be refined, sharpened, cultivated and creatively engaging imagination and demanding innovation. Exploring how the medical humanities can promote engagement with politics to improve medical education, this book is a groundbreaking and inspiring contribution. It is an essential read for all those with a focus on medical education and medical humanities as well as medical and healthcare students with an interest in the social determinants of health. **Affective**

**Feminisms in Digital India** Meena T Pillai, 2022-09-29 This book studies digital feminist activism in contemporary India. It provides a close and comprehensive analysis of the postmillennial digital moment in India which has given rise to new modes of women's digital dissent. The volume examines how anti-rape narratives, Feminist scandals, MeToo movements and menstrual activism amongst a host of other performative feminist dissent and their discursive medialities create affective digital feminisms which both break with and continue the residual and emergent practices within feminisms in India. It looks at digital women's speak from India and focuses on vernacular forms of dissent through which the author aims to decolonize feminist imaginaries from their moorings in the West. The author explores new digital cultural and social geographies where politically untamed women use their precarity to unsettle deep sexist structures and mount a gendered critique of the political economy of the nation-state. An important contribution to the study of feminism in India, the volume will be useful for students and researchers of gender and women's studies, cultural studies, digital sociology, intersectional feminism, transnational feminism, digital humanities and South Asian studies. It will also appeal to readers interested in the history of women's dissent in India. Women of China, 2006-07 **The Times Index**, 2010 Indexes the Times Sunday Times and
