 Market Research Betty Adamou, 2018-11-03 Games are the most engaging medium of all time they harness storytelling and  
 heuristics drive emotion and push the evolution of technology in a way that no other platform has or can It s no surprise then  
 that games and gamification are revolutionizing the market research industry offering opportunities to reinvigorate the  
 notoriously sluggish engagement levels seen in traditional surveying methods This not only improves data quality but offers  
 untapped insights unattainable through traditional methods Games and Gamification in Market Research shows readers how  
 to design ResearchGames and Gamified Surveys that will intrinsically engage participants and how best to use these  
 methodologies to become and stay commercially competitive In a world where brands and organizations are increasingly  
 interested in the feelings and contexts that drive consumer choices Games and Gamification in Market Research gives  
 readers the skills to use the components in games to encourage play and observe consumer behaviours via simulations for  
 predictive modelling Written by Betty Adamou the UK s leading research game designer and named as one of seven women  
 shaping the future of market research it explains the ways in which these methodologies will evolve with technologies such  
 as virtual reality and artificial intelligence and how it will shape research careers Alongside a companion website this book
