Project Leadership and Team Building in Global Project Management Pranav Bhola, 2017-01-20 Engineering businesses today run through projects Projects are successful when we have effective project leadership which builds effective teams and teams All these attributes increase the performance of the organization and enable it to achieve competitive advantage Project management is the need of today s businesses for acquiring business development and attaining business performance in local as well as in global markets as business performance is driven by competitive

advantage which is possible through successful project management Development of new products and other competitive products and services is done through the implementation of projects Projects are deployed for process improvements which further add to the profitability and growth of the business This book discusses the aspects of project management processes project leadership and team building in context to project management together which improves business performance

Virtual Events Management Tim Brown, Claire Drakeley, 2023-08-30 The COVID 19 pandemic and resulting lockdowns has seen a boom in the occurrence of virtual events Virtual Events Management is a unique text as it looks at events from both a live event virtual event and hybrid perspective *Student Agency in Devised Theatre Education* Mike Poblete, 2025-02-27 This monograph argues that implementing devised theatre as a learning praxis has a unique potential to cultivate student agency in the twenty first century classroom It offers actionable guidance for drama instructors by providing a new arts education methodology that emphasizes the role of student led dramaturgy Based on quantitative and qualitative analyses of survey results group interviews and field observations from the facilitation of two original pieces of digital devised theatre created by Pacific Islander and Asian American public high school students on Oahu the author documents the crucial roles of constructive and resisting student agency in a devised theatre classroom This book then departs from established research in suggesting that passivity serves a crucial role in allowing students to assert agency nonconfrontationally which has considerable implications for peripatetic learners It also investigates the role of student agency in online theatre education which along with expected challenges was found to produce unique benefits such as real time documented performance feedback and accessible asynchronous teacher guidance Further a new form of student agency is identified one exclusive to online learning environments where students assert themselves by discussing technological challenges such as slow Wi Fi camera malfunctions or other pragmatic concerns Finally this book makes a case that the success of these projects with Pacific Islander and Asian American students suggests that although devising comes from a White Eurocentric tradition it can provide an effective learning strategy for students from a wide variety of backgrounds As global discourse continues to push toward reform that would allow populations around the world increased agency over their lives this volume makes a unique contribution to the critical conversation around student agency in education today and will appeal to scholars and researchers across arts education and theatre and performance studies

Where to from here: Advancing patient and public involvement in health technology assessment (HTA) following the COVID-19 pandemic Janet L. Wale, Sally Wortley, Marie-Pascale Pomey, 2023-05-09 **Film/Video-Based Therapy and Trauma** Joshua L. Cohen, 2022-12-30 This book uses film video based therapy to help build resilience in facing personal communal national and global trauma triggers Offering a rich and diverse range of perspectives on trauma this volume advocates positive social change using therapeutic techniques in filmmaking as well as film video based therapy in conjunction with expressive art therapies such as drama dance music painting drawing and more Chapter authors address

issues in one's home community country and the world using integrative medicine and advocacy using film video based therapy and digital storytelling The book highlights psychological trauma and how one can cope with the overwhelming triggers in today's world It represents an articulate and comprehensive analysis of the ways in which traumatic human experience impacts and is modified by film and video media Representing a rich and diverse range of perspectives on trauma through the lens of a camera the authors document important examples of moments in which artistic expression becomes human resilience Demonstrating how the language of film can facilitate watching processing and discussing images of trauma in therapy in the home in the community and in the world this volume will be of interest to educators and mental health practitioners with an interest in advancing psychotherapy and counseling techniques *Healthcare Guide to the*
