Gerhardt, Paul Irving, Ai-jen Poo, Sarita Gupta, 2023-08-22 Seize the benefits of the five generation workforce Generational distrust and ageism are seeping into organizations worldwide Differences over communication style technology preferences identity and politics are fueling harmful stereotypes and hurting team performance It doesn't need to be this way Smart leaders are harnessing age diversity and encouraging mutual learning cross generational collaboration and a culture that embraces both similarities and differences across age groups *Multigenerational Workplace The Insights You Need from Harvard Business Review* will help you bridge divides reduce prejudice and unlock the benefits of age diverse teams Business is changing Will you adapt or be left behind Get up to speed and deepen your understanding of the topics that are shaping your company's future with the *Insights You Need from Harvard Business Review* series Featuring HBR's smartest thinking on fast moving issues blockchain cybersecurity AI and more each book provides the foundational introduction and practical case studies your organization needs to compete today and collects the best research interviews and analysis to get it ready for tomorrow You can't afford to ignore how these issues will transform the landscape of business and society The *Insights You Need* series will help you grasp these critical ideas and prepare you and your company for the future

Increasing Productivity and Efficiency in Online Teaching Dickenson, Patricia, 2016-05-19 Distance learning has become very popular in recent years making evident some of the problems inherent to online classes as they are today High attrition rates driven in part by student isolation and low satisfaction have plagued online courses For an online class to succeed it must be built upon engaging media and meaningful interaction *Increasing Productivity and Efficiency in Online*

Teaching provides a reference for educators in virtual classrooms and enumerates strategies to foster instructor engagement and support. Because co-construction of information opposed to rote memorization of disseminated facts engages students and develops critical thinking skills, online education must shift to reflect this. Drawing from learning theory, this publication focuses on the ways educators can shape their online classes to best suit their students and leave them with knowledge and course satisfaction. This book is recommended for researchers, developers, students of education, administrators, and online educators in all subject areas.

Message Received: 7 Steps to Break Down Communication Barriers at Work Mary E. Donohue, 2020-09-29. The action plan you need to ensure everyone is understood digitally and across generations. According to social scientist and award-winning CEO Dr. Mary Donohue, we communicate ineffectively at work a staggering 80% of the time. From the tone of an email to the almost-but-not-quite eye contact of a video conference app, today's tech has increased the speed and scope of our communications as well as the opportunities to misunderstand each other completely. This lack of effective communication is a leading cause of workplace stress. In this widely anticipated and deeply researched book, Dr. Donohue, a victim of workplace stress herself, lays out a seven-step solution to give you the tools you need to make communication a cure for workplace stress, not a cause—even especially when you're working with a generationally diverse team. Discover what's at the root of the problem, from misunderstood emails and misinterpreted texts to misconstrued social media posts and missed social cues on Zoom, and learn how to respond to different communication preferences now. Through helpful charts, case studies, evidence-backed research, and more, you'll walk away with the tools you need to ensure everyone on your team, yourself included, is heard and understood so there's less time clarifying and more time for everyone to be their best, most productive selves.

Clash of the Generations Valerie M. Grubb, 2016-10-06. Case studies and strategies for more effective multi-generational management. Clash of the Generations explores this new and increasingly common workplace phenomenon and provides strategies to help managers navigate this ever more complex maze. Traditionally, older workers would retire and make room for the next generation; instead, Baby Boomers are now prolonging their time in the workplace, yet the successive generations are still coming in. Senior leaders are now left to manage a blended workplace comprised of up to four generations, each with their own ideas of work ethic, work-life balance, long-term career goals, and much more. Management is challenging at the best of times, but the new prevalence of generation gaps sometimes even layered add an entirely new dimension to an already complex responsibility. This book presents case studies and interviews with representatives of companies with age-diverse workforces, detailing innovative strategies for smoothing out the bumps and helping everyone work together. Managers have long wished that their positions came with an instruction manual, and this book delivers with a host of effective inter-generational management strategies illustrated by real-world companies. Manage the multi-generational workplace more effectively. Navigate the generational culture clash. Adopt proven strategies for helping everyone get along. Promote a more positive culture amidst clashing expectations. Every generation in the workplace
