Artificial Intelligence and SMEs in Developing Economies Timilehin Olasoji Olubiye, Tulus T.H.

Tambunan, 2025-06-27 Artificial Intelligence and SMEs in Developing Economies explores the emergence and application of Artificial Intelligence in developing economies. This is in response to the shift in Artificial Intelligence research towards the achievement of Sustainable Development Goals (SDGs) as well as the environmental problems and methods to solve them. Written by experts from around the globe from developing countries, the book contains a balance of theoretical and empirical chapters that explore Artificial Intelligence in the context of business. It focuses especially on integrating industry 5.0 where Artificial Intelligence plays a major role. The chapters include knowledge and applications for small businesses ranging from disruptive Artificial Intelligence technologies to determinants of Artificial Intelligence adoption in SMEs from major developing economies such as Africa, Latin America, and Asia. In the latter chapters, the book discusses the application of Artificial Intelligence such as how to leverage it for sustainable and responsible small businesses and the importance of appreciating it in a business environment. This book is the first substantial study on Artificial Intelligence and the future of sustainable small businesses in emerging economies. It is a useful resource for academics and university students with interest in Artificial Intelligence and sustainable small businesses, specifically small business development. It is also a valuable read for policy makers and SME stakeholders.

Residential Design Using AutoCAD 2025 Daniel John Stine, 2024-06-21
Designed for new users of AutoCAD 2025, Project-based tutorials design a house from start to finish using AutoCAD 2025. Includes access to extensive video instruction. Bonus material covers must-know commands, sketching exercises, a roof study workbook, and more. *Residential Design Using AutoCAD 2025* is an introductory-level tutorial which uses residential design exercises as the means to teach you AutoCAD 2025. Each book comes with access to extensive video instruction in which the author explains the most common tools and techniques used when designing residential buildings using AutoCAD 2025. After completing this book, you will have a well-rounded knowledge of Computer-Aided Drafting that can be used in the industry and the satisfaction of having completed a set of residential drawings. This textbook starts with a basic introduction to AutoCAD 2025. The first three chapters are intended to get you familiar with the user interface and the most common menus and tools. Throughout the rest of the book, you will design a residence through to its completion. Using step-by-step tutorial lessons, the residential project is followed through to create elevations, sections, details, etc. Throughout the project, new AutoCAD commands are covered at the appropriate time. Focus is placed on the most essential parts of a command rather than an exhaustive review of every sub-feature of a particular command. The Appendix contains a bonus section covering the fundamental principles of engineering graphics that relate to architecture. This book also comes with extensive video instruction as well as bonus chapters that cover must-know commands, sketching exercises, a roof study workbook, and much more. About the Videos: Each book includes access to extensive video training created by author Daniel Stine. The videos make

it easy to see the exact menu selections made by the author while he describes how and why each step is made making it straightforward and simple to learn AutoCAD These videos allow you to become familiar with the menu selections and techniques before you begin the tutorial By watching these videos you will be more confident in what you are doing and have a better understanding of the desired outcome of each lesson The videos cover the following User Interface Getting Started Draw Tools Modify Tools Annotation Floor Plans Exterior Elevations Sections Interior Design Plotting **All-in On AI**
