**Education Strategy in a Changing Society** Martin Slattery, 2024-03-04 Placing the UK in a global context this book engages with the emerging international debate on the future of education in the 21st century It examines the post pandemic paradigm shift in educational practice in countries around the world and presents international case studies of emerging future practice However while it embraces the global context and the mega forces therein it is specifically focused on the challenges for education in England today and the potential strategies for moving forward to the all inclusive personalised smarter and lifelong learning needed for tomorrow In doing so it explores how the new curriculum models new approaches to pedagogy and new educational technology such as AI and even robotics might help to transform education in England help level up learning and help younger generations cope not only with the future as we know it but also the future that we don't This book will appeal to policymakers students and scholars interested in the sociology of education education policy international education international development and future studies as well as those with a general interest in Education in the future

**Generative AI and Education** B. Mairéad Pratschke, 2024-08-27 This volume addresses the gap in knowledge around generative AI and its applications in education It draws on the recent history of technological innovation and digital pedagogies locating generative AI in the contemporary discourse around education futures It argues that a new hybrid model of education is emerging requiring educational institutions to embed generative AI into course and programme design delivery and assessment It also proposes a shift from a focus on learning as output to learning as a process and explores what that shift might look like Grounded in educational theory it offers actionable pedagogy informed guidance on how to position AI as a collaborator in the construction of learning in a manner that is congruent with the values and aims of education It offers advice based on evidence based digital pedagogy including frameworks for effective teaching and learning with generative AI that enable educators and designers to put these ideas into practice The book also explores the wider context informing this shift connecting narratives from governments and industry leaders on the strategic importance of generative AI and lifelong learning learning agility and future skills that make

the case for the integration of competency based assessment into mainstream education Finally going beyond pedagogy and practice it considers of some of the broader issues including limitations and ethics and the implications of integrating generative AI into institutional planning and design and includes a sample roadmap for education leaders to start the process of integrating generative AI into their institutions This work approaches the topic of generative AI from the vantage point of educators by addressing themes and concerns that will resonate with professionals in the sector **A Leadership Playbook for Addressing Rapid Change in Education** Teresa L. San Martin,2023-03-17 A Leadership Playbook for Addressing Rapid Change in Education provides educational leaders with a simple step by step approach for addressing rapid change Drawing on the model of appreciative inquiry this book provides detailed examples of educational problems and provides the who what where when why and how to achieve change Author Teresa L San Mart n emphasizes the traits of outstanding and exceptional leaders trust collaborative efforts communicating with empathy and care Detailed play by play examples are provided that show how school administrators are able to solve relevant problems of practice such as how to create productive and focused high school teacher teams how educational leaders can increase teacher retention and how district administrators can provide innovative and meaningful staff development opportunities This timely book which supports educators as they continue to grapple with the effects of the pandemic provides real solutions equipping school administrators with the tools necessary to confront perpetual change occurring in today s complex educational environment
