websites in terms of search volume and not too difficult to rank. Students will learn how to view keywords their competitors use in search engines. You will also learn how valuable the market believes those keywords are by seeing estimated cost per click information. Traffic metrics are included as well. Students go on to learn how to use Ahref and Alexa to analyze their competitors. This information can inspire students to target similar keywords. Students with similar competing products and businesses that target similar keywords may therefore hope to achieve similar results. This is particularly useful when a new entrant to an industry competes against a large business with millions of dollars to spend on various marketing strategies. However, competitors of all sizes can provide enormously valuable information. By figuring out the secrets behind their competitors' marketing success, students can attempt to compete on a more level playing field. We also provide updates, quizzes, assignments, and important career stuff. This course was designed after the author had completed over 2,000 SEO projects along with his team. The author takes you to each topic in a connected way so you can relate to each topic and its importance. We start with Ahref and connect all topics in the right sequence. After completing this course, you will be industry level ready to work as an intern, fresher, or freelancer, and you will also be able to implement everything on your website itself.
