United States Investor ,1909 **American Lumberman** ,1911 **Intellectual Property Law and the Fourth
Industrial Revolution** Christopher Heath,Anselm Kamperman Sanders,Anke Moerland,2020-05-22 The convergence of
various fields of technology is changing the fabric of society Big data and data mining Internet of Things artificial intelligence
and blockchains are already affecting business models and leading to a social and economic transformations that have been
dubbed by the fourth industrial revolution Focusing on the framework of intellectual property rights the contributions to this
book analyse how the technical background of this massive transformation affects intellectual property law and policy and
how intellectual property is likely to change in order to serve the society Well known authorities in intellectual property law
offer in depth chapters on the roles in this revolution of such concepts and actualities as the following power and role of data
as the raw material of the revolution artificial inventors and creators trade marks in the dimension of avatars and fictional
game characters concept of inventive step change where the person skilled in the art is virtual data rights versus intellectual
property rights transparency in the context of big data interrelations of data technology transfer and antitrust self executable
and smart contracts redefining the balance among exclusive rights development technology transfer and contracts and
proprietary information versus the public domain The chapters also provide complete analyses of how big data changes
decision making processes how sustainable development requires redefinition how technology transfer is re emerging as
technology diffusion and how the role of contracts and blockchain as instruments of monitoring and enforcement are being
defined Offering the first in depth legal commentary and analysis of this highly topical issue the book approaches the fourth
industrial revolution from the perspectives of technical background society and law Its authoritative analysis of how the data
driven economy influences innovation and technology transfer is without peer It will be welcomed by practicing lawyers in
intellectual property rights and competition law as well as by academics think tanks and policymakers Scientific
American ,1878 Monthly magazine devoted to topics of general scientific interest **American Industries** ,1904
