the EU s Common Agricultural Policy CAP is used to support hill farmers Farming in particular grazing livestock is an
essential part of the landscapes and traditional systems of land management in these beautiful and fragile areas A return to
headage payments in limited circumstances with appropriate environmental conditions to prevent overstocking would
provide fairer funding to hill farmers The Committee also calls on the Government to do more to enable hill farmers to
diversify into other land management activities such as carbon storage and water quality schemes The report calls on the
Government to demonstrate a stronger commitment to upland communities Having abolished the Commission for Rural
Communities the public body that advised Government on rural issues the Department for Environment Food and Rural
Affairs must ensure that rural policies and their delivery are not neglected Ministers should publish a strategy for the
uplands that sets out a clear action plan with practical measures to be implemented immediately provide strong leadership to
