[AI Business for Everyone](#) Michael T. Murphy, AI income strategies that actually work for YOUR life This 1 000 page manual guide delivers hyper personalized passive income roadmaps for 15 demographics parents retirees freelancers everyone With 2 100 ready to use prompts case studies exposing costly pitfalls and aggressive 30 day action checklists you ll build your 1 000 monthly automated income while others just read about AI While others debate whether AI will take their jobs smart individuals across every demographic are quietly building automated income streams generating thousands monthly This isn t another generic make money with AI guide assuming everyone s a tech savvy twenty something This is the first truly democratized roadmap to AI wealth crafted for YOUR specific situation Whether you re a stay at home parent squeezing work between school runs a retiree navigating technology a burned out freelancer seeking leverage or an influencer fighting algorithm changes this 1 000 page manual guide delivers hyper personalized strategies for your unique circumstances Each of fifteen demographic focused chapters weaponizes your specific advantages and turns perceived limitations into competitive edges

What sets this guide apart is relentless practicality. This isn't theoretical exploration; it's a bootcamp. Every chapter demands action through implementation checklists leaving zero room for procrastination. You'll launch micro businesses during naptime, automate client work during lunch breaks, and build passive income streams aligned with your lifestyle constraints. At its heart lies an arsenal of 2,100 battle-tested prompts categorized by industry and demographic needs. These aren't generic templates; they're precision-engineered tools transforming ChatGPT and Claude into your personal workforce. From healthcare practitioners needing HIPAA-compliant content to pet entrepreneurs dominating Instagram, every prompt delivers immediate monetizable results. Through detailed case studies, you'll witness actual people, not gurus, building sustainable AI businesses. Meet the seventy-year-old launching an AI consulting firm, the exhausted mom automating her way to 3,000 monthly, the weekend hobbyist whose Chrome extension generates 5,000 monthly. Crucially, you'll learn their failures and costly mistakes too. This isn't success theater; it's unvarnished truth about building AI income. Every chapter follows an aggressive thirty-day timeline transforming overwhelming possibilities into daily actions. Week one: tool setup and niche selection. Week two: minimum viable product. Week three: testing and refinement. Week four: launch and scale. The structure pushes you from zero to revenue through forced accountability and relentless momentum. Specialized sections address challenges facing regulated industries and creative professionals. Healthcare practitioners monetize expertise while maintaining ethical boundaries. Artists discover how AI enhances rather than replaces creativity. Educators transform teaching skills into automated course empires. Small business owners multiply revenue without multiplying headcount. This isn't about replacing human creativity with artificial intelligence; it's about amplifying existing advantages through strategic automation. The book teaches you to identify unfair advantages—whether life experience, professional network, or availability during odd hours—and systematically convert them into income-generating systems working while you sleep, parent, travel, or pursue passions. The comprehensive prompt library eliminates the learning curve, allowing immediate implementation. Action checklists ensure you're not just reading but doing. Real-world examples show both spectacular wins and cautionary tales, preparing you for every scenario. Join thousands discovering the AI gold rush isn't just for Silicon Valley insiders. Your demographic isn't a limitation; it's your secret weapon in the 72-billion AI economy. Stop watching. Start building. Your automated income stream awaits.

**The Emerging Contours of the Medium** Richard Müller, 2024-01-11. The Emerging Contours of the Medium explores a crucial aspect of media thinking, focusing particularly on the mediality of literature, a medium that remains today on the margins of the theoretical discussion of media. The book was written by a collective of authors based in the Institute of Czech Literature, Czech Academy of Sciences, Czech Republic. Even though interest in the technological and media aspects of literature has been slowly building momentum in the past several decades, from comparative perspectives to written culture to new media, the concept of the medium has not informed this process, and its systematic integration into literary studies has never been effectively carried out. Nor has the specific mediality of literature

been successfully integrated into the general concept of media lity in media science Contributors to this work provide both an explanation of and solution to this mutual blindness setting out from the question What are the conditions for elaborating a media theoretical framework in which to situate literature as a medium The Emerging Contours of the Medium available for the first time in English is divided into three parts which correlate to the three main research areas of the principles for a media theory of literature Part 1 develops a perspective of the pre history of media thinking grounding the principles of the genealogical integration Part 2 concentrates on and develops the related perspectives of media philosophy and media anthropology Part 3 s main focus is the way media as dispositifs interlinking the parameters of perception and communication provide the ground for making emergent media phenomena visible whether it be between media in their mutual synergy or discrepancies between media artefacts or between human and apparatus Stanislava Fedrov is Head of the Department of Art Historiography and Theory at the Institute of Art History at the Czech Academy of Sciences researcher at the Institute of Czech Literature of the Czech Academy of Sciences and Assistant Professor of Literature and Intercultural Communication at Masaryk University Czech Republic Her scholarly interests include literary theory art theory visual culture and intermedial research with a focus on the relations between verbal and visual media She is co author with Alice Jedlickov of Visible Descriptions Visuality Suggestivity and Intermediality of Literary Description 2016 Tom Chud works as an independent researcher translator Kittler Luhmann Taylor etc and lawyer for the Czech National Bank His research interests include media philosophy and the interrelation of technical and humanist paradigms by means of working with signs as well as interlinking social and economic aspects in technically mediated communication He has published in scholarly journals such as Social Studies and he is the co author with Richard M ller et al of the Czech edition of The Emerging Contours of the Medium Literature and Mediality 2020 Alice Jedlickova is Senior Researcher at the Institute of Czech Literature of the Czech Academy of Sciences and Associate Professor of Literature and Intercultural Communication at Masaryk University Czech Republic Her research interests include intermedial studies socio spatial relations of cultural representations and its history literary theory diachronic poetics and the theory of narrative She is the editor of and principle contributor to Narrative Modes of 19th Century Czech Prose 2022 and co author with Stanislava Fedrov of the interdisciplinary inquiry Visible Descriptions Visuality Suggestivity and Intermediality of Literary Description 2016 She has published on transmediation as a marker of cultural continuity and on the potential of intermedial approach in education recently Richard M ller is Senior Researcher at the Institute of Czech Literature of the Czech Academy of Sciences professor of Comparative Literature at New York Univeristy Prague and professor of Literary Criticism and Writing at the Prague School of Creative Communication His research interests include the contextual transformations of literary mediality the history of semiotics post structuralism and cultural materialism the genealogies of literary and media theory and the writings of Franz Kafka He is the editor of the scholarly journal Czech Literature co author with Tom Chud et al of the Czech edition of The Emerging Contours of the
