Late-Diagnosed Autism Patsy Dorcas Harrison, *Late Diagnosed Autism An Honest Practical Guide for Adults Navigating Life After Diagnosis* Finding out you're autistic as an adult can feel like your entire life is being rewired in real time. You finally have the missing piece but now what? This book is your guide through the emotional aftershocks, the practical adjustments and the identity shifts that come after a late autism diagnosis. Written with empathy, structure and clinical clarity, it walks you through what most books ignore: how to rebuild your life, manage burnout, create boundaries and find comfort in your own skin. Inside this book you'll learn how to understand the impact of masking, shutdowns and burnout, navigate work, sensory overload and relationships without apology. Set up your home routine and boundaries to reduce overwhelm. Use reflection tools, therapy scripts and self-assessments. Reclaim your voice and rewrite your story on your terms. You'll also find clear, jargon-free explanations, practical tools based on clinical research, worksheets and scripts for daily challenges. Validation for the confusion, anger and grief that diagnosis can bring. This isn't a memoir or a motivational pep talk. It's a structured, real-world resource for autistic adults, late diagnosed or self-identified, looking for tools, not platitudes. If you've been wondering how to move forward in a world that didn't see you, this book offers a roadmap grounded in lived experience, therapy-informed tools and radical self-honesty.

Dawn Noble, 2007-04 *At Home* Brian Paquette, 2021-04-06 Evoking memories of the past and aspirations for the future to create unique contemporary interiors. Interior design should not be sterile or static; it's a living extension of art meant to be touched, used and admired. This mindset is the heart of Brian Paquette's interiors. Beginning with the motto "Function and comfort first and always," Paquette explores each client's interests and lifestyle to create homes that reflect their identity, history and aspirations. Integrating the placement of furniture, exposure to light, surface texture and art, a client's memories are translated into an evocative presence in the home, anchoring them to their past while providing a space of comfort and function for their future. *At Home* provides inspiration to replicate these methods in your own home, regardless of style or budget. How does a person keep their memories alive in a home? Through fabric, a particular scent, surface texture, light exposure. Considering these elements and others, this is how Brian Paquette builds a room. By sharing each unique process of design for the ten homes featured in his book, readers can begin to consider their own memories and aspirations for how they too can create a home interior that is a true reflection of themselves.
