Discipline Miracle The Clinically Proven System For Raising Happy Healthy And Well Behaved Kids:

The Discipline Miracle Linda Joan Pearson, L. A. Stamford, 2006 Being a good parent involves knowing how and when to administer discipline This book provides readers with an overall philosophy on discipline that will see them through any situation Its comprehensive approach uses three fundamental principles that give kids what they need such as boundaries and rules not just what they want **Library Journal**, 2005 **The British National Bibliography** Arthur James Wells, 2006 **The Publishers Weekly**, 2005 *Children's Books in Print*, 2007, 2006 **Parenting Styles That Work:** Awoyinfa Samuel Damilola, *Parenting Styles That Work A Neuroscience Based Guide to Raising Happy Well Behaved Kids Without Power Struggles* Parenting doesn't have to be a constant battle of power struggles frustration and exhaustion If you've ever felt overwhelmed by conflicting parenting advice or wondered why your child just won't listen you're not alone The good news Science holds the answers This groundbreaking guide blends neuroscience child psychology and real life strategies to help you discipline effectively without yelling threats or bribes You'll learn how to understand your child's brain foster emotional security and set limits with confidence without losing your patience or feeling like a bad parent Inside You'll Discover The four major parenting styles and how they shape your child's confidence behavior and resilience How to work with your child's brain instead of against it reducing meltdowns and defiance The truth about punishment vs discipline and why traditional methods don't create lasting change The secret to getting kids to listen the first time without nagging repeating or raising your voice Screen time social media and attention spans how to set healthy boundaries in the digital age How to avoid burnout while balancing self care parenting and life's daily demands Backed by science and real world parenting experience this book gives you practical easy to implement strategies that will transform your home into a place of respect cooperation and emotional connection No more guessing what works No more power struggles Just proven neuroscience backed parenting that helps you raise happy confident kids without stress or guilt Ready to build a stronger bond with your child while reducing chaos at home Start reading today **Mini Habits for Happy Kids** Bukky Ekine-Ogunlana, 2020-11-12 A Happy Child That's Well Behaved Mission Possible Or The Ultimate Unicorn As a parent you know that one thing that's much more difficult than everything else and that's B A L A N C E especially the balance between making sure your child's happy and also getting them to be well behaved responsible individuals Being an authoritarian doesn't work The same applies to turning yourself into your child's best friend In one instance you'll be disciplining through fear In the other you'll be getting walked all over due to the absence of boundaries Every parent has a number of priorities some of which include making sure that kids are loved nurtured and capable of unleashing their full potential These remain constant through every stage of life even as your child grows and evolves into the beautiful adult they're going to be one day So how can you make discipline a part of life as soon as day one and how can you ensure your child's happiness at the same time If you've ever read books on upbringing you're probably confused to the maximum That's because each expert

recommends a particular approach and the suggestions tend to come in stark contrast to each other There are many different ways to get the job done but the one thing you need when disciplining a child is consistency In other words the approach you pick as your own should be the one you continue utilizing day in and day out In *Mini Habits for Happy Kids* you will discover The secret of turning discipline into a positive experience rather than a punishment Setting healthy boundaries for your own sake and for the proper upbringing of responsible kids Fun ways to encourage healthy habit formation from an early age Adorable ways to bring love into every single interaction Why picking the right discipline for kids is one of the most crucial decisions you ll make as a parent How to ensure independence and responsibility allowing children to solve problems on their own A glimpse into the world of kids why they do the silly things they do A foolproof strategy to turn yourself into the role model children should emulate And much more *Mini Habits for Happy Kids* is a part of a two book combo every parent can count on The second title in the series discusses exercise healthy nutrition and ensuring the well being of little ones in the most fun way possible Nobody is prepared to be a parent until they become one No approach works universally well for all kids out there As a parent you re probably afraid that you re making mistakes bound to affect your child s future The truth of the matter is that certain guidelines for successful parenting exist As long as you follow these principles and tailor them to the needs of your family you will enjoy outstanding results every single time If you want to see your children flourish every single day and raise intelligent responsible and good human beings then scroll up and click the Add to Cart button right now
