Linda Hill, 2025-02-04 With poetic gentleness and vulnerable integrity Linda Hill's memoir *Together Still: Love Beyond Death* portrays *Continuing Bonds* A compelling approach to end of life accompaniment, death care and bereavement For four adventurous decades Linda and her beloved spouse John Scull explored the world with wonder and curiosity They loved each other, their families and friends wholeheartedly They cared for nature and their community with spirits of generosity After John was diagnosed with a terminal illness the couple resiliently continued their loving ways of accompanying each other as they travelled to the horizon of John's life When John died Linda was utterly unprepared for what was about to happen At first she diagnosed her spiritual experiences as illnesses and dismissed John's after-death communication as wishful thinking Fortunately John persisted in doing everything he possibly could to let her know he was still with her Their reciprocal spiritual bonds transformed Linda's off-kilter journey through her heart fracturing grief into a heroic odyssey of what she calls re-orbiting around love and happiness Each chapter of Linda's beautifully written memoir intertwines romance, spirituality and the healing power of cultivating and continuing loving bonds To this day John reaches out to Linda through spiritual communication messages in nature, uncanny coincidences and visitations in her dreams Linda reaches out to John through meditation, journaling, creative arts, memorial events, joint legacy projects and adventures of being alone but not alone Although everything absolutely everything is now so very different they are together still loving beyond death *The Role of an Education Assistant, Second Edition* Mary Harber, Asha Rao, 2023-09-06 Providing research, anecdotes and practical insights from leading scholars and professionals *The Role of an Education Assistant* acts as a guide for navigating the complexities of the education assistant role from collaborating with teachers and students in lesson planning to creating inclusive learning environments This updated second edition includes expanded content across all chapters and new content highlighting diverse perspectives: Indigeneity, gender and sexuality In addition there are new *Actions in the Field* segments at the end of each section which outline strategies and activities for field practice and professional development Featuring topical scholarship, an emphatically Canadian perspective, discussion questions and timely case studies this is a critical text for college and university students in education studies, education assistant programs and professionals currently working in the field **FEATURES** Guides students through the complexities of the role of an education assistant with research anecdotes and practical advice from scholars and professionals Includes updated content on broadened perspectives in cultural diversity, gender and sexuality Includes the brand new *Actions in the Field* segments providing students with strategies and activities for implementing what students have learned in their professional practice Disability Studies Quarterly, 1999
