B097: Discovery and geology of the Desert Peak geothermal field: a case history, *Exploring Nevada Through Project-Based Learning* Carole Marsh, 2016-04-01 Exploring Nevada through Project Based Learning includes 50 well thought out projects designed for grades 3 5 In assigning your students projects that dig into Nevada s geography history government economy current events and famous people you will deepen their appreciation and understanding of Nevada while simultaneously improving their analytical skills and ability to recognize patterns and big picture themes Project based learning today is much different than the craft heavy classroom activities popular in the past Inquiry planning research collaboration and analysis are key components of project based learning activities today However that doesn t mean creativity individual expression and fun are out They definitely aren t Each project is designed to help students gain important knowledge and skills that are derived from standards and key concepts at the heart of academic subject areas Students are asked to analyze and solve problems to gather and interpret data to develop and evaluate solutions to support their answers with evidence to think critically in a sustained way and to use their newfound knowledge to formulate new questions worthy of exploring While some projects are more complex and take longer than others they all are set up in the same structure Each begins with the central project driving questions proceeds through research and supportive questions has the student choose a presentation option and ends with a broader view inquiry Rubrics for reflection and assessments are included too This consistent framework will make it easier for you assign projects and for your students to follow along and consistently meet expectations Encourage your students to take charge of their projects as much as possible As a teacher you can act as a facilitator and guide The projects are structured such that students can often work through the process on their own or through cooperation with their classmates

Virginia City vs Bonanza Monette Bebow-Reinhard, 2024-05-21 A fun and informative exploration of how the classic television series Bonanza differs from the reality of Virginia City Nevada In 1959 one hundred years after the big bonanza silver strike in Virginia City the classic television series Bonanza made its debut and brought the small Nevada city to the forefront of households around the country and into many parts of the world

The richest city in the world at the time of the Comstock Lode Virginia City today might well be a ghost town if not for the fame spurred by Bonanza The show was so popular that it went on to air for thirteen years and even spawned a theme park Historical accuracy was of great import to Bonanza s creator but as the series evolved it took on a life of its own beyond the boundaries of real life Virginia City In Virginia City vs Bonanza A Tale of Merging Histories Monette Bebow Reinhard explores select history from the show s legendary storylines and compares it to the real history of nineteenth century Virginia City Readers will learn why gambling is so prominent in Nevada how Virginia City was not necessarily developed as a cattle town and much more ultimately understanding how and where Bonanza got its history right Through her analysis of history versus fiction Bebow Reinhard emphasizes the impact television had on shaping how we remember the Old West From the beginnings on Sun Mountain to the new technology created for Virginia City s mines to keep up with the demands of the labor force hungry for more wealth Virginia City vs Bonanza examines the politics the environmental damage and the social and cultural settings that made Virginia City unique Readers will witness it all silver s inevitable collapse the advent of tourism the natives the diversity the violence and today the fun A must read for fans of television and history alike
