## **Discovering Tennessee:**

**Discovering Tennessee** Mary U. Rothrock, 1936      Discovering Tennessee State Parks J. L. and Lin Stepp, 2018-04  
Tennessee is one of America's most beautiful and popular travel destinations and this unique guide book introduces readers to the fifty-six state parks scattered from the East Tennessee mountains to the Mississippi River on the state's western border. It offers a complete recreation guide to the opportunities available in Tennessee parks and is the perfect guidebook for families, tourists, hikers, nature lovers, campers, anglers, history buffs, golfers, and outdoor enthusiasts.      **Discovering Tennessee** Mary Utopia Rothrock, 1936      **Tennessee Log Buildings** John B. Rehder, 2012-12-30  
Drawing on more than four decades of research, *Tennessee Log Buildings* examines one of the Volunteer State's most precious and fast-disappearing traditions. From the pioneer era through the mid-twentieth century, folk builders in Tennessee used logs to construct cabins, barns, other outbuildings, schools, and churches. In warm, accessible prose that often makes this deeply researched work read like a guidebook, John Rehder explores the varied styles and architectural characteristics of these fascinating structures, including their floor plans, the types of timber used, and the different notches that were cut into the logs to secure the structures. Profusely illustrated with over one hundred images, *Tennessee Log Houses* traces the evolution of log houses from one room or single pen dwellings to more elaborate homes of various types, such as saddlebags, Cumberland houses, dogtrotts, and two-story I houses. Rehder discusses the historic settlement patterns and building traditions that led to this variety of house types and identifies their particular occurrences throughout the state by drawing on surveys conducted in forty-two counties by teams working for the Tennessee Historical Commission (THC). Similarly, he explores disparate barn and outbuilding types, including the distinctive cantilever barns that are found predominantly in East Tennessee. Sprinkled throughout the book are engaging anecdotes that convey just what it is like to conduct field research in remote rural areas. Rehder also describes in detail a number of the state's exceptional log places, among them Wynnewood, an enormous structure in Middle Tennessee which dates back to the early nineteenth century and which suffered severe tornado damage in 2008. As the author notes, many of the buildings originally identified in the THC investigations have now vanished completely, while others are in serious disrepair. Thus, this book not only offers an instructive and delightful look at a key part of Tennessee's heritage but also makes an eloquent plea for its preservation. Until his death in 2011, JOHN B. REHDER was a professor of geography at the University of Tennessee, Knoxville. He first joined the UT faculty in 1967. He was the author of *Appalachian Folkways*, which won the Pioneer America Society's Fred B. Kniffen Book Award in 2004, and *Delta Sugar*, Louisiana's Vanishing Plantation Landscape, which won the Vernacular Architecture Forum's 2000 Abbott Lowell Cummings Award.      **Clay Co., TN**, 1987-05-01  
The history of the county and the families who lived in Clay County, TN, 1870-1986.      Discovering October Roads Harry Moore, 2001-10  
Autumn presents a stunning array of colors in rural East Tennessee, and *Discovering October Roads* is the perfect traveler's companion for better enjoying those scenic views. In a compelling

anecdotal narrative the book describes seven road trips through the region discussing not only the leaf colors to be seen but also the geology landscape and cultural history to be found along each route In their introduction Harry Moore and Fred Brown offer an overview of the geologic history and topography of East Tennessee as well as an accessible explanation of the science behind the changing leaf colors They also discuss a number of common trees and the autumn color associated with each In the chapters that follow the authors descriptions of road trips are arranged according to three geographic areas the Blue Ridge the Valley and Ridge and the Cumberland Plateau Complementing the narrative is a wealth of illustrations including maps geologic line drawings and photographs many of which are reproduced in color *Discovering October Roads* will prove an indispensable resource for anyone seeking a deeper appreciation of East Tennessee s fall finery The Authors Harry Moore is a geologist with the Tennessee Department of Transportation and the author of *A Roadside Guide to the Geology of the Great Smoky Mountains National Park* and *A Geologic Trip across Tennessee by Interstate 40* Fred Brown is a feature writer and columnist for the Knoxville News Sentinel He is the author with Jeanne McDonald of *Handling Serpents Three Families and Their Faith and Growing Up Southern How the South Shapes Writers* *I'll Take You There* Amie Thurber, Learotha Williams, 2021-05-15 Before there were guidebooks there were just guides people in the community you could count on to show you around *I ll Take You There* is written by and with the people who most intimately know Nashville foregrounding the struggles and achievements of people s movements toward social justice The colloquial use of *I ll take you there* has long been a response to the call of a stranger for recommendations of safe passage through unfamiliar territory a decent meal and place to lay one s head or perhaps a watering hole or juke joint In this book more than one hundred Nashvillians take us there guiding us to places we might not otherwise encounter Their collective entries bear witness to the ways that power has been used by social political and economic elites to tell or omit certain stories while celebrating the power of counternarratives as a tool to resist injustice Indeed each entry is simultaneously a story about place power and the historic and ongoing struggle toward a more just city for all The result is akin to the experience of asking for directions in an unfamiliar place and receiving a warm offer from a local to lead you on accompanied by a tale or two **The Statesman's Year-Book** M.
