Navigating Remarkable Communication Experiences of Sexual Minorities Yachao Li, Jennifer A. Samp, 2020-11-24 Navigating Remarkable Communication Experiences of Sexual Minorities investigates and theorizes the unique and crucial communication experiences of sexual minority people in a heteronormative society Using qualitative and quantitative data the authors examine messages and message processes of four communication experiences that have personal and relational impacts on lesbian gay and bisexual LGB people The book identifies different scripts of coming out strategies for sexual orientation disclosure and concealment and common topics discussed by same sex couples when making relationship revelation decisions Data presented in this book shows that people communicate their sexual orientation in various ways influencing their mental health and relationship outcomes To explain why people create different coming out messages the authors propose a Theory of Coming Out Message Production which identifies personal relational cultural and situational factors that affect LGB individuals sexual orientation disclosure This book includes practical guidelines for LGB people to better prepare and enact difficult conversations in various relational contexts Scholars of sexuality studies and communication studies will find this book particularly interesting The Logic of Design Process Tiago da Costa e Silva, 2018-10-04 What is the logic of design process Departing from this question Tiago da Costa e Silva investigates the characteristic feature of every projective activity for instance in architecture design engineering design and in the arts In opposition to predominant views that understand design processes as mechanical and deterministic this study with the help of the semiotics of Charles S Peirce characterizes design activities as continuous and serendipitous interplays of esthetic and abductive processes that define rules and manifest forms Tiago da Costa e Silva concludes that invention and discovery manifested in the form of processes of abduction actively pervade every development in any given context of design process

Discrete Thoughts ... ,1992 Thought Suppression Eric Rassin,2005-10-20 Is it possible to ban unwanted thoughts from consciousness According to the literature on thought suppression the answer is no In the 1980s Wegner and colleges demonstrated that the average person cannot prevent a trivial thought like that of a polar bear from entering consciousness approximately seven times in a five minute period This experimental finding was followed by a substantial number of replications This book provides an up to date overview of the thought suppression literature First similarities and differences between suppression repression and dissociation are discussed Methodological issues are then considered Finally the clinical applications of the thought suppression literature are discussed Although there are numerous conditions to which the phenomenon of suppression can be applied obsession and traumatic recollection are the main applications In addition to offering an overview of the literature this book links the thought suppression paradigm to other research fields such as directed forgetting and repressive coping Furthermore it discusses the phenomenon of thought suppression in the light of

broader theories such as the cognitive theory of obsession and the ego depletion hypothesis Clinical implications and directions for future research are offered On Dialogue Dmitrii Vladimirovich Nikulin, 2006-01-01 Drawing from the works of Plato and more contemporary philosophers such as Bakhtin Buber Taylor and Gadamer On Dialogue explores the necessity of dialogue to being Author Dmitri Nikulin argues that dialogue is not just a form of communication but it is the very conditio humana Nikulin provides a systematic account of dialogue and its role in philosophy literature and oral discourse The Mindfulness-Based Emotional Balance Workbook Margaret Cullen, Gonzalo Brito Pons, 2015-09-01 Mindfulness Based Emotional Balance offers a breakthrough eight week program using mindfulness based stress reduction MBSR to help readers manage overwhelming emotions before they take a toll on health and relationships Instead of suppressing emotions which can lead to a host of health problems or overreacting in the heat of the moment readers will learn how to achieve true lasting emotional balance using this powerful evidence based therapy **Great Philosophical Objections to Artificial** Intelligence Eric Dietrich, Chris Fields, John P.
