Otherness in Hispanic Culture Teresa Fernandez Ulloa, 2014-06-26 This book addresses contemporary discourses on a wide variety of topics related to the ideological and epistemological changes of the 19th 20th and 21st centuries and the ways in which they have shaped the Spanish language and cultural manifestations in both Spain and Hispanic America The majority of the chapters are concerned with otherness in its various dimensions the alien Other foreign immigrant ethnically different disempowered female or minor as well as the Other of different sexual orientation and or ideology Following Octavio Paz otherness is expressed as the attempt to find the lost object of desire the frustrating endeavour of the androgynous Plato wishing to embrace the other half of Zeus who in his wrath tore off from him Otherness compels human beings to search for the complement from which they were severed Thus a male joins a female his other half the only half that not only fills him but which allows him to return to the unity and reconciliation which is restored in its own perfection formerly altered by divine will As a result of this transformation one can annul the distance that keeps us away from that which not being our own turns into a source of anguish The clashing diversity of all things requires the human predisposition to accept that which is different Such a predisposition is an expression of epistemological ethical and political aperture The disposition to co exist with the different is imagined in the de anthropocentricization of the bonds with all living realms And otherness is in some way the reflection of sameness mismidad The other is closely related to the self because the vision of the other implies a reflection about the self it implies consciously or not a relationship with the self These topics are addressed in this book from an interdisciplinary perspective encompassing arts humanities and social sciences **Oswaldo Bayer** Miguel

Entrevista con la globalización Carlos Morales Peña, Naomi Klein, 2008 LA INMIGRACIÓN SALE A LA CALLE

Francisco Checa, 2008-04-24 La insistencia noticiera sobre la inmigración que a lo largo de estos últimos años ha sacudido la sociedad española unida al constante dramatismo que aportan las imágenes de personas llegando a nuestras costas en pateras o cayucos ha terminado calando en la sociedad de tal forma que ha conformado la idea de que la inmigración es un problema y que nos afecta en gran medida acicalada siempre con un estigma de dramatismo y negatividad La inmigración ha salido a la calle es decir ha entrado a formar parte de las opiniones y las conversaciones de bares o el trabajo en el hogar se ha instalado en el diario de los medios de comunicación en las percepciones que hacemos de nuestros nuevos vecinos en los miedos y resquemores en nuestros entornos culturales etc Y por ende ha terminado entrando de lleno en toda agenda política Y lo ha hecho de forma transversal diseñando actuaciones en educación sanidad economía marco jurídico etc **The**

Migration Conference 2021 Selected Papers Ibrahim Sirkeci, 2021-11-27 This is a collection of self selected papers presented at The Migration Conference 2021 London COVID 19 pandemic and ongoing restrictions and difficulties in international travel forced us to run the TMC online for a second time It is a new and improving experience for most of us and there is strong hints that the conference will continue in hybrid form in the near future As usual we have invited participants to submit 2000 words papers for the proceedings book and this volume brings you these papers Topics covered in the volume includes gender education mass movements refugees religion identity migration policy culture diplomacy remittances climate water environment and pretty much everything about migration Most of the papers are in English but there are some in French Spanish and Turkish too This is a great book for those who want short accounts on all aspects of migration and refugees **Discursos sobre la inmigración en España** Ricard Zapata-Barrero, Teun A. van Dijk, 2007

Primer paso en el análisis de los discursos en torno a la inmigración que busca cubrir tres campos discursivos el de los medios de comunicación el de los parlamentos y el de las administraciones La obra reúne las mejores contribuciones de un seminario celebrado en la Universitat Pompeu Fabra con la colaboración del Programa de Migraciones de la Fundació CIDOB y el Grupo de Recerca sobre Immigració e Innovació Política *Mensajes y discurso* Nicolás Avellaneda, 1910 *Fundamentos de los discursos políticos en torno a la inmigración* Ricard Zapata-Barrero, 2009 Este libro trata el tema de la inmigración a través de una reflexión sobre los discursos que fundamentan propuestas políticas acerca de cómo gestionar el proceso histórico de

multiculturalidad Propone un programa de investigación basado en el enfoque de las políticas del discurso sobre la inmigración esto es la constatación de que el discurso en torno a la inmigración se ha convertido en una política hasta el punto de que los partidos políticos se preocupan más por responder a las preguntas que decimos y cómo lo planteamos que a las preguntas que hacemos y cómo lo resolvemos La política del discurso no es un medio neutro que transmite interpretaciones acerca de distintos aspectos relacionados con el proceso de multiculturalidad sino que orienta la realidad en determinadas direcciones y proporciona recursos legitimadores para gestionar políticas y percepciones ciudadanas Tras una reflexión inicial sobre el vínculo entre discurso y política en el marco de la interpretación de la multiculturalidad la obra se desarrolla en dos partes una parte teórica donde se presentan las diferentes políticas del discurso reactivas populismo y tradicionalismo y pro activas igualdad y ciudadanía y una parte aplicada donde se analiza el proceso de construcción de una política del discurso en España la relación entre gobernabilidad discursos y opinión pública y el discurso institucional de la inclusión de la Unión Europea
