Providing a Foundation for Teaching Mathematics in the Middle Grades Judith Sowder, Bonnie P. Schappelle, 1995-08-03 This book is written primarily for middle grade teachers who are discovering that they now want to teach in ways that create positive mathematical learning environments and instigate rich classroom discourse Many of these teachers are finding that their mathematical preparation did not address the complexities underlying the mathematics they now want to teach In Part One the authors provide a foundation for the mathematics of these grades particularly the mathematics that grows out of concepts of number quantity and arithmetic operations In Part Two through three case studies the authors demonstrate to teachers how a deeper understanding of the mathematics they teach can enhance classroom instruction The book interweaves research and classroom practice Mathematics teacher

educators researchers curriculum developers textbook authors and supervisors of mathematics programs will find this book to be useful Teachers both prospective and practicing will benefit most from this book when the chapters are used as catalysts for discussion in classes or professional development programs
