How Do You Hybrid Work Schedule For Teachers:

Teaching and Time Poverty Greg Thompson, Anna Hogan, 2024-12-04 As teacher shortages reach a global crisis point this book explores how time poverty has become a critical factor in the working lives of teachers and school leaders Arguing that we need to move away from framing the problem of teachers work as simply workload this book suggests that understanding time poverty is the first step in moving toward more manageable working lives The book brings together international perspectives on teacher time poverty drawing on theoretical and empirical work to underscore the growing complexity of teachers work and how this impacts job satisfaction stress and feeling that there is never enough time to accomplish all that needs to be done Many policy solutions misdiagnose the problems of teachers work simply suggesting it is an issue of workload The chapters investigate issues of work intensification finding that teachers are not only working longer but also working harder as they manage more complex classrooms and policy mandates This book is essential reading for those interested in understanding how current education policy both produces time poverty and could better identify and respond to the complexities of teachers work TEACHING ENGLISH IN GLOBAL CONTEXTS: Language, Learners and Learning Valentina Canese, Susan Spezzini, 2023-11-07 Professionalism and Teacher Education Amanda Gutierrez, Jillian Fox, Colette Alexander, 2019-05-15 This book explores how educators are proactively working to reclaim teacher professionalism by engaging in exemplary practice and promoting quality education for all It examines voices in contemporary Australian teacher education and how professionalism can contribute to achieving the multiplicity of purposes in education The work of contemporary teachers and teacher educators and perceptions about this work have changed significantly In recent times governments have identified key issues linked to the quality of teachers as presented in multiple inquiries creating shifts in public policy and increasing regulation Educators must work towards improving public and policy maker perceptions of teaching as a profession Teacher educators make an important contribution in engaging in ongoing scholarship and debate that examine research and practice and speak back to managerial discourses on professionalism It is through this work that educators shape and re shape understanding of what it means to be a professional How Scholars Trumped Teachers Larry Cuban, 1999-01-01 Examining a century of university history Larry Cuban tackles the age old question What is more important teaching or research Using two departments history and medicine at Stanford University as a case study Cuban shows how universities have organizationally and politically subordinated teaching to research for over one hundred years He explains how university reforms decade after decade not only failed to dislodge the primacy of research but actually served to strengthen it He examines the academic work of research and teaching to determine how each has influenced university structures and processes including curricular reform Can the dilemma of scholars vs teachers ever be fully reconciled This fascinating historical journey is a must read for all university administrators faculty researchers and anyone concerned with educational reform *Teaching Physical Education* Gary Stidder, 2022-10-25 This book assesses

the landscape of physical education today and the issues that shape it as a curriculum subject particularly in the era of COVID 19 It explores the processes of transformation and change that follow government policy and considers what this means for physical education practitioners in schools The book covers a wide range of important issues across micro political social cultural historical and post modernist categories Bringing together current research with autobiographical and anecdotal reflections on the realities of PE teaching it considers the significance of issues such as the emphasis on competitive sport in schools the socialization of teachers the influence of politics and policy on the classroom colonization and decolonization of the curriculum digital technologies the health and well being agenda and the impact of the COVID 19 pandemic Offering a unique set of critical perspectives on physical education today this book is essential reading for any physical education course for all teacher training programmes with a PE track and for all practising teachers teacher educators or policy makers with a professional interest in PE
