DISCOVER YOUR TRUE POTENTIAL R. Ian Seymour, 2001-06-15 There comes a time when each person begins to question the meaning of life the reason for our being here or the purpose for our existence We ask the questions why do I feel so unsatisfied Will I ever achieve fulfillment Will my life be meaningful and worthwhile Will my having lived make a difference Will I ever find significance happiness and contentment As people look around they see others who seem to have it all together and many ask the question why them and not me It seems that people tend to spend the first half of their life seeking riches and success and the second half seeking direction and purpose In fact in the middle of life is the word if and that seems to be the conundrum for most people

If I could only find my real purpose and direction in life people say This book Discover Your True Potential will help you to do just that and much much more It will help you learn not only how to find purpose and fulfilment but also about the principles and disciplines of self improvement and ultimately how to achieve lasting success and happiness in life In fact this book truly has the potential to change your life Discover it for yourself **Discover Your True Potential** R.
