Sandy Boucher celebrated author of *Opening the Lotus and Turning the Wheel* now offers North American readers their first opportunity to share in Kwan Yin's illuminating wisdom Along with providing meditations chants and prayers this lovely illustrated volume recounts the stories of this bodhisattva one who delays her own full enlightenment to work for the liberation of all beings and explains Kwan Yin's role in Buddhism *Discovering Kwan Yin* is sure to become an important spiritual touchstone for those who seek to celebrate the goddess in their lives to give and receive the loving power of her presence **Eminent Buddhist Women** Karma Lekshe Tsomo,2014-08-25

Eminent Buddhist Women reveals the exemplary legacy of Buddhist women through the centuries Despite the Buddha's own egalitarian values Buddhism as a religion has been dominated by men for more than two thousand years With few exceptions the achievements of Buddhist women have remained hidden or ignored The narratives in this book call into question the criteria for eminence in the Buddhist tradition and how these criteria are constructed and controlled Each chapter pays a long overdue tribute to one woman or a group of women from across the Buddhist world including the West Using a variety of sources from orally transmitted legends to firsthand ethnographic research contributors examine the key issues women face in their practice of Buddhist ethics contemplation and social action What emerges are Buddhist principles that transcend gender loving kindness compassion wisdom spiritual attainment and liberation **The New Spirituality** Gordon

Lynch,2007-04-25 Much attention has been given in recent writings about religion to fundamentalism and the religious right But less attention has been given to their opposite the emergence of a new generation of progressive religious thinkers and organisations on the religious left *The New Spirituality* is one of the first books to give a comprehensive and authoritative account of this burgeoning progressive religious movement It offers a clear and engaging analysis of the cultural roots key ideas and organisational structures of this new faith assessing its significance in the changing moral and religious landscape of contemporary western society Gordon Lynch argues that we are witnessing the rise of a new religious ideology which reveres the natural world connects religious faith with novel scientific theories and has a forward looking agenda for society's transformation *The New Spirituality* will be essential reading for students attempting to understand the shape of religious belief in the twenty first century **Asian American Religious Cultures** Jonathan H.
