Discovering God in Our Lives AA Lambert, 2014-12-26 Study and review of our COLLECTIVE EVOLUTION has resulted in Our scientific discoveries Our current technology Our knowledge regarding our origin development and current existence All of which tends to dismiss belief in the existence of a God who created us and our entire reality its easy to conclude that WE ARE ON OUR OWN and that EVERYTHING THATS EVER HAPPENED are but FLUKY CHANCE RANDOM OCCURRENCES STILL WE MARVEL at the incredible glory beauty majesty awesome power complexity magnificent design and wonder in our observed reality of both our world and our universe We reflect on GOODNESS and EVIL in our world and realise that EVOLUTION really has NO STANDARDS regarding good and evil These only exist in our minds and are judgements of what happens in our lives and our relationships with others Our history however shows us that this concept is very important in our lives and that our ancestors believed in and developed systems incorporating good and evil resulting in worship of a God

or Gods that existed and controlled all humanity WERE THEY ALL WRONG I dont think so this book acclaims with joy Gods existence His love for us and His desire to help each of us to find our path back to Him So that we can share Eternity with Him Finding God in Scripture John Bertone,2016-09-01 Why should I read the Bible Isn t it just a lifeless and detached piece of history an ancient relic You may have heard people ask these questions or even asked them yourself This book will help you find the answers to understanding the Bible in a twenty first century context We have progressed as a civilization there is no doubt The advances in computer technology communication and science have improved the quality of our lives But fundamentally at the core the desires and motivations of humans remain the same and it is to this that the Bible speaks most clearly However interpreting the Bible requires intellectual curiosity commitment and a desire to discover truth Finding God In Scripture will equip you to better understand the nature of the Bible s message and the dynamics of how to interpret it For example just like today s modern writers biblical authors used various literary techniques such as the complexities associated with plot and characterization in narrative or the use of poetry evoking emotions These literary techniques were intended to convey God s message and involvement in the world Finding God In Scripture will show you that there is more to the Bible than the communication of historical information there is a reality a truth that can transform your life *Finding God in the Devil's Music* Alex DiBlasi,Robert McParland,2019-05-30 From the rise of the American Evangelical movement to the introduction of Eastern philosophies in the West the past century has seen major changes in the religious makeup of Western culture As one result musicians across the world have brought both new and old religious beliefs into their works This book investigates rock music as an expression of religious inquiry and religious devotion Contributors to this essay collection use a variety of sources including artist biographies record and concert reviews videos personal experience rock music forums and social media in order to investigate the relationship of rock music and religion from a number of perspectives The essays also explore public interest in religion as a platform for expression and social critique viewing this issue through the lens of popular rock music *Finding God in Ancient China* Chan Kei Thong,2009 Finding God in Ancient China is a sweeping historical cultural and linguistic tour through the history of China that seeks to connect the God of the Bible with ancient Chinese language traditions and rituals **Finding God in the Gulag** Jeffrey S. Hardy,2024-10-23 The Soviet Communist Party with help of the secret police attempted to completely eliminate religion from Soviet society by in part imprisoning believers and attempting to re educate them in the labor camps of the infamous Gulag Finding God in the Gulag tells the story of how imprisoned Christians nevertheless found ways to pray read scripture sing hymns celebrate Easter and commune with their fellow believers Knowing Yourself, Discovering God Within Renata Sadiwska,2018

Finding God in Millersville ,1917 **Finding God in the Singing River** Mark I. Wallace,2005-03-04 We live in an age of vast and rapid destruction of habitats and species Yet Christianity holds great potential for healing this situation Indeed the Bible and Christian tradition are a treasure trove of rich images and stories about God as an earthen being who

sustains the natural world with compassion and thereby models for humankind environmentally healthy ways of being Mark Wallace's stimulating book retrieves a central but often neglected biblical theme the idea of God as carnal Spirit who indwells all things as the basis for constructing a green spirituality responsive to the environmental needs of our time In the biblical tradition he writes God as Spirit is an ecological presence that shows itself to us daily by living in and through the earth One message of Christianity therefore is celebration of the bodily material world ancient redwoods vernal springs broad winged hawks everyday pigweed as the place that God indwells and cares for in order to maintain the well being of our common planetary home Alongside his green reading of the Bible and tradition Wallace employs the resources of deep ecology Neopagan spirituality and the environmental justice movement to rethink Christianity as an earth based body loving religion He also analyzes color images reproduced in the book Wallace's bold yet careful work reawakens our sense of the sacrality of the earth and the life that the trinitarian God creates there It also grounds the impulses of New Age spirituality in a profoundly biblical notion of God's being and activity *Discovering God in Stories from the Bible* Philip Graham Ryken, 2010-02-01 Originally published Wheaton Ill Crossway Books 1999 **Finding God in Unexpected Places** Philip Yancey, 2005-03-15 The traces of God can be found in the most unexpected places an Atlanta slum a pod of whales off the coast of Alaska the prisons of Peru and Chile the plays of Shakespeare a health club in Chicago yet many Christians have not only missed seeing God they've overlooked opportunities to make him visible to those most in need of hope In this enlightening book author Philip Yancey serves as an insightful tour guide for those willing to look beyond the obvious pointing out glimpses of the eternal where few might think to look Whether finding God among the newspaper headlines within the church or on the job Yancey delves deeply into the commonplace and surfaces with rich spiritual insight Finding God in Unexpected Places takes readers from Ground Zero to the Horn of Africa and each stop along the way reveals footprints of God touches of his truth and grace that prompt readers to search deeper within their own lives for glimpses of transcendence *Finding God* Russell Henry Stafford, 1923 **Annual Session of the Baptist Congress**, 1902 *On the Path* Genevieve Mae Hilliard Francis, 1928 **Finding God in the Universe** Guy Consolmagno, 2022-04-19 How does a scientist find God in the universe Finding God in the Universe is the personal reflection of a Jesuit brother and astronomer the director of the Vatican Observatory Br Guy Consolmagno SJ insists that science is more than observing the universe it's learning how to pay attention how to concentrate on one aspect while setting aside at least momentarily all the other interesting aspects that can distract us from a deeper knowledge of the universe or of God In his telling joy is our compass truth is our goal and imagination weaves the story where we situate the joy that leads us to truth Most importantly both science and theology are done within a community of fellow seekers where we share the stories that teach us how to explore and with whom we can try to make sense of what we think we have found In the My Theology series the world's leading Christian thinkers explain some of the principal tenets of their theological beliefs in concise pocket sized books The

Lewis,2008-10 Finding God in the Mirror deals with the mental and spiritual struggle we experience in confronting the need for change in our lives and finding our way back to an intimate relationship with God Part One of this book talks about the importance of knowing who you are in God s eyes as opposed to the eyes of the world and encourages people to break away from the commonality of the world and to embrace peculiarity in the spirit I reflect on different influences in the world that cause us to fall short of God s glory in our lives such as fame popularity and materialism I also focus on our failure to sacrifice old ways lack of devotion to prayer and the downfall of seeking fulfillment in the arms of others instead of in the arms of God Part Two of this book is dedicated to the acknowledgement of God s faithfulness God is an attainable being who not only has all power and dominion in His hands but has more love in His heart than any other being
