## **Discovering The Royal Child Within:**

Discovering the Royal Child Within Eugen Drewermann, 1993 A tour de force of wisdom and insight by the depth psychologist and controversial priest who has authored more than 40 books In this essential work The Little Prince is held up as a model for today's readers and inspires them to trust again in the unconditional fidelity of love a love that is unconquerable even in death

**A Violent God-Image** Matthias Beier, 2006-06-02 At the heart of Drewermann's non-violent interpretation of key Christian beliefs is his analysis of a violent image of God that characterizes traditional interpretations of sin and the cross His empathic critique of the clerical mentality ideology and culture The Cleric led to his being silenced by Roman Catholic authorities in 1991

**The Formation of the Child in Early Modern Spain** Grace E. Coolidge, 2016-03-16 Drawing on history literature and art to explore childhood in early modern Spain the contributors to this collection argue that early modern Spaniards conceptualized childhood as a distinct and discrete stage in life which necessitated special care and concern The volume contrasts the didactic use of art and literature with historical accounts of actual children and analyzes children in a wide range of contexts including the royal court the noble family and orphanages The volume explores several interrelated questions that challenge both scholars of Spain and scholars specializing in childhood How did early modern Spaniards perceive childhood In what framework literary artistic did they think about their children and how did they visualize those children's roles within the family and society How do gender and literary genres intersect with this concept of childhood How did ideas about childhood shape parenting parents and adult life in early modern Spain How did theories about children and childhood interact with the actual experiences of children and their parents The group of international scholars contributing to this book have developed a variety of creative interdisciplinary approaches to uncover children's lives the role of children within the larger family adult perceptions of childhood images of children and childhood in art and literature and the ways in which children and childhood were vulnerable and in need of protection Studying children uncovers previously hidden aspects of Spanish history and allows the contributors to analyze the ideals and goals of Spanish culture the inner dynamics of the Habsburg court and the vulnerabilities and weaknesses that Spanish society fought to overcome

*The 4 of Hearts* Fred Farmer, 2020-01-31 Now this may appear to be a complete science fiction story on the outside but it has a deeper meaning inside This is the story of how the last known survivors of four sets of young sibling beings from a doomed planet were separated by fowl means by the evil antics of a manacle intergalactic warlord and his messed up and backstabbing crew as one set of four ended up on Earth and the other set of four were left to find their lost surviving siblings out somewhere in the vast reaches of space In a two thousand year span the two groups grew from acquaintances to a family as they learned that a family was stronger than an individual or just a team The story goes from their past to the present as they figure out on how to survive in their new settings till the two families reunite after two thousand years apart as they join forces to protect earth and the universe from the same evil that has destroyed

their home world You will see just why these beings are considered the most dangerous beings in the universe and it s not the fact that they are evil which they are not it s because evil knows that these are not the ones you want to mess with And you will see that there is a society out in the stars that might appear to be of a far far far away intergalactic kingdom but it s nowhere near intelligent as Star Trek and nowhere near mystifying as Star Wars And above that you will learn what a Heart is and it has nothing to do with expressing your love for someone or the main artery inside you it s an institution that works to protect others from any and all forms of evil **The Works of Aurelius Augustine** Saint Augustine (of Hippo),1873
