### **A Question of Loyalty** Paul M.

Sniderman,2024-06-21 Do Americans have too little confidence in government or do they have perhaps too much What types of political protest suit a democratic society These questions matter to citizens as well as to social scientists particularly when so many of us have become cynical about politics A Question of Loyalty attempts to answer these questions from the evidence provided by a specially designed survey to measure political alienation and political protest Citizens can make two kinds of errors they can be over ready to yield to authority or over ready to contest it This study shows one way to tell who has too much faith in government and who has too little How citizens think about authority whether their evaluation of government is balanced or one sided matters in a democratic society And demonstrating just how it matters how it affects not only what citizens believe but what they actually do is the object of this book We are in the habit of thinking that a loss of citizen confidence weakens a democratic society whereas unbounded trust in government bolsters it But the quality of citizens judgment matters too Depending on whether their evaluation of government is balanced or not citizens who are allegiant may threaten and those who are alienated may strengthen the spirit of democratic politics This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1981 *The Review of Reviews* William Thomas Stead,1906 *The Persistence of Nationalism* Angharad Closs

Stephens,2013-03-12 This is a book about the difficulties of thinking and acting politically in ways that refuse the politics of nationalism The book offers a detailed study of how contemporary attempts by theorists of cosmopolitanism citizenship globalism and multiculturalism to go beyond nationalism often reproduce key aspects of a nationalist imaginary It argues that the challenge of resisting nationalism will require more than a shift in the scale of politics from the national up to the global or down to the local and more than a shift in the count of politics to an emphasis on diversity and multiculturalism In order to avoid the grip of nationalist thinking we need to re open the question of what it means to imagine community Set against the backdrop of the imaginative geographies of the War in Terror and the new beginning promised by the Presidency of Barack Obama the book shows how critical interventions often work in collaboration with nationalist politics even when the aim is to resist nationalism It claims that a nationalist imaginary includes powerful understandings of freedom subjectivity sovereignty and political space time which must also be placed under question if we want to avoid reproducing ideas about us and them Drawing on insights from feminist cultural and postcolonial studies as well as critical approaches to International Relations and Geography this book presents a unique and refreshing approach to the politics of nationalism *The Uses of Idolatry* William T. Cavanaugh,2024 When Max Weber wrote about the rationalization of modern Western society over a hundred years ago he could not have foreseen the lengths to which such rationalization has been taken in an Amazon warehouse or

fulfillment center There poorly paid associates who are often temporary workers with few benefits scurry among the bins retrieving and packing just about anything that can be imagined A handheld device keeps track of their movements It directs them to the next item to pick and a timer starts 14 seconds to scan in the next item four aisles over for example The device warns them if they are falling behind and keeps track of their pick rate Falling behind calling in sick and other offenses can cost a worker their job so some associates have resorted to urinating in bottles to avoid taking bathroom breaks In January 2018 Amazon received patents on a wristband that can track a warehouse worker s arm movements The Heart's Quest George Herbert Sass,1904 **The Miscellaneous Writings and Speeches** Thomas Babington Macaulay,1889 *Third congress of the Labour and socialist International, Brussels, 5th to* Labour and socialist international,1928 The captivity to the Christian era Arthur Penrhyn Stanley,1883 *The Dublin University Magazine* ,1874 **The Miscellaneous Writings and Speeches of Lord Macaulay** Thomas Babington Macaulay Baron Macaulay,1871 **the dietetic reformer, and vegetarian messeger a monthly record of moral and physical proess volix third series** P.
