Horning, 2024-08-15 The Case for Critical Literacy explores the history of reading within writing studies and lays the foundation for understanding the impact of this critical yet often untaught skill Every measure of students reading comprehension whether digital or analog demonstrates that between 50 and 80 percent of students are unable to capture the substance of a full discussion or evaluate material for authority accuracy currency relevancy appropriateness and bias This book examines how college level instruction reached this point and provides pedagogical strategies that writing instructors and teachers can use to address the problem Alice Horning makes the case for the importance of critical reading in the teaching of writing with intentionality and imagination while sharing glimpses of her own personal history with reading and writing Horning provides the context for understanding what college faculty face in their classrooms and offers a history of critical literacy that explains why to date it has mostly neglected or ignored the diverse statuses of students reading challenges The Case for Critical Literacy explores actionable options to better meet students literacy needs College and university faculty especially writing instructors will benefit from an understanding of what has happened in the field and what needs to change Artificial

Intelligence, Pedagogy and Academic Integrity Alyson E. King, 2025-07-01 This book addresses the implications of artificial intelligence for teaching learning and academic integrity in higher education It explores policies about the use of Generative Artificial Intelligence GenAI describes how to teach writing in the era of GenAI and how instructors can design courses and assessments that prevent plagiarism while building the necessary skills for critical thinking and writing Together the chapters include research results case studies teaching methodologies course design ideas analysis of power and gatekeeping and best practices related to GAI from a diverse range of researchers from English and French Canada the United States England Ukraine and Croatia The authors approach the advent and rapid spread of GenAI in higher education by examining its use from different perspectives with a particular focus on its impact on academic integrity Taking a communication studies approach consideration is given to the role GenAI might play disrupting power structures in universities to improve access for students who are non traditional or English Language Learners The book also explores how reimagining teaching methodologies can help to mitigate academic integrity violations due to misuse of GenAI and to teach students to use GenAI with integrity as a research and brainstorming tool Students need to learn how to assess the reliability of GenAI s output as the develop the skills for research and writing Methods of teaching writing and research skills using GenAI are explored in an effort to ensure that critical thinking skills are developed successfully Most instructors who use writing intensive assessments believe that essential critical thinking skills are developed via the writing process often ideas become concrete as one writes about them Teaching with GenAI can provide opportunities for instructors to guide their students into a deeper analysis and critique of their research

Productive, Not Polarizing Heather Kenyon Casey, This book co published with the National Science Teaching Association NSTA provides the support that K 12 teachers and students need for more complex science investigations Drawing on research that informs effective literacy practices this book pushes back on singular ideologies programs and divisive rhetoric and instead embraces an inclusive perspective for supporting literacy development and learning Readers are encouraged to move beyond debates that divide us and look toward the hard but necessary work of building the partnerships needed to support all students Productive Not Polarizing begins with a focus on community literacies and then describes effective literacy practices across grade levels Designed for a wide audience it will assist educators families and community partners to have informed conversations about what literacy instruction and learning involves Every chapter includes a Community Snapshot describing a real life scenario in which a partnering benefits students an Ideas for Action section that can be adapted to your own context reflection questions and a list of helpful resources that include potential sources of funding Book Features An accessible positive discussion of literacy research and practices for educators families and community partners A response to increasingly contentious conversations about literacy instruction Guidance to help educators engage with key community partners and stakeholders such as administrators families childcare centers afterschool programs and local school boards Opportunities to consider the role of

teacher education and professional development in supporting school community conversations Ready to use resources such as reproducible materials and community planning and event guides **The Digital Future of English** Simone Murray, 2025-07-18 More than any other academic discipline literary studies is the creation of print culture How then can it thrive in the digital era Early 1990s predictions of the book's imminent demise presented a simplistic either/or choice between the legacy of moribund print and triumphalist digital technology Yet we have grown to experience the two media as complexly interdependent and even complementary Clearly digital does not kill print But literary studies in the digital era cannot simply resume business as usual It is urgently necessary to reconsider the discipline's founding assumptions in light of digital technology The digital era prompts a rethinking of literary studies' object of study as well as its methods theories audiences and pedagogical practices What counts as literature necessarily shifts in an age of proliferating born-digital texts and do-it-yourself/DIY online publication Where should literary studies sit institutionally and how might it graft contextually oriented social sciences methods onto its traditionally humanistic mode of textual analysis Why should literary study continue to marginalize emotional responses to texts when online communities bond via readerly affect Who is the audience for literary criticism in an age where expertise is routinely challenged yet communication with global book-loving publics has never been technologically easier Finally how can we utilize digital tools to rejuvenate literary studies pedagogy and help English staff better connect with millennial age students Literary studies has been convulsed for decades by debates over electronic literature and more recently digitally aided distant reading But these discussions still mostly confine themselves to demarcating our proper object of study We need to think more expansively about digital technology's impact on the underpinning tenets of the discipline Literary Media Studies is pitched at fellow literary scholars book historians media theorists cultural sociologists digital humanists and those working at the interface of these converging disciplines It models constructive engagement with contemporary digital culture Most importantly it brings a burst of sorely needed optimism to the question of literary studies' digital future *Scientific American*, 1878 *Scientific American Building Monthly*, 1900
