Crisis En La Teología Contemporánea:

Crisis en la teología contemporánea Carlos Jiménez, 2013-07-23 Una obra sobre la teología de la liberación y lo importante que es que aprendamos de ella para no caer en los errores que cayeron quienes nos precedieron en el camino teológico

Crisis en la Teología Contemporánea Carlos Jiménez Ramírez, 1985-01-01 Teología en América Latina: El siglo de las teologías latinoamericanistas (1899-2001) José Ignacio Saranyana, Carmen José Alejos-Grau, 1999 Contenido v 1 Desde los orígenes a la Guerra de Sucesión 1493 1715 v 2 pte 1 Escolástica barroca ilustración y preparación de la Independencia 1665 1810 pte 2 De las guerras de independencia hasta finales del siglo XIX 1810 1899 v 3 El siglo de las teologías

latinoamericanistas 1899 2001 Obras Javier Hernández-Pacheco Sanz, 2019 Fundamento O Abismo Javier

Hernández-Pacheco, 2019-09-17 La teología contemporánea ha intentado renovarse recurriendo por supuesto a sus raíces evangélicas pero también a una filosofía por ejemplo existencialista o marxista desde la que se esperaba un más fácil acceso a la cultura contemporánea y sobre todo liberarse de la servidumbre objetivista que supuestamente lastraba a los orígenes patristicos de esa misma tradición teológica El resultado parece haber sido una profunda crisis cuyas raíces queremos explorar en este estudio **El cristianismo ante el riesgo de la interpretación** Claude Geffré, 1984 *Teología del misterio* Gabriel

Richi Alberti, 2000-09-15 A diez años de su muerte acaecida el 25 de enero de 1990 en el priorato de Betania de las benedictinas de Montmartre la figura de Marie Joseph Le Guillou o p se hace merecedora de una presentación articulada En esta obra se nos ofrece una visión sintética de la trayectoria personal y teológica de Le Guillou así como de las características esenciales de su método teológico El núcleo del estudio lo constituye el recorrido a través de los diferentes aspectos de la teología del misterio centro de la reflexión de Le Guillou que desemboca naturalmente en algunos argumentos de eclesiología La lectura de las obras y artículos de Le Guillou constituye una fuente segura de enriquecimiento personal El lector podrá percibir en ellas la finura especulativa y espiritual de un teólogo apasionado por la contemplación del Misterio que ama a Jesucristo y ama a la Iglesia **Cristianismo y postmodernidad en América Latina** José E. Juncosa, 1998 *Beyond*

Pius V Andrea Grillo, 2013 The reform of the liturgy is at risk says Andrea Grillo Recent developments have sown doubts and confusion within the church While many authorities pay lip service to the importance of the liturgical reform that followed Vatican II and cite all the right documents what they offer is out of tune with the fundamental reasons for the reform Grillo argues that the church today must refresh its collective memory of the essential meaning of the liturgical reform For Grillo this means understanding the meaning and significance of Vatican II in the history of the church in the twentieth century the key concept of active participation the core ideas of the original liturgical movement and the role they played during and after the reform of the liturgy what the reform has accomplished and what remains to be done Beyond Pius V is not simply a set of pastoral observations It is a strongly argued theological essay on the true meaning and purpose of liturgy and liturgical reform That reform Grillo says must continue to challenge and provoke us never to be reduced to the precious past of our

ancestors rather like children who honor the legacy of their parents we are called to carry on and nurture the life of the reform

NOTAS EVANGÉLICAS PARA UNA CRISTOLOGÍA MARIE-JOSEPH LE GUILLOU RAÚL OROZCO

RUANO,2023-09-18 Una peculiaridad distingue esta publicación de los otros inditos del padre Le Guillou Por primera vez se ha corrido el riesgo de ofrecer la edición no de un texto completo y redactado independientemente del género y del nivel de perfección en el que se encuentra en el archivo sino de unas simples notas en efecto estas páginas ofrecen al lector el trabajo personal que el padre Le Guillou realizó para sacar a la luz lo esencial de la figura de Jesucristo tal y como nos es transmitida por los cuatro evangelios Se trata por tanto de un texto extremadamente personal hecho que constituye al mismo tiempo su valor específico y su límite Contracubierta *Concilium* ,1974 Catholic Theology of Revelation on the Eve of Vatican II

Karim Schelkens,2010-02-15 In recent literature on the history of the Second Vatican Council the schema De fontibus revelationis is a constant point of reference In most cases its utter rejection during the conciliar debate on revelation biblical exegesis and the nature of Scripture and Tradition is regarded as a milestone for the council's development This book is devoted to the background genesis and evolution of that very document and offers a critical revision of the way in which the document has been received in conciliar historiography based upon a study of archival material The result is a new approach not only of the conciliar revelation debate but also of the way in which the conciliar preparation period has been regarded up until the present day

Una educación entre dos imperios y la educación de adultos Manuel Luis Escamilla,1990

The Papal Arts of Peace and Civilization Maxim Baz,2025-03-17 The twentieth century saw a transformation in the Catholic Church's approach to war and peace as the papacy sought to adopt and propose alternatives to traditional Just War doctrine by developing contemporary policies to peacefully resolve both the symptoms and root causes of war This book explores the emergence of a new ethical framework built upon three distinct moral doctrines coined here as AMP War Avoidance for when war is imminent War Mitigation for when war is unavoidable and Preventive Pacification during periods of relative stability This book examines the shaping of the AMP paradigm from Leo XIII to John Paul II analyzing its theological philosophical and legal underpinnings While AMP co-exists alongside Just War doctrine the latter provides a framework for judging the morality of war the former addresses the preemption mitigation and prevention of conflict The book argues that AMP gradually became the primary framework for the Holy See's foreign policy with the potential to further become a crucial ethical guide for the twenty-first century's pursuit of more just and peaceful international relations
