## **Crisis Of Religious Life:**

The Crisis of Religious Life Thaddée Matura, 1973      Apostolic Religious Life in America Today Richard Gribble, 2011-08-17

Apostolic religious life in the United States today is in a state of crisis. Signs of this situation are readily apparent and well known to all who practice Roman Catholicism. The significant decline in the number of priests and religious and fewer vocations to religious congregations have produced a severe blow to formerly active apostolates and brought grave concern for the future of these ministries. While the reasons for this present situation are complex, interpretation of the documents of Vatican II is clearly one very important factor. Scholars hold two basic interpretations of the Council: the hermeneutic of rupture sees the Council as a revolution which placed the Church on a completely new trajectory. A second hermeneutic, however, views the Council as reform with continuity. While most literature to date has analyzed the hermeneutic of rupture and the consequent transformation of apostolic religious life, this book describes the opposite position. Divided into two parts, this volume first presents an analysis of the problem and secondly a solution to place apostolic religious life on a positive trajectory in the 21st century. The first section of this book describes how the hermeneutic of rupture is an incorrect reading of Vatican II. Rather, the Council, in addressing numerous issues, did not break from the past but rather sought to understand Church teaching in more contemporary ways but with continuity to the Tradition. Essays in this section describe this misreading of Vatican II, the consequent misunderstanding of the evangelical counsels, and the rejection of religious signs. The second section, through an analysis of the writings of Hans Urs von Balthasar, Basile Moreau, Pope Benedict XVI, and a reflection on *Perfectae Caritatis*, provides a solution of Christian love as the operative way to reform apostolic religious life today.

**ABOUT THE EDITOR** Richard Gribble, C.S.C., is professor of religious studies at Stonehill College. He has written four critical biographies, including *American Apostle of the Family Rosary*, *The Life of Patrick J. Peyton, C.S.C.*, and *An Archbishop for the People*, *The Life of Edward J. Hanna*. He is a frequent contributor to many journals, including *The Catholic Historical Review*, *American Catholic Studies*, and *the Journal of Church and State*.

**PRAISE FOR THE BOOK** This book is a true service to those seeking to understand consecrated apostolic life, whether they are themselves members of religious orders and congregations or are among those who love the vocation, esteem religious Sisters, and desire that this calling be strengthened in the Church.

Francis Cardinal George, O.M.I., Archbishop of Chicago: Finally a book that explains why some attempts of religious congregations to renew themselves after Vatican II succeeded and why so many failed. Understanding the radical nature of what the vows really require of a religious community is no small achievement. The vision of religious consecration set forth in these essays will be a fine road map for the many new groups springing up out of a desire to serve Christ and the Church.

Joseph W. Koterski, S.J., Professor of Philosophy, Fordham University: Without a doubt, religious life in America today is at a turning point. We are well aware of the factors that have brought us to this moment. The more interesting and important question is where do we go from here? Some have predicted the death of consecrated life as we know it, while others have

anticipated renewal and re birth This volume indeed views all of religious life in the continuum of the Lord s Paschal Mystery death and resurrection but gives us hope that the call to follow the Lord through the evangelical counsels is far from its predicted end Most Reverend David M O Connell C M J C D Bishop of Trenton A very significant collection of essay **Free for Christ: Religious Obedience and Thomistic Moral Theology** Mother Mary Christa Nutt, R.S.M.,2024-08-01 What is it about the practice of obedience to God that makes it significant for human happiness and sanctity And how should the obedience proper to vowed religious life be understood relative to the responsibilities of conscience and personal freedom In the present day religious obedience is often viewed either as a negative cramping of personal autonomy by an external authority or as a positive submission to law that somehow assures one s fidelity but the common thread for both perspectives is a distinctly modern approach to obedience characterized by legalism and voluntarism In **Free for Christ** Mother Mary Christa Nutt R S M proposes a different approach to religious obedience that foregrounds virtue based moral agency rooted in metaphysics and the mystery of God examining obedience not simply in relation to commands and laws but as a spiritual philosophical and theological reality one that situates the human person in relation to God the Church and those others who share this religious life Taking her starting point from Thomas Aquinas Nutt examines obedience as a dimension of prudence and worship that is as a way that the human being can become relative to God as first source and final end and thus as a way that the grace of Christ can take deeper root as a path to authentic freedom and interiority From this ground of Thomistic metaphysics and ethics emerges a theological anthropology of obedience closely tied to Aquinas s teaching on providence and religion **When the Universe Cracks** Angie Ward,2021-10 Global conflicts civil unrest fallen leaders health crises financial meltdowns the world is ripe with strife When we face unexpected personal crises or when society around us seems to be collapsing we wonder Why is this happening Can God be trusted Who can I trust to help me follow Jesus through this current crisis When the Universe Cracks is a sweeping multifaceted look at the role of crisis in the life of faith from an esteemed gathering of pastors faith leaders and experts You ll find honest and realistic reflections to help you navigate a present trouble or anticipate changes Inspired by a global pandemic these writers examine the whole history of God s people and offer a fresh perspective for every time the universe cracks Scholar and church leader Angie Ward facilitates this energizing and fascinating discussion Thought leaders Jo Anne Lyon Efrem Smith Christine Jeske D A Horton Kyuboem Lee Marshall Shelley Matt Mikalatos Sean Gladding Catherine McNiel and Lee Eclov each contributed a chapter When the Universe Cracks is the first in a series of Kingdom Conversations books that bring together experts and faith leaders to address the most urgent and perplexing challenges of our time in resonant and redemptive ways for each of us and all of us **Conflict and Crisis in the Religious Life of Late Victorian England** Herbert Schlossberg,2011-12-31 Contrary to its popular image as dull and stodgy the Victorian period was one of revolutionary change In its politics its art its economic affairs its class relationships and in its religion change was constant A half century after Queen Victoria s death it was said that

she was born in one world and died in another The most interesting and valuable studies of the period take the long view as does Schlossberg in his fascinating analysis of religious life in this period For the Victorians religion was not cordoned off from the push and shove of real life The early evangelicals got off to a shaky start beset by hostility but the movement spread within the churches despite the suspicion in which it was held Evangelicals frequently called Puritans by those who opposed them called for fundamental reforms in both the Church and the society a social ethic was part of their program of religious renewal Their moral sense explains the social activism of both Church of England Evangelicals and Dissenters including the half century crusade for the abolition of slavery Schlossberg shows how religion in England dealt with such issues as science and the effect of German scholarship on religious thinking Church history cannot simply be explained by its response to external forces as much as by the internal responses to those challenges The nature of the religious enterprise itself its theologians clergy lay people like all people and all institutions all responded with alternatives Schlossberg helps us understand the Victorian period as well as the increasing secularity of English life today

**Exploring the Future of Christian Monasticisms** Greg Peters, 2020-01-15 The institution of monasticism in the Christian Church is in general decline at least in so called first world nations Though there are many reasons for this monastic leaders are confronted by the reality of fewer communities monks and nuns nonetheless At the same time many younger Christians are rediscovering the rich heritage of the monastic tradition Though they themselves might not be called to join a traditional monastery they are eager to appropriate monastic practices in their own lives This had led to a movement known as the new monasticism or secular monasticism Despite lacking a unified vision and any central organization these new secular monastics are attempting in their own ways to carry on the tradition and practices of Christian monasticism As well there is a movement within historical Christian monasteries to pour new wine into old wineskins Traditional forms of monasticism are also generally flourishing in developing nations breathing new life into monasticism This volume looks at the current monastic landscape to assess where monasticism stands and to imagine ways in which it will grow in the future leading not only to a renewed Christian monasticism but to new monasticisms

**Tradition Vs. Traditionalism** Abraham Sagi, 2008 This book is a first attempt to examine the thought of key contemporary Jewish thinkers on the meaning of tradition in the context of two models The classic model assumes that tradition reflects lack of dynamism and reflectiveness and the present's unqualified submission to the past This view however is an image that the modernist ethos has ascribed to the tradition so as to remove it from modern existence In the alternative model a living tradition emerges as open and dynamic developing through an ongoing dialogue between present and past The Jewish philosophers discussed in this work Joseph B Soloveitchik Yeshayahu Leibowitz David Hartman and Eliezer Goldman ascribe compelling canonic status to the tradition and the analysis of their thought discloses the tension between these two

models The book carefully traces the course they have plotted along the various interpretations of tradition through their approach to Scripture and to Halakhah Contents Editorial Foreword Introduction Returning to Tradition Paradox or Challenge The Tense Encounter with Modernity Soloveitchik Jewish Thought Confronts Modernity Compartmentalization From Ernst Simon to Yeshayahu Leibowitz The Harmonic Encounter with Modernity Religious Commitment in a Secularized World Eliezer Goldman David Hartman Renewing the Covenant Between Old and New Judaism as Interpretation Scripture in the Thought of Leibowitz and Soloveitchik Halakhah in the Thought of Leibowitz and Soloveitchik Eliezer Goldman Judaism as Interpretation Epilogue My Name s my Donors Name Notes Bibliography About the Author Index     Annual Report

**The Crisis in the Churches** Robert Wuthnow,1997-03-06 At a time when already overworked clergy are being called upon by budget cutting politicians to do more for the poor the sick and the elderly American churches are suffering persistent financial shortfalls In fact contrary to popular media images of millionaire televangelists America s churches are cutting back programs and staff clergy salaries are stagnating and many parishes are having trouble raising enough money to keep the church lit and heated on Sunday Why are America s churches in financial distress Robert Wuthnow a leading commentator on religious life in America asserts that the steady drop in donations volunteering and personal involvement is a direct result of a spiritual crisis a crisis caused in large part by the clergy s failure to address the vital relationships between faith and money work stewardship giving and economic justice In *The Crisis in the Churches* Wuthnow offers a searching study of this financial crisis and of the spiritual vacuum that has silently grown worse during the past decade To do this he lets the churches speak for themselves quoting extensively from interviews with clergy and laity in sixty Protestant and Catholic congregations throughout the U S and drawing from the texts of over 200 sermons from church financial records and a national survey What emerges is that parishioners often feel the church does not care about what they do from Monday to Friday offers no guidance in their most pressing day to day concerns yet always seems to be asking for more money Clergy for their part say they hesitate to talk about finances because they know the money question makes people uncomfortable But failure to raise the subject often makes it necessary to cut the very programs and services that middle class parishioners desire and would support Wuthnow argues that in order to survive churches must find ways to minister to the economic concerns of their own middle class parishioners Indeed of every 1 000 received by churches 900 comes from people who work in middle class occupations Clearly anything that motivates middle class members to become more involved will strengthen a church s financial well being and capacity to serve its people Although the situation is critical Wuthnow finds much cause for hope He points to ideas and programs that some churches have enacted to challenge their members to think differently about work and money and giving Parishioners sometimes respond positively when clergy speak boldly and concretely about matters of faith and finance and some churches have formed small groups whose members meet regularly to discuss issues of spirituality work personal finances and stewardship A serious and sympathetic examination of the crisis behind the stained glass this thought provoking volume will be highly valuable both practically and as moral support to clergy parishioners and anyone else concerned about restoring vitality and significance to American churches The Congregationalist ,1920 **Introduction to Sociology** Arthur Fairbanks,1901
