Understanding American Power Bryan Mabee, 2013-10-01 This broad ranging assessment of US power in the twenty

first century covers not just the nature and mechanics of foreign policy but the broad array of economic military political social and ideological forces that shape America's global position and role all set in a clear historical context Turkey and the Global Political Economy Mehmet Erman Erol, Gorkem Altinors, Gonenc Uysal, 2025-01-23 While there has been a huge expansion of the literature on Turkish political economy and foreign policy in the last decade or so fewer studies have explored Turkey's engagement with the changing global political economy since 2008 in a holistic manner Against the backdrop of the debates on the rise of the Global South and the crisis and decline of the US led Liberal International Order this book interrogates Turkey's ambitions to increase its regional and global economic political and military footprint and the limitations thereof The volume explores Turkey's economic and political relations with diverse regions and countries ranging from Latin America to sub Saharan Africa post Brexit Britain to Iran as well as rising powers India and China Drawing upon various critical IPE IR approaches the book offers a critical perspective challenging conventional accounts which tend to draw upon and reproduce rigid dichotomies *Routledge Handbook of Chinese and Eurasian International Relations* Mher Sahakyan, 2024-07-26 The Routledge Handbook of Chinese and Eurasian International Relations explores China's relations with the Eurasian continent's regions and countries in a multipolar era providing an equal and balanced platform for scholars and practitioners from East West North and South This diversity enriches the contribution giving it a dynamic ability to examine sources in different languages and cover a vast geography Divided into ten parts this handbook analyses the major powers in a Multipolar World Order China's political and economic interests in post Soviet Eurasia Middle East Europe Asia Pacific and Arctic and China's relations with the US Russia Eurasian Economic Union NATO and other players International technology and environmental experts consider the impact of the Belt and Road Initiative along with other international economic and transport corridors and examine China's multilateral relations and Digital Silk Road and e governance roles The Routledge Handbook of Chinese and Eurasian International Relations also contains official documents detailing the establishment of diplomatic relations between China and several European and Asian states making it an authoritative source on diplomatic affairs This groundbreaking book will be of interest to policymakers businessmen scholars and students of international relations area studies cybersecurity and digitalization economics and the politics of international trade security studies foreign policy global governance international organizations and environmental studies Reglobalization Matthew Louis Bishop, Anthony Payne, 2021-03-11 This book charts the way towards a better repurposed globalization which it calls reglobalization and shows how this can be built incrementally but realistically via reforms to the partial and fragile existing structures of global governance In making this argument the book firmly rejects the new fashion for a politics of deglobalization which has appeared of late in both left wing and right wing variants Instead it suggests that a reformed Group of 20 G20 for all its current inadequacies can still provide the critical coordinating function that the management of a process of reglobalization requires The book argues that globalization is too important to be lost rather it needs to be saved

from its capture by neoliberalism and rebuilt around different values for a post neoliberal era The emergence of global pandemic as an issue only goes to emphasise the necessity importance and urgency of the reglobalization project Reglobalization is essential reading for everybody living in the era of globalization which is all of us and worried about its many economic social and political problems which is a growing number of us The chapters in this book were originally published in the journal Globalizations

Crisis and Change in Post-Cold War Global Politics Erica Resende, Dovilė Budrytė, Didem Buhari-Gulmez, 2019-01-24 This volume analyzes crises in International Relations IR in an innovative way Rather than conceptualizing a crisis as something unexpected that has to be managed the contributors argue that a crisis needs to be analyzed within a wider context of change when new discourses are formed communities are re built and new identities emerge Focusing on Ukraine the book explore various questions related to crisis and change including How are crises culturally and socially constructed How do issues of agency and structure come into play in Ukraine Which subjectivities were brought into existence by Ukraine crisis discourses Chapters explore the participation of women in Euromaidan identity shifts in the Crimean Tatar community and diaspora politics discourses related to corruption anti Soviet partisan warfare and the annexation of Crimea as well as long distance impacts of the crisis

International Perspectives, 1988

International Relations Keith L. Shimko, 2007-07 International Relations Perspectives and Controversies offers an innovative approach to this introductory course Each of the topical chapters covers an enduring and important debate in the field and examines how political actors or political thinkers explain and defend their different opinions This format offers the students the chance to understand important issues in International Relations as dynamic struggles over resources and power Each chapter is structured in four parts The first part provides a historical overview of the issue its origins evolution and current status The middle two sections of each chapter map out the opposing or contrasting points of view within the debate These debates are followed by an evaluation of the merits of each position and the scholarly and political assessment of the situation The goal of the text is to help students think systematically and critically about international affairs By distilling the discussion from a variety of viewpoints rather than simply providing articles by scholars who disagree the author highlights meaningful distinctions among differing political positions in a way that helps students understand not only the headlines from today and yesterday but more importantly those from tomorrow

New The text has been reorganized to present the discussion of power politics Chapter 3 before the coverage of war and human nature Chapter 5 New Expanded coverage of IOs NGOs includes the European Union as related to security amidst anarchy Chapter 3 and the role of Amnesty International and other NGOs in human rights activism Chapter 10 New Expanded and updated coverage of the Clash of Civilizations in Chapter 12 is found both in the body of the chapter and in the

Points of View readings at the end of the chapter New Updated Points of View readings which present primary sources such as official foreign policy statements government documents news stories debate transcripts and editorials expand on the chapter discussions New topics include Should We Practice Free Trade in Agriculture Does Foreign Aid Promote Development Can a Nuclear Iran be Deterred and Did 9 11 Reflect a Clash of Civilizations Marginal glossary allows students to access key terms without interrupting their reading End of chapter pedagogy includes bulleted chapter summaries a list of key terms with page numbers suggestions for further reading critical thinking questions endnotes and references to relevant web sites
