*Crisis and Continuity in Modern German Fiction* Henry Hatfield, 1969      *Crisis and continuity in modern German fiction : ten essays* Henry Caraway Hatfield,      *Crisis and continuity in modern German fiction* Henry Caraway Hatfield, 1969

Canetti and Nietzsche Harriet Murphy, 1997-01-01 This first full length study investigates the profound implications of the peculiarly original sense of humor found in Elias Canetti's single novel a facetiousness understood in a Nietzschean sense as a revolutionary aesthetic      *Thomas Mann and Friedrich Nietzsche* Caroline Joan (Kay) S. Picart, 2022-07-11 Traditional interpretations of Thomas Mann's relation to Nietzsche's writings plot out a simple relation of earlier adulation and later rejection The book argues that Mann's disavowal of Nietzsche's influence was in the words of T J Reed a necessary political act when the repudiation of Nietzsche's more hysterical doctrines required such a response Using a genealogical method the book traces how Mann labors ambivalently under the shadow of Nietzsche's writings on his own political artistry through a detailed analysis of Mann's *Death in Venice* *Dr Faustus* the *Joseph tetralogy* and *Confessions of Felix Krull* *Confidence Man* Using the recurring Nietzschean themes of eroticism death music and laughter as a guide it arrives at a rough picture of how Mann both takes up and discontinues Nietzsche's poetic heritage The book derives the vision of the interrelationships binding these four leitmotiv elements from Derrida's magic square as depicted in *Melancholia I* The link with Derrida is far from arbitrary because Mann directly aligned Nietzschean insight with Derrida's world of passion sympathy with suffering the macabre stench of rotting flesh and Faustian melancholy      **Changing Perceptions of Thomas Mann's Doctor Faustus**

John F. Fetzer, 1996 Ever since its appearance in 1947 Thomas Mann's novel *Doctor Faustus* has generated heated reactions among critics Whereas initial ideological differences stemming from the Cold War and the division of Germany have abated following the reunification of 1990 diverse opinions and controversies persist about Mann's daring treatment of the Faust theme These include such topics as the political stance of the author and the historical dimensions of the novel the biographical and autobiographical and backgrounds of the work especially in light of the subsequent publication of Mann's diaries and private notebooks the writer's sexual and psychological proclivities the thorny issues of montage collage and intertextuality musical concerns such as the extent to which the novel's protagonist appropriates as his own Arnold Schonberg's twelve tone system of composition or the role of Mann's fellow exile and mentor Theodor W Adorno in indoctrinating his pupil into avant garde musical techniques the degree to which the novel exhibits structural features of the music on which the narrative focuses and the function of certain mythic prototypes for this modern parody in fashioning the fortunes and fate of Adrian Leverkühn A provocative and still unresolved question centers on the precise role played by Goethe's Faust in the conception and execution of *Doctor Faustus* in spite of Mann's assertion that his version of the legend had nothing in common with the work of his famous predecessor Finally the presence of strong visual elements in the novel leads to an assessment of the critical reception accorded Franz Seitz's film adaptation of *Doctor Faustus* 1982 a dicey subject

in Mann circles since few filmed versions of his novellas or novels have enjoyed an unsullied reputation      **Distinguished Outsider** Christian Rogowski, 1994 A study of the shifts of critical opinion on Musil with special reference to *The Man Without Qualities* Austrian writer Robert Musil 1880-1942 ranks with Proust Joyce Kafka and Thomas Mann as a master of the modern prose narrative his works encompass a wide range of theoretical and aesthetic impulses ranging from Nietzsche to Mach from Gestalt theory to Freudian psychoanalysis This volume traces the scholarly reception of Musil's works marked by discontinuities and abrupt shifts of perception At the beginning of his career Musil was stereotyped as an author primarily interested in morally questionable psychological issues before being plunged into near oblivion by his exile forced by National Socialism After the Second World War he was rediscovered but the development of Musil studies was severely hampered by the inability to determine an authoritative edition of his unfinished masterpiece *Der Mann ohne Eigenschaften* *The Man without Qualities* 1930-43 Professor Rogowski shows how successive generations of scholars have appropriated Musil for their own ends constructing a bewildering and often contradictory array of images of the author according to their own ideological and methodological biases and how this multitude of different perspectives corresponds with changes in German studies and historical developments over the past four decades In so doing he sheds new light on Musil's paradoxical status as in the words of Frank Kermode the least read of the great twentieth century novelists CHRISTIAN ROGOWSKI is assistant professor of German at Amherst College      The German Novel, 1945-1960 Alan Bance, 1980      **Modern Fiction Studies**, 1970      People in Books Margaret E.
