Kincheloe, 2001 Annotation Kincheloe education City U of New York and Brooklyn College believes that social studies education in the U S has gone through 40 years of confusion and is now in critical need of reform In this text he explores how those who believe in and teach about the potentials of democracy can deal with postmodern American society and the feelings associated with it Throughout the text the author examines the relationship between teaching social studies and the lessons of the larger social cultural and political realms emphasizing the need for social studies educators to teach within the context of contemporary society Annotation c Book News Inc Portland OR booknews com **The British National**

**Bibliography** Arthur James Wells, 2000      *The Art of Critical Pedagogy* Jeffrey Michael Reyes Duncan-Andrade, Ernest Morrell, 2008 This book furthers the discussion concerning critical pedagogy and its practical applications for urban contexts. It addresses two looming yet under explored questions that have emerged with the ascendancy of critical pedagogy in the educational discourse: 1. What does critical pedagogy look like in work with urban youth and 2. How can a systematic investigation of critical work enacted in urban contexts simultaneously draw upon and push the core tenets of critical pedagogy? Addressing the tensions inherent in enacting critical pedagogy between working to disrupt and to successfully navigate oppressive institutionalized structures and between the practice of critical pedagogy and the current standards driven climate, *The Art of Critical Pedagogy* seeks to generate authentic internal and external dialogues among educators in search of texts that offer guidance for teaching for a more socially just world.      **Subject Guide to Books in Print**, 2001
