Critical Essays and Literary Fragments, 1903 Critical Essays and Literary Fragments, 1909 **Critical Essays and Literary Fragments** Edward Arber, 2007-10

PREFACE THE Author of this very practical treatise on Scotch Loch Fishing desires clearly that it may be of use to all who had it He does not pretend to have written anything new but to have attempted to put what he has to say in as readable a form as possible Everything in the way of the history and habits of fish has been studiously avoided and technicalities have been used as sparingly as possible The writing of this book has afforded him pleasure in his leisure moments and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general This section is interleaved with blank sheets for the readers notes The Author need hardly say that any suggestions addressed to the case of the publishers will meet with consideration in a future edition We do not pretend to write or enlarge upon a new subject Much has been said and written and well said and written too on the art of fishing but loch fishing has been rather looked upon as a second rate performance and to dispel this idea is one of the objects for which this present treatise has been written Far be it from us to say anything against fishing lawfully practised in any form but many pent up in our large towns will bear us out when we say that on the whole a days loch fishing is the most convenient One great matter is that the loch fisher is dependent on nothing but enough wind to curl the water and on a large loch it is very seldom that a dead calm prevails all day and can make his arrangements for a day weeks beforehand whereas the stream fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river it is quite another matter to arrange for a days river fishing if one is looking forward to a holiday at a date some weeks ahead Providence may favour the expectant angler with a good day and the water in order but experience has taught most of us that the good days are in the minority and that as is the case with our rapid running streams such as many of our northern streams are the water is either too large or too small unless as previously remarked you live near at hand and can catch it at its best A common belief in regard to loch fishing is that the tyro and the experienced angler have nearly the same chance in fishing the one from the stern and the other from the bow of the same boat Of all the absurd beliefs as to loch fishing this is one of the most absurd Try it Give the tyro either end of the boat he likes give him a cast of all flies he may fancy or even a cast similar to those which a crack may be using and if he catches one for every three the other has he may consider himself very lucky Of course there are lochs where the fish are not abundant and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught and where each has a fair chance Again it is said that the boatman has as much to do with catching trout in a loch as the angler Well we dont deny that In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream fishing

Essay of Dramatic Poesy may be said to make an era in the history of English criticism and to mark an era in the history of English prose composition It was incomparably the best purely critical treatise which had hitherto appeared in our language both synthetically in its definition and application of principles and particularly in its lucid exact and purely discriminating analysis It was also the most striking and successful illustration of what may be called the new prose style or that style which initiated by Hobbes and developed by Sprat Cowley and Denham¹ blended the ease and plasticity of colloquy with the solidity and dignity of rhetoric of that style in which Dryden was soon to become a consummate master About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Critical Essays and Literary Fragments J. Churton Collins, 2015-06-16 Excerpt from Critical Essays and Literary Fragments With an Introduction

The miscellaneous pieces comprised in this volume are of interest and value as illustrating the history of English literature and of an important side of English social life namely the character and status of the clergy in the seventeenth and early eighteenth centuries They have been arranged chronologically under the subjects with which they are respectively concerned The first three the excerpt from Wilson's Art of Rhetoric Sir Philip Sidney's Letter to his brother Robert and the

dissertation from Meres's *Palladis Tamia* are if minor certainly characteristic examples of pre-Elizabethan and Elizabethan literary criticism. The next three, the Dedicatory Epistle to the Rival Ladies, Howard's Preface to *Four New Plays* and the Essay of Dramatic Poesy, not only introduce us to one of the most interesting critical controversies of the seventeenth century but present us in the last work with an epoch-marking masterpiece both in English criticism and in English prose composition. Bishop Copleston's brochure brings us to the early days of the *Edinburgh Review* and to the dawn of the criticism with which we are unhappily only too familiar in our own time. From criticism we pass in the extract from Ellwood's life of himself to biography and social history to the most vivid account we have of Milton as a personality and in private life.
