Critical Perspectives On Mao Zedongs Thought:

Critical Perspectives on Mao Zedong's Thought Arif Dirlik, Paul Michael Healy, Nick Knight, 1997 An examination of the relationship between Marxism as a European historical experience and its international unfolding with the globalization of capitalism It sets Mao's thought in the context of Marxist tradition and Third World revolutionary discourse Routledge Handbook of Marxism and Post-Marxism Alex Callinicos, Stathis Kouvelakis, Lucia Pradella, 2020-12-29 In the past two decades Marxism has enjoyed a revitalization as a research program and a growth in its audience This renaissance is connected to the revival of anti capitalist contestation since the Seattle protests in 1999 and the impact of the global economic and financial crisis in 2007-8 It intersects with the emergence of Post Marxism since the 1980s represented by thinkers such as Jürgen Habermas Chantal Mouffe Ranajit Guha and Alain Badiou This handbook explores the development of Marxism and Post Marxism setting them in dialogue against a truly global backdrop Transcending the disciplinary boundaries between philosophy economics politics and history an international range of expert contributors guide the reader through the main varieties and preoccupations of Marxism and Post Marxism Through a series of framing and illustrative essays readers will explore these traditions starting from Marx and Engels themselves through the thinkers of the Second and Third Internationals Rosa Luxemburg Lenin and Trotsky among others the Tricontinental and Subaltern and Post Colonial Studies to more contemporary figures such as Huey Newton Fredric Jameson Judith Butler Immanuel Wallerstein and Samir Amin The Routledge Handbook of Marxism and Post Marxism will be of interest to scholars and researchers of philosophy cultural studies and theory sociology political economics and several areas of political science including political theory Marxism political ideologies and critical theory **Twentieth-Century Marxism** Daryl Glaser, David M. Walker, 2007-09-12 Divided into three parts examining Marxism historically geographically and thematically this book outlines and assesses the Marxist tradition as it developed in the twentieth century and considers its place and standing as we move into the twenty first century **The Emergence of Global Maoism** Matthew Galway, 2022-03-15 The Emergence of Global Maoism examines the spread of Mao Zedong's writings ideology and institutions when they traveled outside of China Matthew Galway links Chinese Communist Party efforts to globalize Maoism to the dialectical engagement of exported Maoism by Cambodian Maoist intellectuals How do ideas manifest outside of their place of origin Galway analyzes how universal ideological systems became localized both in Mao's indigenization of Marxism Leninism and in the Communist Party of Kampuchea's indigenization of Maoism into its own revolutionary ideology By examining the intellectual journeys of CPK leaders who during their studies in Paris in the 1950s became progressive activist intellectuals and full fledged Communists he shows that they responded to political and socioeconomic crises by speaking back to Maoism adapting it through practice without abandoning its universality Among Mao's greatest achievements the Sinification of Marxism enabled the CCP to canonize Mao's thought and export it to a progressive audience of international intellectuals These

intellectuals would come to embrace the ideology as they set a course for social change The Emergence of Global Maoism illuminates the process through which China moved its goal from class revolution to a larger anticolonial project that sought to cast out European and American imperialism from Asia Feng Youlan and Twentieth Century China Xiaoqing Diana Lin,2016-02-02 This is an intellectual biography of Feng Youlan Fung Yu lan 1895 1990 one of the preeminent Chinese philosophers of the 20th century Feng s life very well captured the vicissitudes of twentieth century Chinese politics and scholarship He made his name in the 1930s and 40s with a path breaking approach to Chinese philosophy And he was one of the few prominent pre 1949 non Communist Chinese scholars who attempted to influence Chinese society with prolific publications after 1949 This monograph explores Feng Youlan s work and the trajectory of changes in Feng s philosophical outlook against the social and political contexts of Feng s life from the 1920s to 1990 Feng s search for a framework of Chinese philosophy that is open and connected to foreign learning and a framework of self cultivation that is open to outside ideas continues to be important goals for Chinese philosophy today From Ah Q to Lei Feng Wendy Larson,2008-10-16 When Freudian sexual theory hit China in the early 20th century it ran up against competing models of the mind from both Chinese tradition and the new revolutionary culture Chinese theorists of the mind both traditional intellectuals and revolutionary psychologists steadily put forward the anti Freud a mind shaped not by deep interiority that must be excavated by professionals but shaped instead by social and cultural interactions Chinese novelists and film directors understood this focus and its relationship to Mao s revolutionary ethos and much of the literature of twentieth century China reflects the spiritual qualities of the revolutionary mind From Ah Q to Lei Feng investigates the continual clash of these contrasting models of the mind provided by Freud and revolutionary Chinese culture and explores how writers and filmmakers negotiated with the implications of each model Politics in China William A. Joseph,2024-07-19 Politics in China is an authoritative introduction to how the world s second most populous nation and rapidly rising global power is governed today Written by leading China scholars each chapter offers an accessible overview of a key topic in Chinese politics The fourth edition of Politics in China has been thoroughly updated and includes a new chapter on the rise and rule of Xi Jinping It is essential reading not only for students studying the PRC but also for any reader interested in learning how China has evolved in recent times how its political system works and about the most important challenges it faces in years ahead *China's Great Proletarian Cultural Revolution* Woei Lien Chong,2002-08-15 Treating China s Cultural Revolution as much more than a political event this innovative volume explores its ideological dimensions The contributors focus especially on the CR s discourse of heroism and messianism and its demonization of the enemy as reflected in political practice official literature and propaganda art arguing that these characteristics can be traced back to hitherto neglected undercurrents of Chinese tradition Moreover while most studies of the Cultural Revolution are content to point to the discredited cult of heroism and messianism this book also explores the alternative discourses that have flourished to fill the resulting vacuum The

contributors analyze the intense intellectual and artistic ferment in post Mao China that embody resistance to CR ideology as well as the urgent quest for authentic individuality new forms of social cohesion and historical truth Contributions by Anne Marie Brady Woei Lien Chong Lowell Dittmer Monika Gaenssbauer Nick Knight Stefan R Landsberger Nora Sausmikat Barend J ter Haar Natascha Vittinghoff and Lan Yang **Mao Zedong and the Chinese Revolution** Gregor Benton,2008 Comprehensively indexed and with an introduction newly written by the editor a leading expert in the field Mao Zedong and the Chinese Revolution is sure to be recognized as a vital reference resource for all serious Mao scholars Rethinking Mao Nick Knight,2007-01-01 Rethinking Mao offers an innovative perspective on the thought of Mao Zedong the major architect of the Chinese Revolution and leader of the People's Republic of China until his death in 1976 Utilizing a number of recently discovered documents written by Mao Nick Knight rethinks Mao by subjecting a number of controversial themes to fresh scrutiny This book provides a sophisticated analysis of Mao's views on the role of the peasants and working class in the Chinese revolution his theoretical attempt to make Marxism appropriate to Chinese conditions and his understanding of the Chinese road to socialism Knight includes a discussion of the theoretical difficulties in interpreting Mao's thought Rethinking Mao represents a challenge to many of the conventional accounts of Mao and his thoughts This book will appeal to scholars and students of Chinese history and politics as well as the history of Marxism in China Critical Readings on the Communist Party of China (4 Vols. Set) Kjeld Erik Brodsgaard,2016-12-12 The Chinese Communist Party CCP with nearly 90 million members is the largest ruling political party in the world Its power and influence reach into every corner of state society and economy in China Given the CCP's omnipresence in depth knowledge of how the CCP is organised and managed and how it will likely evolve is of paramount importance and is a basic prerequisite for understanding China's rise By bringing together the best scholarship on the CCP covering areas such as organisation cadre management recruitment and training ideology and propaganda factions and elites reform and adaptation corruption and law this collection provides a key to open the black box of Chinese politics **Chinese Studies in Philosophy** ,1991 **Whitaker's Books in Print** ,1998 *China Review International* ,1998 *Building Socialism at Chinese People's University* Douglas Alden Stiffler,2002 A Critical Introduction to Mao Timothy Cheek,2010-08-23 Mao Zedong's political career spanned more than half a century The ideas he championed transformed one of the largest nations on earth and inspired revolutionary movements across the world Even today Mao lives on in China where he is regarded by many as a near mythical figure and in the West where a burgeoning literature continues to debate his memory In this book leading scholars from different generations and around the world offer a critical evaluation of the life and legacy of China's most famous some would say infamous son The book brings the scholarship on Mao up to date and its alternative perspectives equip readers to assess for themselves the nature of this mercurial figure and his significance in modern Chinese history *China-Japan Relations in the Twenty-first Century* Michael Heazle,Nick Knight,2007 Draws on multidisciplinary perspectives to examine from both sides the domestic and
