Critical Terms For The Study Of Buddhism:

Critical Terms for the Study of Buddhism Donald S. Lopez Jr., 2009-11-15 Over the past century Buddhism has come to be seen as a world religion exceeding Christianity in longevity and according to many philosophical wisdom Buddhism has also increasingly been described as strongly ethical devoted to nonviolence and dedicated to bringing an end to human suffering And because it places such a strong emphasis on rational analysis Buddhism is considered more compatible with science than the other great religions As such Buddhism has been embraced in the West both as an alternative religion and as an alternative to religion This volume provides a unique introduction to Buddhism by examining categories essential for a nuanced understanding of its traditions Each of the fifteen essays here shows students how a fundamental term from art to word illuminates the practice of Buddhism both in traditional Buddhist societies and in the realms of modernity Apart from Buddha the list of terms in this collection deliberately includes none that are intrinsic to the religion Instead the contributors explore terms that are important for many fields and that invite interdisciplinary reflection Through incisive discussions of topics ranging from practice power and pedagogy to ritual history sex and death the authors offer new directions for the understanding of Buddhism taking constructive and sometimes polemical positions in an effort both to demonstrate the shortcomings of assumptions about the religion and the potential power of revisionary approaches Following the tradition of *Critical Terms for Religious Studies* this volume is not only an invaluable resource for the classroom but one that belongs on the short list of essential books for anyone seriously interested in Buddhism and Asian religions

The Oxford Handbook of Buddhist Practice Paula Kane Robinson Arai, Kevin Trainor, 2022 Foregrounds the impact of embodiment in Buddhism Highlights the diversity and fluidity of Buddhist identities The most comprehensive available volume on Buddhist practice Book jacket

Interpreting and Explaining Transcendence Robert A. Yelle, Jenny Ponzio, 2021-09-07 In this volume an interdisciplinary group of scholars uses history sociology anthropology and semiotics to approach Transcendence as a human phenomenon and shows the unavoidability of thinking with and through the Beyond Religious experience has often been defined as an encounter with a transcendent God Yet humans arguably have always tried to get outside or beyond themselves and society The drive to exceed some limit or condition of finitude is an enduring aspect of culture even in a disenchanted society that may have cut off most paths of access to the Beyond The contributors to this volume demonstrate the humanity of Transcendence in various ways as an effort to get beyond our crass physical materiality as spiritual entrepreneurship as the ecstasy of rituals of possession and as a literary aesthetic and semiotic event These efforts build from a shared conviction that Transcendence is thoroughly human and accordingly avoid purely confessional and parochial approaches while taking seriously the various claims and behavioral expressions of traditions in which Transcendence has been understood in theological terms

The Oxford Handbook of Religious Conversion Lewis Ray Rambo, Charles E. Farhadian, 2014 The Oxford Handbook of Religious Conversion offers a comprehensive exploration of the dynamics of religious conversion which for

centuries has profoundly shaped societies cultures and individuals throughout the world Scholars from a wide array of religions and disciplines interpret both the varieties of conversion experiences and the processes that inform this personal and communal phenomenon This volume examines the experiences of individuals and communities who change religions those who experience an intensification of their religion of origin and those who encounter new religions through colonial intrusion missionary work and charismatic and revitalization movements The thirty two innovative essays provide overviews of the history of particular religions including Hinduism Buddhism Confucianism Taoism Sikhism Islam Christianity Judaism indigenous religions and new religious movements The essays also offer a wide range of disciplinary perspectives psychological sociological anthropological legal political feminist and geographical on methods and theories deployed in understanding conversion and insight into various forms of deconversion

The Sacred Is the Profane William Arnal, Russell T. McCutcheon, 2013 The Sacred Is the Profane collects nine essays written over several years by William Arnal and Russell T. McCutcheon that share a convergent perspective not simply that both the category and concept religion is a construct something that we cannot assume to be natural or universal but also that the ability to think and act religiously is quite specifically a modern political category in its origins and effects the mere by product of the modern state These collected essays substantially rewritten for this volume advance current scholarly debates on secularism debates which the authors argue insufficiently theorize the sacred secular church state and private public binaries by presupposing religion often under the guise of such terms as religiosity faith or spirituality to historically precede the nation state The essays return again and again to the question of what religion word and concept accomplishes now for those who employ it whether at the popular political or scholarly level The focus here for two writers from seemingly different fields is on the efficacy costs and the tactical work carried out by dividing the world between religious and political church and state sacred and profane

Living Treasure Andrew Quintman, Holly Gayley, 2023-06-06 Senior scholars and former students celebrate the life and work of Janet Gyatso professor of Buddhist studies at Harvard Divinity School Inspired by her contributions to life writing Tibetan medicine gender studies and more these offerings make a rich feast for readers interested in Tibetan and Buddhist studies Janet Gyatso has made substantial influential and incredibly valuable contributions to the fields of Buddhist and Tibetan studies Her paradigm shifting approach is to take a topic an idea a text a term often one that had long been taken for granted or overlooked and turn it inside out to radically reimagine the kinds of questions that might be asked and what the answers might reveal The twenty nine essays in this volume authored by colleagues and former students many of whom are now also colleagues represent the breadth of her interests and influence and the care that she has taken in training the current generation of scholars of Tibet and Buddhism They are organized into five sections Women Gender and Sexuality Biography and Autobiography the Nyingma Imaginaire Literature Art and Poetry and Early Modernity Human and Nonhuman Worlds Contributions include Jos Cabez n on the incorporation of a Buddhist rock carving in Central Asian culture Matthew Kapstein

on the memoirs of an ambivalent reincarnated lama Willa Baker on Jikm Lingpa's theory of absence Andrew Quintman on a found poem expressing worldly sadness on the forced closure of a monastery and Padma tsho on Tibetan women's advocacy for full female ordination These and the many other chapters each fascinating reads in their own right together offer a glowing tribute to a scholar who indelibly changed the way we think about Buddhism its history and its literature *Critical Terms for Religious Studies* Mark C. Taylor, 2013-07-09 A century that began with modernism sweeping across Europe is ending with a remarkable resurgence of religious beliefs and practices throughout the world Wherever one looks today from headlines about political turmoil in the Middle East to pop music and videos one cannot escape the pivotal role of religious beliefs and practices in shaping selves societies and cultures Following in the very successful tradition of *Critical Terms for Literary Studies* and *Critical Terms for Art History* this book attempts to provide a revitalized self-aware vocabulary with which this bewildering religious diversity can be accurately described and responsibly discussed Leading scholars working in a variety of traditions demonstrate through their incisive discussions that even our most basic terms for understanding religion are not neutral but carry specific historical and conceptual freight These essays adopt the approach that has won this book's predecessors such widespread acclaim each provides a concise history of a critical term explores the issues raised by the term and puts the term to use in an analysis of a religious work practice or event Moving across Judaism Christianity Hinduism Buddhism Islam and Native American and Mayan religions contributors explore terms ranging from experience territory and image to God sacrifice and transgression The result is an essential reference that will reshape the field of religious studies and transform the way in which religion is understood by scholars from all disciplines including anthropology sociology psychology cultural studies gender studies and literary studies *Japanese Journal of Religious Studies*, 2007 **China Review International**, 2006 *Religion and Society*, 2008 **Buddhist Virtues for Socio-economic Development**, 2011 *The Journal of Japanese Studies*, 2006 **Encyclopedia of Love in World Religions [2 Volumes]** Yudit Kornberg Greenberg, 2008 This is the first comprehensive resource on the subject of love in the teachings of the world's major religions cultures and philosophies *Encyclopedia of Love in World Religions* is the first reference work to offer a comprehensive portrait of love in the context of the classic and contemporary literature of Judaism Christianity Islam Buddhism and Hinduism as well as other cultures and philosophies Like no volume published to date it reveals the full richness of religious teachings on love in all its many forms exploring an extensive range of topics that offer philosophical psychological and religious perspectives to guide the quest for the meaning of love *Encyclopedia of Love in World Religions* features approximately 300 subject entries as well as insightful biographic sketches of preeminent thinkers all written by a multidisciplinary team of some of the foremost scholars on the subject Entries examine both general and culture-specific interpretations of love not just the dichotomy of spiritual and physical love but the full emotional spectrum of love in relationships and practices Collectively they encompass love's integral and sometimes conflicting role in shaping

beliefs and behavior in a vastly diverse world 300 entries covering notions of love that include emotions actions and relationships as expressed in world religions philosophies and cultures Contributions from nearly 200 distinguished international scholars representing diverse religious traditions and cultures A vivid and informative illustration program of classic art drawings and photographs representing love in the full spectrum of the world s spiritual cultures Bibliographies of key sources for each entry with citations from a variety of disciplines religion philosophy history anthropology and more Indexes organized by concepts titles of classic texts and religions 田中重雄 James Baskind,2009 **The Review of Metaphysics** ,2005 **Japanese Religions** ,2005 田中重雄 ,2008 **Asian Ethnology** ,2008 **Book Review Index** ,2006 Every 3rd issue is a quarterly cumulation **Book Review Digest** ,1923
