

Critical Theory And Clabroom Talk

Philip Wexler

Critical Theory And Clabroom Talk:

Order Without Rules David Bogen, 1999-04-29 *Order Without Rules* establishes the basic terms for a critical discourse between the theory of communicative action and the tradition of practice based inquiries inspired by Wittgenstein and elaborated within the field of ethnomethodology. It argues that such a discourse not only is possible but that it is essential if critical theory is to move beyond the crisis caused by the decline of the great rationalist social projects of the past two centuries and the simultaneous rise of an array of post enlightenment and anti rationalist movements waiting to take their place. Since Max Weber social theory has been faced with a paradox the problem of rationality that seems to challenge the very foundations of critical and humanist visions of modern society. According to Weber as industrial societies develop they increasingly are dominated by rational procedures for the production of goods the organization of human resources and the management of information. The paradox consists in the fact that while modern society is in this instrumental sense becoming more rationalized the prospects for developing political and cultural institutions which are linked to a progressive vision of rational discourse and democratic will formation are diminished. *Order Without Rules* addresses the problem of rationality in its most contemporary incarnation the critical theory of the German philosopher and social critic Jürgen Habermas. Habermas attempts to resolve the Weberian paradox by identifying the rational core of communication with universal processes of interpretive understanding that are present in everyday conversation. Drawing upon the work within the Wittgensteinian and ethnomethodological traditions of linguistic and social analysis this book questions whether the logic of language underlying Habermas's theory of communicative action is in fact the defining feature of conversational practice. It is argued that Habermas's conception of linguistic rules and their connection to rational action is ill founded and that a fundamental rethinking of his concept of communicative action is therefore required. Throughout the book a reflexive orientation is maintained toward questions of method and the internal relationship between disciplinary practices and empirical phenomena.

Street Smarts and Critical Theory Thomas McLaughlin, 1996-11-15 Like academic theorists who are trained in a tradition of philosophical and political skepticism that challenges all orthodoxies the vernacular theorists McLaughlin identifies display a lively and healthy alertness to contradiction and propaganda. They are not passive victims of ideology but active questioners of the belief systems that have power over their lives. Their theoretical work arises from the circumstances they confront on the job in the family in popular culture. And their questioning of established institutions McLaughlin contends is essential and healthy for it clarifies the purpose and strategies of institutions and justifies the existence of cultural practices.

Conversations Charles Moran, Elizabeth Penfield, 1990 An extension of conversations that originally took place at summer institutes devoted to literary theory sponsored by the National Council of Teachers of English this book presents diverse critical perspectives on current topics of literature such as post structuralism cultural criticism reader response theory and issues of gender and canon. Articles listed with their authors are as follows

Critical Theory and the Digital David M. Berry, 2015-07-30 This Critical Theory and Contemporary Society volume re examines critical theory in light of the challenges raised by today's digital revolution Critical Theory and Practice Keith Green, 1996 Critical Theory and World Politics Richard Wyn Jones, 2001 This text brings together leading critical theorists of world politics to discuss both the promise and the pitfalls of their work The contributors range broadly across the terrain of world politics engaging with both theory and emancipatory practice Critiques by two scholars from other IR traditions are also included The result is a seminal statement of the critical theory approach to understanding world politics *Critical Theory Philosophy* David Ingram, 1990 Critical Theory and Philosophy illuminates one of the most complex and influential philosophical movements of this century After tracking Critical Theory to its source in the works of Kant Hegel Marx and Weber David Ingram examines the four major figures of the Frankfurt School Theodor Adorno Max Horkheimer Herbert Marcuse and Jurgen Habermas The logical structure of this text guides both novice and veteran students through specific social and political concerns toward a gradual understanding of the philosophy of critical evaluation Includes chapters on The Philosophical Roots of Critical Theory Freud and the Problem of Ideology Weber and the Dialectic of Enlightenment Marcuse and the New Politics of Liberation Horkheimer and Habermas on Critical Methodology Contemporary Trends in Social Philosophy **Critical Theory in the Twenty-First Century** Darrow Schecter, 2013-08-29 Critical Theory in the Twenty First Century provides a thorough overview of critical theory looking at its history and shortfalls First the book explains the developments from the Frankfurt School and from more recent schools of thought including Derrida Deleuze deconstruction and post structuralism Then it looks at how critical theory has not kept pace with the changes and conflicts brought on by the post Cold War world and globalization and how its deficits can be addressed For the author more than ever critical theory needs to synthesize theoretical perspective and empirical research It also needs to be reconfigured in the light of the demands of new social movements post colonialism and globalization This volume is part of Critical Theory and

Contemporary Society a series that uses critical theory to explore contemporary society as a complex phenomenon and includes works on democracy social movements and terrorism A unique resource Critical Theory in the Twenty First Century will interest anyone researching issues in political theory international relations theory social theory and critical theory

Introduction to Critical Theory David Held, 2023-04-28 The writings of the critical theorists caught the imagination of students and intellectuals in the 1960s and 1970s They became a key element in the formation and self understanding of the New Left and have been the subject of continuing controversy Partly because of their rise to prominence during the political turmoil of the sixties and partly because they draw on traditions rarely studied in the Anglo American world the works of these authors are often misunderstood In this book David Held provides a much needed introduction to and evaluation of critical theory He is concerned mainly with the thought of the Frankfurt school Horkheimer Adorno Marcuse in particular and with Habermas one of Europe's leading contemporary thinkers Several of the major themes considered are critical theory's relation to Marx's critique of the political economy Freudian psychoanalysis aesthetics and the philosophy of history There is also a discussion of critical theory's substantive contribution to the analysis of capitalism culture the family and the individual as well as its contribution to epistemology and methodology Held's book will be necessary reading for all concerned with understanding and evaluating one of the most influential intellectual movements of our time *Using*

Critical Theory Lois Tyson, 2011 *Critical Theory Now* Philip Wexler, 1991 First Published in 1991 Routledge is an imprint of Taylor Francis an informa company

James Joyce and Critical Theory Alan Roughley, 1991 Academic introductory study of the application of modern critical theories to the writings of James Joyce notably *Ulysses* and *Finnegans Wake* Separate chapters examine semiotics structuralism Marxism psychoanalytic theory poststructuralism and feminist critiques Includes a bibliography and index The author is a lecturer in English at the University of New England **Critical Theory and Methodology** Raymond A. Morrow, Raymond Allen Morrow, David D. Brown, 1994-06-29 Recipient of Choice Magazine's 1996 Outstanding Academic Book Award Author Raymond Morrow outlines and recounts the development of the major tenets of critical theory exemplifying them through the works of two of their most influential recent adherents Jürgen Habermas and Anthony Giddens Beginning with a comprehensive yet meticulous explication of critical theory and its history the author next discusses it within the context of a research program his work concludes with an examination of empirical methods Emphasizing the connections between critical theory empirical research and social science methodology Morrow's volume offers refreshing insights on traditional and current material

The Critical Turn Michael Morton, 1993 The Critical Turn undertakes a refutation of contemporary philosophical skepticism focusing on the theories of Richard Rorty Lyotard Foucault Kuhn and Feyerabend among others The author shows how dogmatism and skepticism were together rendered obsolete in the eighteenth century by the critical turn of Kant and Herder and again in the first half of the twentieth century by Wittgenstein A provocative study of the importance of a partially neglected strain of the German philosophical

tradition for contemporary American critical theory the book will have a great impact on future discussions of German and American critical thought
