Critical Bibliography Of Old English Syntax:

A Critical Bibliography of Old English Syntax Bruce Mitchell, 1991-01-15 This work supplements the author's two volume *Old English Syntax* Oxford Clarendon Press 1985 It contains what is intended to be a bibliography complete to the end of 1984 of books doctoral dissertations articles notes and reviews on the syntax of Old English with cross references and with comments on items other than reviews a subject index thereto and the index of authors and reviewers which is by design missing in *Old English Syntax* but which gives references to both books It provides an introduction a section dealing with general works eleven chapters which parallel those in *Old English Syntax* and three appendixes which include inter alia addenda and corrigenda to *Old English Syntax* All items other than reviews are allotted a number and some important post 1984 publications are included There are some 1150 numbered items later additions being marked A or B The bias of previous work is demonstrated by the fact that over 45% of these are on chapter II The Parts of Speech and their Functions Three categories are marked by symbols the first indicates items which can now safely be disregarded the second those discussed and evaluated in *Old English Syntax* and the third those written from a modern linguistic point of view There are deliberate omissions no reviews are listed for items 1-50A bibliographies dictionaries and grammars or for collections from which individual items are cited and abstracts of conference papers are excluded Items concerned with prefixes and phrasal verbs OES sections 1060-80 and with element order OES sections 3887-951 have been divided into appropriate groups without critical comments for individual items The word critical in the title reflects the fact that the author's overwhelming loyalty is to *Old English Syntax* and to users of this book not to the writers whose work he discusses *A Critical Bibliography of Old English Syntax* Bruce Mitchell, Susan Irvine, 1999 *English Historical Linguistics. Volume 2* Alexander Bergs, Laurel J. Brinton, 2012-10-01 **English Historical Syntax** David Denison, 2014-06-11 This study brings together many of the resources needed for the exploration of English historical syntax and deals with many of the important changes in English sentence structure from Old English to present It also features a survey of published research from both classical and modern linguistic traditions as well as new research by the author Provides guidance on methodology important reference materials and the general history of the English language **The Anglo-Saxon chronicle** D. N. Dumville, Simon Keynes, Simon Taylor, 1983 Part of the Anglo Saxon Chronicle Collaborative Series which now includes editions of the main texts through from A to F This volume offers a new edition of the E text of the Anglo Saxon Chronicle commonly known as the Peterborough Chronicle The E text is of enormous importance in Chronicle studies in its early part it is the best representative of the Northern Recension of the Chronicle in continuing up to the second half of the twelfth century its span is by far the longest of all the versions Even more than other versions of the Chronicle it reflects transitions of vital interest to historians linguists and literary scholars The E text has not been edited in its entirety except as a facsimile for over a century This semi diplomatic edition offers a readable text with modern punctuation and capitalization The interpolated material

relating to Peterborough is clearly distinguished from the rest of the text Indices of personal names people names and place names follow the text itself The Introduction includes an account of the manuscript and a linguistic analysis of the E text The E text cannot of course be studied in isolation This volume is part of the Anglo Saxon Chronicle Collaborative Series and with its publication the Series now includes editions of the main texts through from A to F A substantial section of the Introduction to the volume is devoted to a detailed discussion of E s complex textual relationships with the other versions of the Chronicle and also with other relevant documents such as Peterborough Charters and twelfth century Latin chronicles Dr SUSAN IRVINE is Senior Lecturer in the Department of English University College London
