Critical Essays On Albert Camus:

Lyrical and Critical Essays Albert Camus, 2012-10-31 Edited by Philip Thody translated by Ellen Conroy Kennedy Here now for the first time in a complete English translation we have Camus three little volumes of essays plus a selection of his critical comments on literature and his own place in it As might be expected the main interest of these writings is that they illuminate new facets of his usual subject matter The New York Times Book Review a new single work for American readers that stands among the very finest The Nation **Albert Camus's The Stranger** Peter Francev, 2014-06-26 Often marginalised on the sidelines of both philosophy and literature the works of Albert Camus have in recent years undergone a renaissance While most readers in either discipline claim Camus and his works to be theirs the scholars presented in this volume tend to see him and his works in both philosophy and literature This volume is a collection of critical essays by an international menagerie of Camus experts who despite their interpretive differences see Camus through both lenses For them he is a novelist essayist who embodies a philosophy that was never fully developed due to his brief life The essays here examine Camus's first published novel The Stranger from a variety of critical and theoretical perspectives each drawing on the author's knowledge to present the first known critical examination in English As such this volume will shed new light on previous scholarship *Critical Essays on Albert Camus* Bettina Liebowitz Knapp, 1988 Critical essays about the life and work of Albert Camus Camus Germaine Brée, 1962 Political religious philosophical and literary evaluations of Camus works Camus Germaine Brée, 1969 **Camus** Germaine Bree, 2003-01-01 **ALBERT CAMUS LYRICAL AND CRITICAL ESSAYS** Philip Thody, 1968 **Camus. Translated from the French by Ellen Conroy Kennedy* Albert Camus, **Albert Camus** Harold Bloom, 2009 Presents a biography of the author Albert Camus along with critical views of his work **Critical Essays** Jean-Paul Sartre, 2017 Critical Essays Situations I contains essays on literature and philosophy from a highly formative period of French philosopher and leading existentialist Jean Paul Sartre's life the years between 1938 and 1946 This period is particularly interesting because it is before Sartre published the magnum opus that would solidify his name as a philosopher Being and Nothingness Instead during this time Sartre was emerging as one of France's most promising young novelists and playwrights he had already published Nausea The Age of Reason The Flies and No Exit Not content however he was meanwhile consciously attempting to revive the form of the essay via detailed examinations of writers who were to become central to European cultural life in the immediate aftermath of World War II Collected here are Sartre's experiments in reimagining the idea and structure of the essay Among the distinguished writers he analyzes are Francis Ponge Georges Bataille Vladimir Nabokov Maurice Blanchot and of course Albert Camus whose novel The Stranger Sartre endeavours to explain in these pages Critical Essays Situations I also contains a famous attack on the Catholic novelist François Mauriac studies of the great American

Zaretsky, 2011-07-15 Like many others of my generation I first read Camus in high school I carried him in my backpack while traveling across Europe I carried him into and out of relationships and I carried him into and out of difficult periods of my life More recently I have carried him into university classes that I have taught coming out of them with a renewed appreciation of his art To be sure my idea of Camus thirty years ago scarcely resembles my idea of him today While my admiration and attachment to his writings remain as great as they were long ago the reasons are more complicated and critical Robert Zaretsky On October 16 1957 Albert Camus was dining in a small restaurant on Paris's Left Bank when a waiter approached him with news the radio had just announced that Camus had won the Nobel
