*Deep hiStories* ,2021-11-22 Deep hiStories represents the first substantial publication on gender and colonialism in Southern Africa in recent years and suggests methodological ways forward for a post apartheid and postcolonial generation of scholars The volume s theorizing which is based on Southern African regional material is certain to impact on international debates on gender debates which have shifted from earlier feminisms towards theorizations which include sexual difference subjectivities colonial and postcolonial discourses and the politics of representation Deep hiStories goes beyond the dichotomies which have largely characterized the discussion of women and gender in Africa and explores alternative models of interpretation such as genealogies of voice These genealogies transcend the conventional binaries of visibility and invisibility speaking and silence Works covering South Africa from the eighteenth to the twentieth century and Zimbabwe Namibia and Cameroon in the twentieth include Colonial readings of Foucault Ideologies of domesticity Torture and testimony of slave women Women as missionary targets Gender and the public sphere Race science and spectacle Male nursing on mines Infanticide insanity and social control Fertility and the postcolonial state Literary reconstructions of the past Gender blending and code switching De colonizing the queer The collection includes diverse research on the body in Southern Africa for the first time It brings new subtleties to the ongoing debates on culture civility and sexuality dealing centrally with constructions of race and whiteness in history and literature It is an important resource for teachers and students of gender and colonial studies *The Facts on File Companion to the French Novel* Karen L. Taylor,2006 French novels such as Madame Bovary and The Stranger are staples of high school and college literature courses This work provides coverage of the French novel since its origins in the 16th century with an emphasis on novels most commonly studied in high school and college courses in world literature and in French culture and civilization Critical Perspectives on Léopold Sédar Senghor Janice Spleth,1993 This collection of essays aims to highlight the importance that Senghor has had in bringing an African perspective about Africa to the West Topics covered include Senghor s ideology his poetic method and the influence of Western religion on his work Critical Perspectives on Chinua Achebe Catherine Lynette Innes,Bernth Lindfors,1978 The Quebec Connection Julie-Françoise Tolliver,2020-12-03 From the 1950s to the 1970s the idea of independence inspired radical changes across the French speaking world In The Quebec Connection Julie Fran oise Tolliver examines the links and parallels that writers from Quebec the Caribbean and Africa imagined to unite that world illuminating the tropes they used to articulate solidarities across the race and class differences that marked their experience Tolliver argues that the French tongue both enabled and delimited connections between these writers restricting their potential with the language s own imperial history The literary map that emerges demonstrates the plurality of French language literatures going beyond the concept of a single unitary francophone literature to appreciate the profuse range of imaginaries connected

by solidary texts that hoped for transformative independence. Importantly, the book expands the francophone framework by connecting African and Caribbean literatures to Quebecois literature, attending to their interactions while recognizing their particularities. The Quebec Connection's analysis of transnational francophone solidarities radically alters the field of francophone studies by redressing the racial logic that isolates the northern province from what has come to be called the postcolonial world.

**Historical Dictionary of the Republic of Cameroon** Mark W. DeLancey, Mark Dike DeLancey, 2000 Cameroon is one of the intriguing countries in Africa, often viewed as Africa in miniature.
