Critical Perspectives On Vs Naipaul Critical Perspectives 2:

Critical Perspectives on V. S. Naipaul Robert D. Hamner, 1977 This collection combines articles by Naipaul himself reflecting his developing ideas from 1958 through the mid 1970s with fourteen perceptive essays representing his reception among critics

Critical Response to V. S. Naipaul and Mulk Raj Anand Amar Nath Prasad, 2003 Critical Perspectives on Derek Walcott Robert D. Hamner, 1993 The articles in this collection are representative of the criticism that has followed Walcott's career from the 1940s into the 1990s Ten entries by Walcott himself including one not previously published and two vital interviews are complemented by some 40 incisive essays and reviews ranging from professional assessments to the rare personal observations of Walcott's earliest mentors

Critical Perspectives on Indo-Caribbean Women's Literature Joy Allison Indira Mahabir, Mariam Pirbhai, 2013 This book is the first collection on Indo Caribbean women's writing and the first work to offer a sustained analysis of the literature from a range of theoretical and critical perspectives such as ecocriticism feminist queer post colonial and Caribbean cultural theories The essays not only lay the framework of an emerging and growing field but also critically situate internationally acclaimed writers such as Shani Mootoo Lakshmi Persaud and Ramabai Espinet within this emerging tradition Indo Caribbean women writers provide a fresh new perspective in Caribbean literature be it in their unique representations of plantation history anti colonial movements diasporic identities feminisms ethnicity and race or contemporary Caribbean societies and culture The book offers a theoretical reading of the poetics politics and cultural traditions that inform Indo Caribbean women's writing arguing that while women writers work with and through postcolonial and Caribbean cultural theories they also respond to a distinctive set of influences and realities specific to their positioning within the Indo Caribbean community and the wider national regional and global imaginary Contributors visit the overlap between national and transnational engagements in Indo Caribbean women's literature considering the writers response to local or nationally specific contexts and the writers response to the diasporic and transnational modalities of Caribbean and Indo Caribbean communities

The Contemporary Novel Irving Adelman, Rita Dworkin, 1997-10-09 In this new edition what was already an expansive work has been updated and further enlarged to include information not only on American and British novelists but also on writers in English from around the world

The Routledge Companion to Anglophone Caribbean Literature Michael A. Bucknor, Alison Donnell, 2011-06-14 This Companion is divided into six sections that provide an introduction to and critical history of the field discussions of key texts and a critical debate on major topics such as the nation race gender and migration In the final section contributors examine the material dissemination of Caribbean literature and point towards the new directions that Caribbean literature and criticism are taking

Disturbers of the Peace Kelly Baker Josephs, 2013-10-11 Exploring the prevalence of madness in Caribbean texts written in English in the mid twentieth century Kelly Baker Josephs focuses on celebrated writers such as Jean Rhys V S Naipaul and Derek Walcott as well as on understudied writers such as

Sylvia Wynter and Erna Brodber Because mad figures appear frequently in Caribbean literature from French Spanish and English traditions in roles ranging from bit parts to first person narrators the author regards madness as a part of the West Indian literary aesthetic The relatively condensed decolonization of the anglophone islands during the 1960s and 1970s she argues makes literature written in English during this time especially rich for an examination of the function of madness in literary critiques of colonialism and in the Caribbean project of nation making In drawing connections between madness and literature gender and religion this book speaks not only to the field of Caribbean studies but also to colonial and postcolonial literature in general The volume closes with a study of twenty first century literature of the Caribbean diaspora

demonstrating that Caribbean writers still turn to representations of madness to depict their changing worlds **The Reader's Adviser** Marion Sader,1994 Heartily recommended Since not even a reference librarian par excellence can come close to knowing the best in any given discipline no library should be without access to this set for its patrons Booklist impressively meets a quite formidable task providing basic material on many subjects for the nonspecialist student librarian Choice From age old classics to the writings of today The Reader's Adviser 14th Edition helps you and your patrons select and appreciate the world's greatest books This monumental work features hundreds of authors and thousands of works new to this edition plus updated entries and revised material in every chapter updated critical and biographical profiles reflecting the latest understanding and scholarship more women writers and more culturally diverse writers from around the world title name subject indexes in every volume Order the complete 6 volume set for only 500 00 a savings of 160 00 if you purchased each volume separately **Naipaul's Strangers** Dagmar Barnouw,2003 From his reporting on Islamic true believers to his descriptions of the postcolonial world V S Naipaul has been a controversial figure in contemporary letters Winner of the Nobel Prize Naipaul has traveled throughout the world looking at its varied cultures and seeking out others stories recording and transforming them His engagement with postcolonial cultures informs his novels such as Guerrillas and A Bend in the River However it is his documentaries such as Among the Believers and Beyond Belief and his works that combine actual and fictional histories and memories Finding the Center The Enigma of Arrival and A Way in the World that best exhibit a growing awareness of the complexities of cultural difference and the incompleteness and uncertainty of understanding strangers In this book Dagmar Barnouw explores the sophisticated strategies and experimentations that Naipaul employs in his cultural critique and in his enterprise of learning about and documenting the enduring strangeness of this world
