The success of his *Essay on Criticism* published in 1711 brought Pope a wider circle of friends notably Richard Steele and Joseph Addison who were then collaborating on the journal *The Spectator*. To this journal Pope contributed the most original of his pastorals *The Messiah* 1712. He was clearly influenced by *The Spectator*'s policy of correcting public morals by witty admonishment and in this vein he wrote the first version of his mock epic *The Rape of the Lock* two canto version 1712 five canto version 1714 to reconcile two Catholic families. It was John Caryl who brought the family quarrel to the attention of Pope. Lord Petre had stolen a lock of Miss Arabella Fermor's hair which caused an animosity between the Petres and the Fermors who had lived in great friendship before Caryl had been staying with Lord Petre at Ingatestone in Essex which was the assumed setting of the rape. 1 Caryl suggested that Pope should write a poem to make a jest of it and laugh them together again. 2 Pope treated the dispute between the families as though it were comparable to the mighty quarrel between Greeks and Trojans which had been Homer's theme. Telling the story with all the pomp and circumstance of epic made not only the participants in the quarrel but also the society they lived in seem ridiculous. *The Rape* owes its richness and resonance to its overstructure of powerful dangerous motifs. 3 With this opinion Warren rejects the romantic view of the Rape as a filigree artifice of the play with the fires of sex and religion and he substantiates his argument with the notion that religion in Pope's mock epic is replaced by the Baron's and Belinda's altars to Pride and Love. 1 Cf eg Cunningham J S Pope *The Rape of the Lock* London Edward Arnold Ltd 1970 1st ed 1961 p 9f Hereafter cited as Cunningham J S Pope *The Rape of the Lock* 2 Notes to *The Rape of the Lock* in Pope Alexander *The Rape of the Lock* In Alexander Pope A selection of his finest poems Oxford Poetry Library Ed Pat Rogers Oxford Oxford University Press 1994 p 185 Hereafter cited as Pope Alexander *The Rape of the Lock* 3 Warren Austin *The Rape of the Lock as Burlesque* Extract In *Critics on Pope Readings in Literary Criticism* series Ed Judith O'Neill London George Allen and Unwin Ltd 1973 p 81 *An Introduction to Literature, Criticism and Theory* Andrew Bennett, Nicholas Royle, 2014-07-10 Fresh original and compelling *An Introduction to Literature Criticism and Theory* is the essential guide to literary studies. Starting at the beginning and concluding with the end the book covers topics that range from the familiar character narrative the author to the more unusual secrets pleasure ghosts. Eschewing abstract isms Bennett and Royle successfully illuminate complex ideas by engaging directly with literary works so that a reading of *Jane Eyre* opens up ways of thinking about racial difference whilst Chaucer Raymond Chandler

and Monty Python are all invoked in a discussion of literary laughter Each chapter ends with a narrative guide to further reading and the book also includes a glossary and bibliography The fourth edition has been revised to incorporate two timely new chapters on animals and the environment A breath of fresh air in a field that can often seem dry and dauntingly theoretical this book will open the reader's eyes to the exhilarating possibilities of both reading and studying literature

Literary Criticism Gary Day, 2008-07-04 A THE Book of the Week Did you know that Aristotle thought the best tragedies were those which ended happily Or that the first mention of the motor car in literature may have been in 1791 in James Boswell's *Life of Johnson* Or that it was not unknown in the nineteenth century for book reviews to be 30 000 words long These are just a few of the fascinating facts to be found in this absorbing history of literary criticism From the Ancient Greek period to the present day we learn about critics lives the times in which they lived and how the same problems of interpretation and valuation persist through the ages In this lively and engaging book Gary Day questions whether the theory wars of recent years have lost sight of the actual literature and makes surprising connections between criticism and a range of subjects including the rise of money General readers will appreciate this informative intriguing and often provocative

Graduate School, 1929 **Scholarly Books in America** , 1969 [Reading London](#) Erik Bond, 2007 While seventeenth century London may immediately evoke images of Shakespeare and thatched roof tops and nineteenth century London may call forth images of Dickens and cobblestones a popular conception of eighteenth century London has been more difficult to imagine In fact the immense variety of textual traditions metaphors classical allusions and contemporary contexts that eighteenth century writers use to illustrate eighteenth century London may make eighteenth century London seem more strange and foreign to twenty first century readers than any of its other historical reincarnations Indeed imagining a familiar unified London was precisely the task that occupied so many writers in London after the 1666 Fire decimated the City and the 1688 Glorious Revolution destabilized the English monarchy's absolute power In the authoritative void created by these two events writers in London faced not only the problem of how to guide readers imaginations to a unified conception of

London but also the problem of how to govern readers whom they would never meet Erik Bond argues that Restoration London s rapidly changing administrative geography as well as mid eighteenth century London s proliferation of print helped writers generate several strategies to imagine that they could control not only other Londoners but also their interior selves As a result Reading London encourages readers to respect the historical alterity or otherness of eighteenth century literature while recognizing that these historical alternatives prove that our present problems with urban societies do not have to be this way In fact the chapters illustrate how eighteenth century writers gesture towards solutions to problems that urban citizens now face in terms of urban terror crime policing and communal conduct
