Critics of Culture Alan Trachtenberg, 1976 Books in Series in the United States R.R. Bowker Company, Dept. of Bibliography Staff, 1978 Books for College Libraries: Language and literature, 1988 **American Book Publishing Record Cumulative, 1950-1977** R.R. Bowker Company. Department of Bibliography, 1978 *Library of Congress Catalogs* Library of Congress, 1978 **American Book Publishing Record**, 1996 **Books in Series**, 1985 Vols for 1980 issued in three parts Series Authors and Titles **Monographic Series** Library of Congress, National Union Catalog, 1973 Includes entries for maps and atlases *Subject Catalog* Library of Congress, 1976 **The British National Bibliography** Arthur James Wells, 1994 **Library of Congress Catalog** Library of Congress, 1970 A cumulative list of works represented by Library of Congress printed cards **Writings on American History, 1962-73** James R. Masterson, American Historical Association, 1985 This book provides a comprehensive listing of the book length works published from 1962 to 1973 that are relevant to the study of American history and is organized into a subject classification system This bibliography gives access to over 50 000 works on the history the geography and the political social and economic aspects of the United States its people its government and its institutions The entries cover the entire area now within the United States or under its jurisdiction ranging from prehistoric times to 1973 Introd **The Science of Synthesis** Debora Hammond, 2011-05-18 Debora Hammond s *The Science of Synthesis* explores the development of general systems theory and the individuals who gathered together around that idea to form the Society for General Systems Research In examining the life and work of the SGSR s five founding members Ludwig von Bertalanffy Kenneth Boulding Ralph Gerard James Grier Miller and Anatol Rapoport Hammond traces the emergence of systems ideas across a broad range of disciplines in the mid twentieth century Both metaphor and framework the systems concept as articulated by its earliest proponents highlights relationship and interconnectedness among the biological ecological social psychological and technological dimensions of our increasingly complex lives Seeking to transcend the reductionism and mechanism of classical science which they saw as limited by its focus on the discrete component parts of reality the general systems community hoped to complement this analytic approach with a more holistic orientation As one of many systems traditions the general systems group was specifically interested in fostering collaboration and integration among different disciplinary perspectives with an emphasis on nurturing more participatory and truly democratic forms of social organization The Science of Synthesis documents a unique episode in the history of modern thought one that remains relevant today This book will be of interest to historians of science system thinkers scholars and practitioners in the social sciences management organization development and related fields as well as the general reader interested in the history of ideas that have shaped critical developments in the second half of the twentieth century **The Oxford Handbook of Sociology, Social Theory, and Organization Studies** Paul S. Adler, Paul Du Gay, Glenn Morgan, Michael I. Reed, 2014 Sociology and social theory has always been a major source of new perspectives

for organization studies Access to a series of authoritative accounts of theorists and research themes in sociology and social theory which have influenced developments in organization studies is essential for those wishing to deepen and extend their knowledge of the intersection of sociology and organization studies This goal is achieved by drawing on a group of internationally renowned scholars committed in their own work to strengthening these links and asking them to provide critical accounts of particular theorists and research themes which have straddled this divide This volume aims to strengthen ties between organization studies and contemporary sociological work at a time when there are increasing institutional barriers to such cooperation potentially generating a myopia that constricts new developments Used in conjunction with its companion volume The Oxford Handbook of Sociology and Organization Studies Classical Foundations the reader is provided with a comprehensive account of the productive and critical interaction between sociology and organization studies over many decades Highly international in scope theorists and themes are drawn from both the USA and Europe in equal measure Similarly the authors of the chapters are drawn from both sides of the Atlantic The result is a series of chapters on individuals and key research themes and debates which will provide faculty and post graduate researchers with appreciative authoritative and critical accounts that can be drawn on to design courses or provided guided reading to the field

Проблемы культуры за рубежом Z. S. Butaeva,1978 **Qualitative Research & Evaluation Methods** Michael Quinn Patton,2014-10-29 Drawing on more than 40 years of experience conducting applied social science research and program evaluation author Michael Quinn Patton has crafted the most comprehensive and systematic book on qualitative research and evaluation methods inquiry frameworks and analysis options available today Now offering more balance between applied research and evaluation this Fourth Edition of Qualitative Research more than a hundred new summarizing and synthesizing exhibits and a wide range of new highlight sections sidebars that elaborate on important and emergent issues For the first time full case studies are included to illustrate extended research and evaluation examples In addition each chapter features an extended rumination written in a voice and style more emphatic and engaging than traditional textbook style about a core issue of persistent debate and controversy **Mindful Inquiry in Social Research** Valerie Malhotra Bentz,James Marlatt,Jeremy J. Shapiro,Luann Drolc Fortune,2025-04-29 The first edition of this classic text introduced researchers and students to a broad range of approaches that are grounded philosophically and are relevant to real contexts This new edition reflects developments in social research and changes in the global environment The authors broaden their conception of mindfulness and show how mindful inquirers can maximize positive outcomes for participants organizations communities and themselves The first five chapters describe the application of mindful inquiry and the following nine introduce cultures of inquiry and research traditions theories methods and techniques Chapters contain activities that provide immediate engagement with learning suggested readings and lists of skills for researchers **Books in Series, 1876-1949** R.R. Bowker Company,1982 **Learning Directory** ,1970
