## **Critique And Conviction Conversations With Francois Azouvi And Marc De Launay:**

*Critique and Conviction* Paul Ricoeur, François Azouvi, Marc B. de Launay, 1998 In the first of eight conversations Ricoeur traces the trajectory of his life recounting the origins of his convictions and the development of his intellect during the tragic events of the twentieth century Declaring himself the son of a victim of the First World War Ricoeur an orphan sketches his early years in the house of stern but loving grandparents and the molding of his intellect under the tutelage of Roland Dalbiez Gabriel Marcel and Andre Philip Ricoeur tells the intriguing story of his capture and five year imprisonment by the Germans during World War II when he and his compatriots fashioned an intellectual life complete with a library and lectures and when he amazingly was able to continue his dissertation research *Augustine and Postmodernism* John D.

Caputo, Michael J. Scanlon, 2005-03-10 Scanlon and Mark Vessey Indiana Series in the Philosophy of Religion Merold Westphal general editor *Ideology and Utopia in the Twenty-First Century* Stephanie N. Arel, Dan R. Stiver, 2018-11-23

This edited work is spurred by the 30 year anniversary of the groundbreaking work by Paul Ricoeur *Lectures on Ideology and Utopia* 1986 and the 40 year anniversary of the original lectures 1975 Ricoeur took these concepts that continue to be enormously important in social and political analysis and connected them in a uniquely intricate dance The ensuing interplay of these concepts provides a framework for a more deft and subtle evaluation than is common Little has been done to engage Ricoeur's skill in interpreting ideology and utopia or their creative tension perhaps due to his significant contributions in other areas When one combines Ricoeur's intricate analyses of ideology and utopia however with his contributions in other areas of philosophy such as hermeneutics anthropology embodiment and philosophy of religion one has fertile grounds for reflection in many directions The essays in this book draw on these resources not only to engage the strengths and weaknesses of Ricoeur's original work but they also expand his understanding in creative new directions such as the social imaginary embodiment gender theory immigration and extremist political rhetoric The text will bring to the fore how this aspect of Ricoeur's work has significance for the wider twenty first century political landscape Just as his original work this book provides much needed resources for critique of each term along with their relationship to one another while

recognizing the positive dimension of their function **The Rhetoricity of Philosophy** Blake D. Scott, 2024-08-02 This book aims to recast the way that philosophers understand rhetoric Rather than follow most philosophers in conceiving rhetoric as a specific way of speaking or writing it shows that rhetoric is better understood as a dimension of all human discourse and action what the author calls rhetoricity This book provides the first philosophical treatment of rhetoricity It is motivated by two ongoing developments The first is the debate between Alain Badiou and Barbara Cassin about philosophy's relation to rhetoric Both Badiou and Cassin are critical of rhetoric albeit for different reasons Second there has been a growing resurgence of interest in rhetoric considering the recent rise in authoritarian politics as well as new forms of propaganda driven by persuasive technologies This book identifies the common target of Badiou's and Cassin's otherwise incompatible

critiques rhetoric's conception of audience. It offers a fresh take on the new rhetoric project of Cha m Perelman and Lucie Olbrechts Tyteca putting their work into conversation with the Badiou Cassin debate. The book then turns to the hermeneutic philosophy of Paul Ricoeur in search of an expanded conception of audience. It shows that Ricoeur's hermeneutic philosophy allows us to extend Perelman and Olbrechts Tyteca's psychological notion of audience to texts themselves and to argue that human beings have a rhetorical capacity to reflect on audiences in search of what is potentially persuasive. *The Rhetoricity of Philosophy* will be of interest to scholars and advanced students working in contemporary European philosophy, rhetoric, argumentation studies and social theory.

What Does Theology Do, Actually? Phillip A. Jr. Davis, Daniel Lanzinger, Matthew Ryan Robinson, 2023-05-26. Exegesis has long been characterized by a broad disciplinary diversity but also ambiguity combining biblical studies, exegesis, early Jewish studies, early Christian studies, Ancient Near Eastern studies, Greco-Roman and classical studies in various ways. This is to say nothing of the more recent development of contextual and engaged exegesis as reflected in feminist liberation, postcolonial and queer Biblical exegesis. Furthermore, how and why scholars study the Bible varies not only across confessional or cultural contexts but across institutional academic contexts. The book engages these complex methodological questions about the interrelations of context, institutions and knowledge production in relation to such issues as religious belonging, ethnicity, political identity and postcolonial pasts among other issues of contemporary importance.

Was treibt Theologie eigentlich? Exegetische Forschung zeichnet sich seit langem durch eine gro e disziplin re Vielfalt aber auch Mehrdeutigkeit aus. Sie verbindet auf unterschiedliche Weise Bibelwissenschaft, Exegese, fr hnj dische Studien, fr hchristliche Studien, altorientalische Studien, griechisch r mische und klassische Studien. Ganz zu schweigen von der neueren Entwicklung einer kontextbezogenen und engagierten Exegese wie sie in der feministischen, befreiungstheologischen, postkolonialen und queeren Bibelexegese zum Ausdruck kommt. Dar ber hinaus variiert die Art und Weise wie und warum Forschende die Bibel untersuchen nicht nur zwischen konfessionellen oder kulturellen Kontexten sondern auch zwischen institutionellen und akademischen Kontexten. Der Band befasst sich mit diesen komplexen methodischen Fragen ber die Wechselbeziehungen zwischen Kontext, Institutionen und Wissensproduktion in Bezug auf Themen wie religi se Zugehrigkeit, Ethnizit t, politische Identit t, postkoloniale Vergangenheiten und andere Themen.

Dennett and Ricoeur on the Narrative Self Joan Mccarthy, 2007-07-17. A central issue in contemporary philosophy is the problem of the self. Is it some kind of real entity or a very convincing illusion? Drawing on the work of two leading philosophers, Daniel Dennett and Paul Ricoeur,

philosopher Joan McCarthy examines how each of these thinkers casts the self in narrative terms McCarthy begins with Dennett's naturalist objectivist account of the narrative self Specifically she considers Dennett's use of the language of computer programming and his version of the self as a kind of downloadable software package a useful theoretical fiction yet one that is not real in any scientifically acceptable sense She poses some objections to his naturalist approach to the problem of human selfhood Turning to Ricoeur she assesses his phenomenological hermeneutic account of the self as a culturally mediated narrative unity In comparing Ricoeur's concept of self as an embodied character as in a play or novel woven from the many plots of a single life to Dennett's neuroscientific model McCarthy ultimately finds Ricoeur's approach more comprehensive The key advantage of Ricoeur's interpretation is that it focuses not on things but on relationships between peculiarly human activities such as developing long term projects or making promises She criticizes Dennett's excessive objectivism as being too narrow to account for the richness and many faceted aspects of human life Finally she makes links with other contemporary scholars who are deploying theories of narrative selfhood in order to address questions of moral agency in a new light This new approach to ethical issues narrative ethics is currently the subject of much debate in bioethical literature **Acta Philosophica Fennica** ,1935 Phenomenological Inquiry ,2003 *Philobiblon* ,2003
