All Countries of the World, Vol. 1 John G. Wood,2022-11-24 Excerpt This work is simply as the title page states an account of the manners and customs of uncivilized races of men in all parts of the world Many travellers have given accounts scattered rather at random through their books of the habits and modes of life exhibited by the various people among whom they have travelled These notices however are distributed through a vast number of books many of them very scarce many very expensive and most of them ill arranged and it has therefore been my task to gather together in one work and to present to the reader in a tolerably systematic and intelligible form the varieties of character which develop themselves among races which have not as yet lost their individuality by modern civilization In this task I have been greatly assisted by many travellers who have taken a kindly interest in the work and have given me the invaluable help of their practical experience

Medical Brief ,1914 *Yoruba Medicine* Anthony D. Buckley,1985 According to the Yoruba of Western Nigeria most illness is caused by the activity of germs or tiny worms in the body which can be either controlled or expelled by the judicious use of herbal medicine This book is an unusual account and analysis of a series of conversations with Yoruba herbalists about the nature of their craft Buckley shows that Yoruba medicinal knowledge is systematically similar to ideas found in Yoruba social life and traditional religion and offers a paradigm for understanding Yoruba culture that plays a similar role to paradigms in western scientific thought *Studies in Santal Medicine and Connected Folklore* Paul Olaf Bodding,1925
