Crónica negra del siglo XX José María López Ruiz, 2003 **Crónica negra del siglo XX** José María López Ruiz, 2003
Crónica negra de la transición española (1976-1985) Eduardo Pons Prades, 1987 **Ciudad blanca, crónica negra**
Carlos del Frade, 2000 *Teatro II* Ramón del Valle-Inclán, 2025-07-22 Con este volumen cerramos nuestro proyecto de edición escénica del teatro de Valle Inclán. Se reúnen en este texto todas las obras que no incluimos entre las Farsas y esperpentos en 2021. A pesar de que la clasificación del teatro de nuestro autor siempre reviste problemas, todas las obras aquí reunidas comparten el espíritu mágico rural y ancestral que ha permitido a algunos críticos hablar del ciclo galaico del autor. Se recogen obras de la primitiva producción de Valle Inclán, desde el modernismo hasta otras que son coetáneas a la escritura de los grandes esperpentos, incluso posteriores a estos. Por tanto, este otro teatro de Valle nos permite asomarnos casi de un vistazo a su evolución estética desde el expresionismo galaico hasta el esperpento.

Cadáveres en el armario Osvaldo Di Paolo, 2011 Este libro indaga el auge de la novela negra y del cine negro inspirado en hechos reales desde 1994 hasta el presente. El resurgimiento del policial coincide con el gobierno de Carlos Saúl Menem y las medidas de ajuste estructural que se realizan para introducir a la Argentina en una economía globalizada. La pobreza, la inseguridad y la violencia predominan en la sociedad argentina y muchas novelas detectivescas basadas en asesinatos de la vida real aparecen en 1994. Consiguientemente, el texto explora la historia de cada asesinato partiendo de su nota periodística e investiga las sucesivas transformaciones en cuentos, novelas, una serie de televisión y un film. Mientras que los reportes de los diarios sobre los homicidios siguen las tendencias de la prensa sensacionalista, los escritores y directores de cine y televisión transforman los sucesos siguiendo o subvirtiendo las características del policial clásico o de la novela negra. Estas recreaciones de los asesinatos tienen la intención de denunciar o criticar aspectos específicos de la sociedad argentina: violencia doméstica, discriminación, estigmatización y corrupción, entre otros.

La ciudad interrumpida Julià Guillamon, 2019-05-22 Una obra precursora que muestra las primeras sombras del modelo Barcelona. Una crónica de veinticinco años de Barcelona entre la contracultura y los Juegos Olímpicos, a partir de la arquitectura, el diseño, el periodismo, el arte, el cine, la fotografía, el cine, las costumbres urbanas y sobre todo la literatura. Novelas y cuentos nos guían por la Barcelona de los años sesenta y setenta, pero querida. Asistimos a su transformación en una ciudad planificada por los poderes públicos y los capitales internacionales. Con la llegada del turismo de masas se ha convertido en una referencia en el mundo global, pero muchos habitantes le han dado la espalda. Publicado en catalán en 2001, es al mismo tiempo un testimonio personal, un libro de crítica literaria y un documento de historia de la cultura. Una obra que puso en evidencia la distancia entre la ciudad y sus creadores. Ahora incorpora un nuevo ensayo que pasa revista a los últimos quince años de ficciones urbanas.

representatives of five South American intelligence services held a secret meeting in the city of Santiago Chile At the end of the gathering the participating delegations agreed to launch Operation Condor under the pretext of coordinating counterinsurgency activities sharing information to combat leftist guerrillas and stopping an alleged advance of Marxism in the region Condor however went much further than mere exchanges of information between neighbours It was a plan to transnationalize state terrorism beyond South America This book identifies the reasons why the South American military regimes chose this strategic path at a time when most revolutionary movements in the region were defeated in the process of leaving behind armed struggle and resuming the political path One of Condor s most intriguing features was the level of cooperation achieved by these governments considering the distrust animosity and historical rivalries between these countries armed forces This book explores these differences and goes further than previous lines of inquiry which have focused predominantly on the conflict between Latin American leftist guerrillas and the armed forces to study the contribution made by other actors such as civilian anticommunist figures and organizations and the activities conducted by politically active exiles and their supporters in numerous countries This broader approach confirms that the South American dictatorships launched the Condor Plan to systematically eliminate any kind of opposition especially key figures and groups involved in the denunciation of the regimes human rights violations **Sevilla en negro** Juan Luis Contreras,2011

radicales de toda índole como a miembros de las fuerzas y cuerpos de seguridad del Estado en ocasiones más partidarios de desatar la represión que de servir a la nascente democracia Este libro explora además de las motivaciones y las prácticas de todos los actores implicados en la violencia la reforma del sistema represivo franquista afectada por el recurso a la tortura o a la guerra sucia contra un terrorismo creciente Sophie Baby estudia igualmente con magistral pericia el peso de los imaginarios políticos y sociales en una España traumatizada por un pasado doloroso de perdida y represión que reactiva el uso de la violencia De esta forma al colocar la violencia y su memoria en el centro del análisis la autora construye una nueva interpretación de este periodo crucial de la historia de España

El peso del pesimismo Rafael Núñez

Florencio,2013-03-11 La historia de España ha sido presentada a menudo en términos de ocaso frustración y excepcionalidad Desde fines del siglo XX se impone el paradigma contrario una práctica comparativa que nos asimila al resto de Europa y trueca la diferencia por normalidad No obstante persisten como fantasmas que se resisten a desaparecer pulsiones negativas que se traducen en crítica despiadada del presente escasa autoestima y manifiesta desconfianza en nuestro futuro La realidad española ha sido contemplada sistemáticamente con un cristal oscuro y posiblemente distorsionador hasta el punto de que los más negros augurios han condicionado nuestro camino Es el peso del pesimismo en nuestra historia reciente algo más de un siglo un periodo que empieza con sensación de decadencia insondable continúa con la estimación de continuos fracasos los desastres del 98 1909 1921 contempla la vida nacional como esperpento se sume en el despedazamiento fratricida de la guerra civil se lame luego las heridas complaciéndose en las nociones de fiasco colectivo y trayectoria errada y termina poniendo en cuestión hasta los éxitos reconocidos por los demás el desencanto en el proceso de transición a la democracia El pesimismo aparece así como una sombra ominosa que marca la reflexión de unas élites y se proyecta sobre el conjunto de la nación

El sueño del porvenir José Luis Castán Esteban, Ma Lourdes Alcalá

Ibáñez,2021-11-30 La provincia de Teruel despertó de su letargo durante el primer tercio del siglo XX La sociedad demandaba los cambios necesarios para adaptarse a una sociedad en transformación Los maestros lograron gracias al Estado escapar del caciquismo y de la pobreza se consolidaron como un grupo social estable y cada vez más respetado En este libro describiremos cómo los cambios en la economía en la política y en las configuraciones sociales producidas desde 1900 a 1931 algunos lentos y con dificultades confluyeron en la conciencia colectiva de regeneración docente rural La escuela turolense tuvo el freno de la incapacidad financiera en primer lugar de los ayuntamientos y posteriormente del gobierno nacional para consolidar muchas de las disposiciones legales en la que se sustentaba la Enseñanza Primaria Pero a pesar de estas dificultades la labor continuada de centenares de maestros y maestras a lo largo de casi un siglo contribuyó decisivamente a consolidar la escuela primaria en el medio rural Los maestros dejaron de ser una carga económica para los ayuntamientos y las escuelas un lugar insalubre para los niños Unos y otras se convirtieron en pilares fundamentales para el progreso de los pueblos Los maestros más cultos y mejor pagados con el apoyo de la Inspección de Educación consiguieron alfabetizar a una
