Crop Art And Other Earthworks:

Crop Art Stan Herd, 1994-03-01 On many levels from intellectual to spiritual my life seems to have been a search from a middle ground between the ideas and ideals separating the country from the city **Art and Laughter** Sheri Klein, 2006-11-22 This is the first book to take seriously though not too seriously the surprisingly neglected role of humour in art Art and Laughter looks back to comic masters such as Hogarth and Daumier and to Dada Surrealism and Pop Art asking what makes us laugh and why It explores the use of comedy in art from satire and irony to pun parody and black and bawdy humour Encouraging laughter in the hallowed space of the gallery Sheri Klein praises the contemporary artist as clown often overlooked in favour of the role of artist as serious commentator and takes us on a tour of the comic work of Red Grooms Cary Leibowitz The Hairys Richard Prince Bruce Nauman Jeff Koons William Wegman Vik Muniz and many more She seeks out those rare smiles in art from the Mona Lisa onwards and highlights too the pleasures of the cute the camp and the downright kitsch Earthworks and Beyond John Beardsley, 1998 The third edition updated and expanded survey of the influential Land Art Movement details the most recent and interesting efforts by artists often in collaboration with architects and city planners to transform ravaged landscapes and desolate cityscapes into pleasure giving parks and artworks 210 illustrations 80 in full color Kansas Murals Lora Jost, Dave Loewenstein, 2006 Complete listing and history of murals in Kansas today with each mural illustrated **The Aesthetics of Natural Environments** Allen Carlson, Arnold Berleant, 2004-02-10 The Aesthetics of Natural Environments is a collection of essays investigating philosophical and aesthetics issues that arise in our appreciation of natural environments The introduction gives an historical and conceptual overview of the rapidly developing field of study known as environmental aesthetics The essays consist of classic pieces as well as new contributions by some of the most prominent individuals now working in the field and range from theoretical to applied approaches The topics covered include the nature and value of natural beauty the relationship between art appreciation and nature appreciation the role of knowledge in the aesthetic appreciation of nature the importance of environmental participation to the appreciation of environments and the connections between the aesthetic appreciation of nature and our ethical obligations concerning its maintenance and preservation This volume is for scholars and students focussed on nature landscapes and environments individuals in areas such as aesthetics environmental ethics geography environmental studies landscape architecture landscape ecology and the planning and design disciplines It is also for any reader interested in and concerned about the aesthetic quality of the world in which we live **New Westers** Michael L. Johnson, 1996 These New Westers Johnson reveals line dance and two step listen to Garth Brooks and George Strait drink beer from long neck bottles wear clothes ordered from Sheplers watch rodeo on ESPN play Wild West arcade games eat fajitas and tacos in stuccoed Mexican cafes collect Western art and Native American crafts and vacation in and move to the West New Westers rewrite the history and biography of the West They reimagine the West in Cowboy sagas and poetry

Native American novels Mexican American drama nature writing revisionist films eclectic visual artwork and neo traditional music They flock to movies like *Thelma and Louise* *Unforgiven* and *Dances with Wolves* watch mini series like *Lonesome Dove* and read bestsellers like *The Crossing* and *All The Pretty Horses* New Westers are men and women who may or may not have ever hitched up a horse but who crave connection with the West At the end of a century of urbanization technological change and cultural confusion they seek a more natural home a fuller and wider sense of place and a deeper and more colorful personal identity They also want to revive the dream of the mythic West but on different terms They overrun the Old West and yet strive to preserve it raising troubling new concerns about the differences between the mythic and the real between traditional and contemporary cultural influences
