**Pamela Abbott, Roger Sapsford**

## **Cross Class Families A Study Of Wives Occupational Superiority:**

Cross-class Families Susan McRae,1986 What happens to a marriage when the wife is a professional and the husband is a manual worker Cross Class Families takes a keen look at families that break with the convention of male occupational superiority Key issues addressed by the families studied include paid work and its relation to family life the division of household labor including childcare responsibility for long term financial security and the impact of differences in status class position political preference choice of friends and attitudes toward trade unions *Readings in Family Theory* Thomas R. Chibucos,Randall W. Leite,David L. Weis,2005 Readings in Family Theory is an anthology of classic and contemporary articles that provides a context for student learning by demonstrating how theory fits into the overall process of scientific research on families The book provokes student interest in theory by providing examples of the scholarly application of family theory to compare how people use similar processes in everyday life Using this contextual orientation the selected readings examine nine prevalent theoretical perspectives from both family and human development sciences *Women's Occupational Mobility* Shirley Dex,1987-02-20 Information about women s occupational mobility is required to resolve issues about women s role in class analysis about theories of the operation of labour markets and for understanding changes in the industrial structure This book addresses the questions of how women move between jobs over their lifetime how much downward occupational mobility they experience and how many recover their status after downward moves Results of exciting new data are integrated with current theoretical problems to make this book widely relevant to academics policy makers and women s groups Women And The Life Cycle Teresa Keil,Patricia Allatt,2016-01-06 **Gender and Society** Mr. Rohit Manglik,2024-03-22 EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources Specializing in competitive exams and academic support EduGorilla provides comprehensive and well structured content tailored to meet the needs of students across various streams and levels

**Divided Time** Richard Layte,2018-12-17 Published in 1999 Housework and child care are a major part of most peoples lives The growth of part time work amongst women is just one example of the way our economy is structured to accommodate this fact Yet very little research has been done on this subject in Britain and what little has been done tends to be small scale and impressionistic This book examines how couples divide their time between domestic and paid work and the effect that tensions between the two can have It provides valuable evidence on how domestic work is organized and why when women are more likely to be employed than not men have not increased their share of domestic work Representative evidence is combined with previous small scale research to show how private troubles are related to massive social and economic changes in British society Evidence of this sort has never been presented before in the British context

**Marriage, Domestic Life and Social Change** David Clark,2019-10-07 Marriage Domestic Life and Social Change brings together leading writers on marriage and the family in a tribute to the life and work of Jacqueline Burgoyne a major

figure in family studies      **Handbook of Studies on Men and Masculinities** Michael S. Kimmel, Jeff Hearn, Raewyn Connell, 2005 In the past research in the field of gender has mainly addressed issues about women and has for the most part been developed by women Recently the study of gender has rapidly expanded and there has been a growing interest in men's and boys' identities, conduct and problems The Handbook of Studies on Men and Masculinities is an interdisciplinary and international culmination of the growth of men's studies that also offers insight about future directions for the field The Handbook provides a broad view of masculinities primarily across the social sciences with the inclusion of important debates in some areas of the humanities and natural sciences The various approaches presented in this Handbook range across different disciplines, theoretical perspectives, methodologies and conceptualizations in relation to the topic of men Editors Michael S. Kimmel, Jeff Hearn and Robert W. Connell have assembled an esteemed group of contributors who are among the best known experts in their particular fields The Handbook of Studies on Men and Masculinities examines the construction of masculinities in four different frames: the social organization of masculinities in their global and regional iterations; the institutional reproduction and articulation of masculinities; the ways in which masculinities are organized and practiced within a context of gender relations; and the ways in which individual men express and understand their gendered identities The Handbook is organized in a way that moves from the larger global and institutional articulations of masculinities to the more intimate and personal expressions The Handbook of Studies on Men and Masculinities provides scholars, researchers and students with the most current incisive scholarship available for the men's studies area of gender studies It is a vital resource for those interested in the practical or cultural issues about men, boys and gender as well as an excellent addition to any academic library      *Journal of Social and Behavioral Sciences*, 1988      *Women's Studies Journal*, 2002      **Families and Households** Catherine Marsh, Sara Arber, 1992-01-27      **Women and Social Class** Pamela Abbott, Roger Sapsford, 1987 The authors of this text set out to review current perspectives in social class analysis and also to demonstrate that research cannot be valid without the inclusion of data on women      **Choice**, 1986      **Sexualities and Society** Jeffrey Weeks, Janet Holland, Matthew Waites, 2003-01-17 This is a selection of recent scholarship on human sexualities from a range of disciplinary perspectives Addressing sexualities in global perspective the volume introduces some of the most exciting texts in the field bringing together a collection of contemporary research      **Annual Review of Sociology**, 1994

**Whitaker's Books in Print**, 1990      Sociological Abstracts Leo P. Chaff, 1990 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1,800 serials publications and also provides abstracts of books, book chapters, dissertations and conference papers      Asian Journal of Women's Studies, 2006

*British Book News* British Council, 1985      *Sociology* John J. Macionis, 1993 The title says it all This tenth edition of the best selling Sociology is a comprehensive book and multimedia package that offers readers a global perspective to help them

better understand their own lives provides a strong focus on social diversity that allows them to see the impact of race class and gender and focuses on critical thinking With technology integrated throughout this new edition features hundreds of new research citations as well as recent data from Census 2000 to present a cutting edge picture of life both in the United States and around the world Covering all aspects of sociology this book describes sociological investigation culture society interaction in everyday life groups and organizations deviance sexuality social stratification social class in the United States global inequality gender stratification race and ethnicity aging the economy politics and government family religion education health and medicine population and urbanization collective behavior and social movements and social change An excellent resource for professionals in the field of sociology this book is also an excellent read for non academic hobbyists and life long learners
