Crosscurrents Mark William Charlton, Paul Barker, 2005      Crosscurrents Christa Sieglinde Scholtz,      *Crosscurrents 1*  
Mark Charlton, Paul Barker, 1991      **Crosscurrents** Mark Charlton, Paul Barker, 1994      *Encyclopedia of Social Welfare History in North America* John M. Herrick, Paul H. Stuart, 2005 This encyclopedia provides readers with basic information about the history of social welfare in Canada Mexico and the United States The intent of the encyclopedia is to provide readers with information about how these three nations have dealt with social welfare issues some similar across borders others unique as well as to describe important events developments and the lives and work of some key contributors to social welfare developments      *Political Candidate Selection* Jeanette Ashe, 2019-12-05 The secret garden of politics where some win and others lose their candidate selection bids and why some aspirant candidates are successful while others fail have been enduring puzzles within political science This book solves this puzzle by proposing and applying a universally applicable multistage approach to discover the relationship between selection rules selectors biases aspirants attributes and selection outcomes Rare party and survey data on winning and losing candidates and insider views on what it takes to win a selection contest at multiple selection stages are compared and used to reveal the inner workings of the secret garden With a primary focus on the British Labour party over several elections the findings challenge many long held assumptions about why some aspirant candidate types are successful over others and provides real world and controversial solutions to addressing women s and other marginalised groups descriptive underrepresentation As such it provides a much needed fresh look at party selection processes and draws new conclusions as to why political underrepresentation occurs and should inform policies to remedy it This text will be of key interest to scholars and students of gender and ethnicity in politics political parties and candidate selection and more broadly to the study of political elites comparative politics sociology labour studies gender race and disability studies and to practitioners      **Canadian Conservative Political Thought** Lee Trepanier, Richard Avramenko, 2023-03-24 This book corrects an imbalance in Canadian political literature through offering a conservative account of Canadian political thought Across 15 chronologically organized chapters and with a mixture of established and rising scholars the book offers an investigation of the defining features and characteristics of Canadian conservative political thought asking what have Canadian conservative political thinkers and practitioners learned from other traditions and in turn what have they contributed to our understanding of conservative political thought today Rather than its culmination Canadian Conservative Political Thought will be the beginning of conservative political thought s recovery and will spark debates and future research The book will be a great resource for courses on Canadian politics history political philosophy and conservatism Canadian Studies and political theory      **Separate but Unequal** Frances Widdowson, 2019-11-05 Separate but Unequal provides an in depth critique of the ideology of parallelism the prevailing view that Indigenous cultures and the wider Canadian society should exist separately from one another in a nation to nation relationship Using the Final

Report of the Royal Commission on Aboriginal Peoples as an example this historical and material analysis shows how the single minded pursuit of parallelism will not result in a more balanced relationship between Indigenous and non Indigenous peoples On the contrary it merely restores archaic economic political and ideological forms that will continue to isolate the Indigenous population This book provides an alternative framework for examining Indigenous dependency This new perspective the political economy of neotribal rentierism shows that Indigenous Peoples circumstances have been inextricably linked to the development of capitalism in Canada While Indigenous Peoples were integral participants in the fur trade the transition from mercantilism to industrial capitalism led to their marginalization This book is published in English

Separate but Unequal fournit une analyse approfondie de l'idologie du parallélisme la vision dominante selon laquelle les cultures autochtones et la société canadienne en général devraient vivre séparément les unes des autres dans une relation de nation-nation En s'appuyant sur le rapport final de la Commission royale sur les peuples autochtones cette analyse historique et matérielle montre que les propositions parallèles visant accroître l'autonomie des Autochtones dans tous les aspects des politiques publiques ne se solderont pas en une relation plus équilibrée entre peuples autochtones et non autochtones tant donné qu'elles ne font que rétablir des formes économiques politiques et idéologiques archaïques qui continueront d'isoler la population autochtone Elle propose de recadrer la question de la dépendance autochtone en ayant recours la notion de rentierisme néotribal Ce cadre d'économie politique met en lumière le fait que les conditions des peuples autochtones ont été inextricablement liées au développement du capitalisme au Canada Ce livre est publié en anglais

Shifting Boundaries Tim Schouls, 2011-11-01 Canada is often called a pluralist state but few commentators view Aboriginal self government from the perspective of political pluralism Instead Aboriginal identity is framed in terms of cultural and national traits while self government is taken to represent an Aboriginal desire to protect those traits Shifting Boundaries challenges this view arguing that it fosters a woefully incomplete understanding of the politics of self government Taking the position that a relational theory of pluralism offers a more accurate interpretation Tim Schouls contends that self government is better understood when an identification perspective on Aboriginal identity is adopted instead of a cultural or national one He shows that self government is not about preserving cultural and national differences as goods in and of themselves but rather is about equalizing current imbalances in power to allow Aboriginal peoples to construct their own identities In focusing on relational pluralism Shifting Boundaries adds an important perspective to existing theoretical approaches to Aboriginal self government It will appeal to academics students and policy analysts interested in Aboriginal governance cultural studies political theory nationalism studies and constitutional theory

**The Canadian Federal Election of 2021** Jon H. Pammett, Christopher Dornan, 2022-09-15 Media pundits and students of Canadian politics alike have strived to interpret the relevance of the 2021 federal election held in the midst of a global pandemic and reinforcing the existing parliamentary balance of power This timely volume explains the election's import offering an insightful account of Canadian democracy in

an age of increasing rancour and polarization and explaining why the Liberals did not win a majority government In a unique collaboration some of the country's most distinguished political scientists pollsters and journalists examine the parties issues machinery and media of Canadian electoral politics teasing out the complexities and nuances of what was seen to be a premature federal election The Canadian Federal Election of 2021 analyzes the campaigns of the major parties and the patterns of voting behaviour A special feature of this book is its focus on issues of diversity and difference in the partisan theatre the voting patterns of gendered Indigenous and newly immigrant Canadians as well as the millennial generation These chapters offer important lessons for the present and for the election to come A must read for students journalists those working at affiliated think tanks and institutes and engaged citizens this thoughtful expos will interest international observers and anyone following the Canadian political landscape

Crosscurrents Contemporary Political Issues: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have captivated audiences this year. Crosscurrents Contemporary Political Issues : Colleen Hoover "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Crosscurrents Contemporary Political Issues : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Crosscurrents Contemporary Political Issues : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
